

WAR PLANS AWAIT ACTION BY CONGRESS

BOTH HOUSES DEBATE RESOLUTION TODAY

SENTIMENT IN FAVOR OF MEASURE ALMOST UNANIMOUS

Enactment of War Measure Not Later Than Thursday Confidently Forecast—Wilson and Cabinet Go Over War Plans At Two-Hour Session—Defense Council Develops Policies and Details of Momentous Concern.

WASHINGTON, April 3.—War plans—military, economic and financial—for aggressive hostilities against Germany, were rushed forward today by the administrative branch of the government and only await action by congress on a war resolution to be put into execution.

Forecast Enactment of Measure

Enactment of the resolution not later than Thursday was confidently forecast at the capitol after a delay of 24 hours had been caused in the senate by Senator LaFollette's objection to its immediate consideration. Debate will begin in both houses tomorrow with action before adjournment probable. Sentiment in favor of the resolution is almost unanimous and the only question is how much time shall be devoted to speech-making.

President Wilson and his cabinet went over the war plans at a two hour session and previously the national defense council, with its civilian advisory commission and several subsidiary organizations developed policies and details of momentous concern to the nation. Meanwhile the war and navy departments were going ahead with the most immediate preparations for defense.

Plans Under Preparation

Already the navy has taken steps to insure co-operation between the American fleet and those of the entente allies, to become effective upon the formal entry of the United States into the war. The most important plans under preparation by the administration include:

Enlistment by selective conscription of young men for a national army in addition to the regular establishment and national guard in increments of 500,000 until enough have been trained to make certain the defeat of Germany.

Organization of the nation's commercial interests for economical and effective distribution of commodities among to civilian population.

Rapid provision of adequate means of combatting the submarine menace.

The raising of a very large sum of money, as much as possible to be obtained by taxation and the definite amount of the first budget not to be fixed until the exact needs of the army and navy to receive insignia tented allies are ascertained.

Purchase of supplies and equipment of all kinds for the army under a provision of law which allows the secretary of war to fix a reasonable price, and

Division of the young men of the country into service classes, those needed more in industries than in the army or navy to receive insignia showing they are performing duty equivalent to fighting.

Require Authorization

Most of these plans will require the authorization of congress, but from opinions expressed at the capitol it is believed that once the war resolution is adopted further legislation to empower the executive branch to go full speed ahead will follow quickly.

The council of national defense, composed of Secretaries Baker, Lane, Daniels, Wilson, Houston and Redfield, following a conference with its advisory commission, decided to name soon a commercial economy board to organize the commercial interests of the nation for effective distribution of all necessary commodities among the people generally. Its aim will be to deal ahead of time with problems of war time distribution.

The council, all of whose members later attended the cabinet meeting, decided to confer every day this week with the possible exception of tomorrow.

Its activities, which have to be approved by the president and in some cases by congress, have begun to reach into every problem aimed to make the United States most efficient in its conduct of war.

Consider Ways of Raising Money. Tentative ways in which the great sums of money needed by the government may be raised are in course of preparation and were gone over thoroughly at the cabinet meeting. The revenue making power, however, lies entirely with congress and the executive can only advise.

In line with the president's suggestion to congress in his address that the present generation bear as much of the financial burden as possible, the ways of providing money under consideration today included increasing the excess profits tax, lowering the minimum for exemptions and increasing the law, super-tax under the income tax law, increasing internal revenue taxes on some articles, placing stamp taxes on some articles not now included. The general idea is to place taxation most heavily on those best able to pay.

MOST OF PACIFISTS LEAVE WASHINGTON

Incoming Trains Bring More "Pilgrims of Patriotism"

Several Urge Senators and Representatives to Stand Behind the President—Remaining Pacifists Busy on Capitol Hill

Washington, April 3.—Most of the pacifists who came to Washington under the guidance of the emergency peace federation to protest against war had returned to their homes tonight, convinced that their efforts were useless.

Incoming trains, however brought more "Pilgrims of Patriotism." Several arrived from cities in the middle west and promptly went to the capitol to urge their senators and representatives to stand behind the president.

Remaining Pacifists Busy

The remaining pacifists were busy on Capitol Hill, too. They continued to make the rounds of the house and senate office buildings, seeking to pledge their votes against the war resolution asked by President Wilson. They tried to see the president but were told he could not receive them.

Printed declarations in which the signed pledged themselves not to enlist in the armed forces of the United States were circulated about the streets and each senator and representative received a copy of the resolutions adopted at the peace mass meeting last night.

The headquarters of the emergency peace federation in a Pennsylvania avenue store was raided several times during the day by citizens and national guardsmen who demanded that the place be closed, declaring its occupants were engaged in a campaign of sedition.

During one of the demonstrations a guardsmen threw a pail of yellow paint over the plate glass window in front. Then the police were appealed to and during the remainder of the day two patrolmen were on duty at the door. Despite this protection, the pacifist leaders decided to abandon a meeting scheduled to be held in the headquarters tonight and repaired to a room in an office building to discuss their plans.

Charles Bannwart of Boston who was arrested yesterday after engaging in a fight with Senator Lodge of Massachusetts and several other persons was discharged by the police today when he declared he had changed his views after reading the president's address and Senator Lodge's endorsement of the war. Later Bannwart went to pacifist headquarters to urge support of the president. His remarks met no favorable response and he soon departed.

The "Pilgrims of Patriotism" celebrated today with a luncheon in a local hotel at which the speakers, including Prof. Henry W. Farnham of Yale, Rear-Admiral Charles H. Stockton and others delivered patriotic addresses.

ROOSEVELT STOPS AT WHITE HOUSE

Colonel Leaves His Card When He Finds the President is at Work in the Executive Offices.

Washington, April 3.—Colonel Roosevelt on his way home from Florida made a flying trip to the white house between trains to congratulate President Wilson on his address to congress. When he found the president was at work in the executive offices he would not send in his name but left his card with the chief usher and rushed back to the railroad station.

Before resuming his journey however, the former president dictated a statement declaring Mr. Wilson's message a great state paper and expressing the hope that he would be allowed to raise a division for immediate service at the front.

White house attaches were greatly disappointed because the colonel could not wait to see the president. Secretary Tumulty issued this statement:

"We were pleased and gratified by Colonel Roosevelt's visit."

CAPTAIN AND NAVAL OFFICER REACH PARIS

WASHINGTON, April 3.—Ambassador Sharp cabled the state department tonight that Captain O'Brien of the torpedoed American Steamer Agate and Lieutenant Gresham who commanded the guard of twelve bluejackets aboard the vessel arrived tonight at Paris.

The message said details would follow and made no mention of other survivors. French admiralty dispatches received by the French embassy last night, however, said apparently all the naval sailors had been rescued and that eleven members of the ship's crew still were unaccounted.

MAKE RAPID PROGRESS IN MOBILIZING WOMEN.

Washington, April 3.—Rapid progress in mobilizing the "woman power" of the country for war service, was reported here today at the first general conference of the national league for woman's service. The services of the league were pledged to President Wilson and the conference issued a call to women not only to enroll to take the places of men in war time but to encourage men to enlist in the army and navy.

PLAN TO RAISE ARMY BY CONSCRIPTION

Administration Works Out Detailed Scheme to Register Eligibles

AGE LIMITS ARE FIXED

Eligibles Will Be Examined Physically and Those Found Fit Will Be Selected

NEED MORE THAN 500,000

WASHINGTON, April 3.—Administration plans for raising an army on the principle of universal liability to service, to be submitted to congress as soon as the pending war resolution is adopted are based on selective conscription of young men to be summoned to the colors as rapidly as they can be trained and officered. A detailed scheme for the registration of eligibles has been worked out.

After married men, others with dependents and those whose service is required in industries which have been exempted, men within the age limits fixed will be examined physically and those found fit will be selected, possibly by lot until the first 500,000 to be trained are secured. It was made clear today that 500,000 is nowhere near the limit needed. Others will be trained as rapidly as possible by officers from the regular army, national guard and officers reserve corps.

Maximum and minimum age limits for the first call are fixed in the administration plan, but will not be made public until it is presented to congress. In recent discussions a minimum of 18 years and a maximum of 23 years have been mentioned.

Preliminary military steps possible under existing laws were added today to those already taken. They included direction by Secretary Baker that the first class at the West Point Military academy be graduated April 20, supplying 125 highly trained young officers.

A navy department it was announced that steps have been taken to insure close co-operation between the American fleet and those of the entente allies when the necessary authorities have been granted. Standardization of the munitions industry will be one of the first direct steps taken under direction of the national defense council.

A continuous and adequate flow of weapons and ammunition of all kinds will be insured not only for the American forces, but to the entente allies.

The national defense council has been planning to recommend legislation to standardized price for army supplies and munitions, but it has been discovered that under the national defense act of June 2, 1916, the supplying of all kinds of material is made obligatory on all firms and individuals at a "reasonable price to be determined by the secretary of war."

So far firms generally have indicated entire willingness to co-operate with the government.

Only a big move in preparation for war remains to be made in the navy department. That is mobilization of the naval militia and the various classes of the naval reserve. The former will go to the reserve ships of the line, filling out skeleton crews and making the ships ready for action. From the latter will come the men for the coast patrol and submarine chaser services as well as additional men for line ships. It seems probable that unless sufficient volunteers respond promptly the universal service system may be invoked to fill up the navy's ranks.

Bids were opened at the war department today for 16-inch rifles to go in the coast defenses. The Bethlehem Steel company was the only bidder, offering two or four guns complete at \$225,000 each, or without breech mechanism at \$215,000 each.

In connection with the army plans it was pointed out today that under the present national defense act the national guard can be brought to its full war strength by draft. The force has an authorized total strength of 440,000 and its present strength is about 160,000. Orders to muster out men with dependent families and those in the government service or at work on government contracts may reduce this number considerably.

It is not known whether the war department contemplates any change in the present status of the guard. These troops would not be available for service in Europe under existing law and in addition the full number may be required for police work at home.

The authorized strength of the regulars is about 300,000 men of all branches. That service, unless a change is made in the law, would be filled up with volunteers.

TORPEDO BRITISH SHIP; ONE AMERICAN KILLED

Fifteen Survivors of Stanley Reach New York

Assert U-Boat Fired on Them With Deck Gun When Men Were Entering Boats—One Hundred and Ten Missing From Two Other British Ships.

New York, April 3.—The British steamship Stanley from Newport News, March 7 with a cargo of grain for Cherbourg was sunk by a German submarine without warning on March 21, and five members of her crew killed. Fifteen survivors of the ship reached here today on the steamship Port Albany. Two other members of the crew, one an American, died of exposure in open boats.

One of the small boats containing the captain and eighteen more men had not been heard from by the men arriving today, and they fear it was lost.

When torpedoed the Stanley was nearing the Irish coast, and as the men were taking to the boats, the submarine fired upon them and the ship with a deck gun, the survivors asserted. The men killed by the explosion of the torpedo were three engineers and two firemen.

Only One American Aboard

Newport News, Va., April 3.—Frank Burns, a white fireman of Newport News, was the only American on the British Steamer Stanley according to available shipping records here.

One Hundred and Ten Missing

New York, April 3.—One hundred and ten persons, including two women and one baby, are missing from two British steamships, the Trevoz and the Alnwick Castle, each torpedoed without warning by German submarines. There were no Americans on either vessel.

Twenty four survivors, six of them passengers, arrived here today on the French steamship Venezia of the Fabre Line which rescued them at sea after they had been adrift four days and four nights, during which five other men died from exposure. Besides these five two of the crew of the Trevoz were killed by an explosion.

Trevoz Sunk March 18

The Trevoz, a freighter, five of whose crew reached here on the Venezia, was sunk March 18 when twelve days out from New Castle, England, with coal for Alexandria, Egypt. George Grey, steward, of South Shields, one of the survivors, said the U-boat captain sent a torpedo into the Trevoz at 10:30 A. M. The explosion did not sink the ship immediately and the surviving twenty five men took to the boats. About a half hour later, Grey said, the submarine sent a crew to the Trevoz, which disposed of the ship with a bomb.

In their boats the crew drifted until night when the Alnwick Castle appeared. They had been on this vessel only twelve hours when she was torpedoed by an unseen U-boat. The Alnwick Castle was going from London to Cape Town and carried 100 head of blooded cattle for South Africa. Beside a crew of 100, she had five cabin and nine steerage passengers.

The Alnwick Castle was 200 miles at sea when disaster came at 6:30 A. M. The 139 persons aboard included the Trevoz's crew of twenty five and among the Alnwick's passengers were one woman and her three months old child. The other woman on board was the stewardess.

U-Boat Watches Ship Founder

"All our six boats were launched," reads a statement by Captain Chave of the Alnwick Castle, "and the ship sank in twenty five minutes. The submarine emerged and watched the vessel founder slowly by the head and then went off after another steamship which we could see about four miles to the east."

"Shortly after we saw this steamer blow up and later we sailed thru the debris and wreckage, but saw no signs of her boats."

All that day the boats kept together, Captain Chave said, but during the night they became separated. In number one boat with the skipper were seventeen of his own crew, six of the passengers, and five of the Trevoz's crew. Their rations consisted of less than one week's supply of biscuit, one can of condensed milk and two small breakers of water. Careful disbursement of these supplies were made twice a day. Gales disabled the rudder, blew away the sail and mast, both of which were, however, recovered.

Constant labor, shortage of water and lack of sleep together with bitterly cold winds, caused some of the men to become delirious. Two men died and later these more succumbed whose bodies remained in the boat because the survivors were too exhausted to leave. The men in the life boat were too exhausted to aid in their own rescue, Captain Chave's written statement given out here is headed "German Warfare."

MOBILIZING OHIO WOMEN.

Cleveland, O., April 3.—Miss Kate Davis of East Cleveland, today began mobilizing Ohio women to prepare to take the place of men in industrial pursuits in case of war. She expects to recruit 300,000 women in the city and fully a million in the state. She has been appointed for this service by Secretary of Labor Wilson as a member of the Federal Board for emergency service.

SPRINGFIELD DRY BY 458 MAJORITY

WOMAN VOTE OVERCOMES PLURALITY FOR SALOONS

Two Hundred and Fifteen Saloons In Capital Will Go Out of Business May 3—Drys Win Eight Other Towns in State—Dozen Towns Vote to Remain Dry.

CHICAGO, April 3.—Local option elections were carried by the drys in a score of Illinois towns today. Springfield barred saloons from the capital of the state by a majority of 458 votes rolled up by woman voters to overcome a plurality of 1,877 for saloons given by the men.

With Springfield the drys won eight other wet towns to their ranks: Clear Lake, Sangamon county; Atkinson, Henry county; making the entire county dry; Danforth, Iroquois county; Gold, Bureau county; Highland, Grundy county; Lake, Clinton county; Union, Livingston county; Wauconda, Lake county.

Goode, Franklin county and Vernon, Lake county went back to saloons after a period of prohibition. A dozen towns voted to remain dry.

Springfield Women Reverse Decision.

Springfield, Ill., April 3.—By a majority of 458 votes Springfield today went into the dry column after an uninterrupted wet regime. Two hundred and fifteen saloons will, as a result, go out of business May 3.

Total unofficial vote was:

Dry—10,791.

Wet—10,333.

Reversing their decision of three years, the women rolled up a dry majority of 2,335. Their vote today was:

Dry—6,072.

Wet—3,737.

In 1914 the women contributed 278 votes to the wet majority.

The men voted today as follows:

Dry—4,719.

Wet—6,569.

Springfield will be the largest dry city in Illinois. General surprise was expressed at the result.

Clear Lake Township Dry

Riverton, Ill., April 3.—Clear Lake township, Sangamon county, in which this place is located, was voted dry today, abolishing eight saloons.

The majority was 318.

Pawnee Votes Dry

Rice Land Township Dry

Shelbyville, Ill., April 3.—Rice Land township, the only township in Shelby county voting on the wet and dry question, remains dry by 149 majority.

Siegel remains wet.

Union Township Bars Saloons

Pontiac, Ill., April 3.—Union township, by a majority of 32 votes, banished saloons in today's election. It was the only township voting on the liquor question in Livingston county.

Maine Township Dry

Chicago, April 3.—Maine township in which is the village of Des Plaines, formerly a saloon stronghold, voted to continue dry today by a vote of 1,998 to 787.

GERMAN ATTITUDE STILL UNCHANGED

BERLIN, April 3.—via London, April 4.—The press report of President Wilson's state of war message, reached Berlin at 10 o'clock this morning. It is declared here that there would be no change in the German attitude even if congress adopted Pres. Wilson's views. Germany will not declare war nor take any steps to wage war against the United States.

The submarine war will be continued as it has been conducted since Feb. 1, but this, declare the officials, is not directed more against the United States than any other neutral. It also declared that there will be no change in the treatment of American citizens in Germany who now have the same freedom as all other neutrals. But Germany expects that the United States will continue the same treatment of Germans in that country.

RE-ELECT MOLLMAN.

East St. Louis, Ill., April 3.—Mayor Fred W. Mollman was re-elected here today by a majority approximately 3,500.

FRANKLIN BOY DIES IN MILITARY CAMP

Robert Landis Succumbed Tuesday
Evening to Attack of Measles, Ac-
cording to Word from Great
Lakes, Ill., Training Station.

Robert Landis of Franklin, who
enlisted in the regular army a short
time ago and has been stationed at
the Great Lakes, Ill., training sta-
tion, passed away early Tuesday
evening, according to word received
in Franklin by relatives of the
boy. An attack of measles was the
cause of death.

The father of the deceased will
leave this morning for the training
camp by way of Chicago. The body
will probably be brought to Frank-
lin for burial. Young Landis had
been employed at farm work in the
vicinity of Franklin for a consider-
able time and was known as a young
man of industry and good habits.

A WAR FOR HUMANITY.

When President Wilson said that
this is a war for all mankind he
voiced this sentiment uttered by
Thomas Paine a century ago.

"The cause of America is in a great
measure, the cause of all mankind.
Many circumstances have arisen and
will arise which are not local but
universal, and thru which the prin-
ciples of all lovers of mankind are
affected, and in the event of which
their affections are interested. The
laying of a country desolate with
fire and sword, declaring war against
the natural rights of all mankind
and extirpating the defenders there-
of from the face of the earth is the
concern of every man to whom na-
ture hath given the power of feel-
ing."

TELLING THE CHILDREN ABOUT WAR.

Patriotism is so rampant in Kan-
sas City that meetings were held
Monday for 60,000 school children,
all of the upper grades attending.
The speakers and the programs all
paid honor to the stars and stripes
and discussed the serious interna-
tional situation in language which
the young auditors could understand.
It is sad indeed that even the chil-
dren must be taught something
about the horrors of war but these
lessons which are now forced upon
us may bear fruit in another genera-
tion by making war an impossibility.

EVERYBODY WANTS A FLAG.

The country-wide demand for flags
is giving evidence that the people
are awakening from a state border-
ing on patriotic lethargy, as compar-
atively few of them have recognized
the real seriousness of the situation.
The demand now for flags, banners,
emblems and buttons is unprece-
dented and factories in the east are
literally swamped with orders. The
government itself has swelled this
demand with an order for more than
\$100,000 worth of "red, white and
blue" emblems for departmental use.

AN HONORED GERMAN NAME.

The fact that he was a German
will not lessen the world wide re-
spect for the death of Prof. Emil Von
Behring, for it was this learned sci-
entist who discovered diphtheria an-
ti-toxin. This treatment, now ev-
erywhere recognized as the only suc-
cessful method of combating this
disease in its malignant form, has
saved thousands of lives and so na-
tionally will be forgotten and pre-
sent day developments swept aside as
physicians and private citizens pay
honor to Behring's name. In the
realm of science Germany has done
much for mankind and great is the
pity that as we contemplate the good
done, we must have such forebode-
reminders of the evil.

CONSISTENTLY UNPATRIOTIC.

The action of Senator LaFollette
in objecting to consideration of the
war resolution was to be expected
and is entirely consistent with the
unpatriotic course that the senator
has followed for months past. If
the resolution had been considered
yesterday it would have been by
unanimous consent, and those fam-
ilar with the situation felt certain
that the Wisconsin senator would
voice his objection.

One wonders what LaFollette can
hope to gain by these tactics, but
then it is remembered that he comes
from a state with a very large Ger-
man population. Possibly he is seek-
ing to make good with his constitu-
ency, looking forward to another
term in the post of honor that he has
already held too long.

PRACTICAL PATRIOTISM.

In Missouri the state superintend-
ent of public instruction is laying
emphasis in a somewhat unusual
way on a movement which is given
consideration in a great many other
states. The superintendent propo-
ses that in all of the 10,000 school
districts of the state that special
attention be given to increasing
areas for garden and farm products.
His slogan is "Wear a flag and
wield a hoe," and certainly this of-
ficial is suggesting a very practical
kind of patriotism. There are a
great many people content to do the
flag waving and shouting and to
leave more serious work for other
hands to do. To such persons we
commend the argument of this Mis-
sourian, which runs something like
this:

"Wars are won or lost by the
amount of the food supply. The
U-boat warfare seeks to starve Eng-
land and the blockade of the allies
seeks to keep the food away from
the central powers. The European
nations have food dictators. Let
Missouri make one unnecessary. If
war does come, or lasts but a short
time, we can force down the high
cost of living. We have been talk-
ing of patriotism," says the superin-
tendent in conclusion, "now we can
show it. Wield a hoe as well as
wear a flag. The country needs you."

PAGE 2 OIN DLU WYP WYP WYP A DUTY, NOT CHARITY.

A mass meeting is called for the
court house for Friday night for the
purpose of perfecting an organiza-
tion to take care of the dependent
families of soldiers. Certainly those
men who are not called upon for ser-
vice in the field will be willing con-
tributors to such a fund and the wo-
men who are permitted to keep their
male relatives at home instead of

having them subjected to the rigors
—if not the dangers—of army life,
will also be willing contributors,
even if contribution means a sacrifi-
ce.

At the present time there are not
a great many dependent families to
be cared for, but if other companies
are organized this list will be in-
creased. A committee should be or-
ganized to solicit the funds and an-
other to attend to distribution. This
work must necessarily be hand-
led with care and tact. It is not
a matter of charity and those wo-
men and children who receive help
must not be humiliated in any way.
If they are given support they will
be receiving only that to which they
are entitled from their patriotic
fellow citizens who have a right
sense of duty.

GOMPERS STRONG STAND.

Samuel Gompers, president of the
American Federation of Labor, is
without question one of the most
influential men in this country.
There are times when the benefits to
society from Mr. Gompers' influence
can be questioned, but the labor
chief has certainly taken a strong
stand in coming out boldly in favor
of universal compulsory training un-
der the Swiss system. Mr. Gomp-
ers' habits of thought and his associ-
ations in work would tend to make
him opposed to all forms of milita-
ry training, but evidently the inter-
national and national changes which
have come to pass in recent months
have convinced him of the necessity
of looking at this great question
from a new viewpoint.
In expressing his approval of the
Swiss system Mr. Gompers said:
"We must have a preparation that
means a comprehensive development
of all power and resources of all our
citizens. In Switzerland every man
is a soldier—not necessarily to go
to war—but he has the physical and
manual training necessary to de-
fend himself, his family and his
country."

"Under that system the Swiss
have developed a manhood, a char-
acter, that challenges the admir-
ation of the world. We will be satis-
fied with nothing less in America."

EVEN SPRINGFIELD IN DRY COLUMN.

The dries sprung a surprise on the
people of the state outside of Sang-
amon county and probably upon the
wet advocates there yesterday. It is
almost unbelievable but Springfield
was voted dry by a majority of 458
votes and 215 saloons will go out of
business in 30 days. In this city
most of those people who would like
to see the state capital saloonless did
not believe that the dries could win
in this contest.

In former contests it has been
known that large business interests
were opposing the change and there
was also the surprising fact that a
majority of women in the last elec-
tion declared for the saloon. In the
vote yesterday this was changed and
the women by a strong majority vot-
ed to make Springfield dry territory
and thus these women joined the
ranks with their sisters thruout the
state. How any woman who is not
directly connected with the liquor
business because some relative is an
employee, could see any good or ben-
efit coming from the saloon has all
along been a puzzle to the average
man. Even men who do not believe
in dry laws have freely confessed
that the saloon and the liquor busi-
ness brings to women only sorrow
and woe.

So the Springfield women have
been called severely to task at the
bar of public judgment because of
their attitude in the last election. It
is a safe guess that the criticism lev-
eled at them during the two years
succeeding the last election had
much to do with their change of at-
titude in the contest yesterday.

But it can be put down that the
real cause of the downfall of the sa-
loon in Springfield is the saloon it-
self. That is the history of the busi-
ness and the saloons have brought
upon themselves the righteous indig-
nation of the people. Turning a deaf
ear to public opinion, the saloon has
sought to control public affairs, has
been an open and continual violator
of the laws and so has earned the
displeasure not only of those people
who are personally opposed to the
liquor movement, but also those who
while having no pronounced anti-
liquor views do believe in law en-
forcement and in public decency.

There has all along been a great
fear among Springfield business men
that if the saloon of the saloon
business would be a terrific blow at
the city. They have feared that with-
out the saloons that Springfield
would no longer be a convention
city. These arguments are all fallaci-
ous but even if true the Springfield
citizens can console themselves with
the thought that their city has gone
dry just a little in advance of other
big and little cities in the state. Illi-
nois is going to have state wide pro-
hibition of the liquor traffic. It is
the cards, it's in the air and this
world wide sentiment is certain to
envelop Illinois, and that at no dis-
tant date. Springfield people have
simply seen the "handwriting on the
wall."

Rippling Rhymes By WALT MASON

REJUVENATION.

When the winter's done with snow-
ing, and the vernal winds are blow-
ing, and the husbandman is hoeing,
and in the fertile glen, I cast off
the robes of sadness, and I whoop
around with gladness, with a joy akin
to madness, for I'm feeling young
again. In the winter I am weeping,
for the rheumatism is creeping up
and down my system, keeping me
so sore I swear aloud; then I seem
an ancient geezer, feel as though
I'd lived when Caesar fell beneath
the suikensneezers of the loosed
Britus crowd. In the winter time I
tatter, like a sheep that's led to
slaughter, wishing death would bring
his swatter and remove me from
the scene; nothing then my soul
can shake up, and I do not even

wake up when you talk of gasoline.
But when frost's farewell is spoken
and the birds have brought the
token that old winter's grip is
broken, when thru woodland, glade
and dell, orioles and wrens are
winging, and the joyous catbird's
singing, and the flowers from earth
are springing, then you ought to
hear me yell.

SOCIAL EVENTS

Pastime Club Meets At Sheppard Home.

The Pastime club met Saturday
evening at the pleasant home of Mr.
and Mrs. I. D. Sheppard, and altho
the inclement weather prevented a
full attendance of the members, a
goodly number were present to en-
joy the occasion. Saturday was the
anniversary of Mr. Sheppard's birth
and in celebration of the day he was
given a postal shower. The hours
were spent with music and cards and
late in the evening a delicious three
course luncheon was served. The
dining room was beautifully decora-
ted with roses and ferns.

Among the guests were Mr. and
Mrs. J. H. Devore, Mr. and Mrs.
Jesse Butler and family, Mr. and
Mrs. J. R. Sheppard, Herman Keiri,
Mr. and Mrs. W. R. Butler and fam-
ily, Mr. and Mrs. P. J. Crotty and
family, Mr. McGraw, Mr. and Mrs.
J. H. Scott and son, Eddie Horton of
Jacksonville.

Centenary Y. W. F. M. S. Meets With Mrs. Kelly.

The Y. W. F. M. S. of Centenary
church held the anniversary meet-
ing recently at the home of Mrs.
Lewis Kelly on South Diamond
street. The hostess was assisted by
Misses Clara Ranson, Emma Hunter,
Gertrude Atkins, Mary Hull, Alida
Alexander and Mrs. M. Hoover. Mrs.
Thomas Buckthorpe had charge of
the program and read an interesting
paper on "The Two Americas." Miss
Dorothy Cannon gave a reading
which was much enjoyed and Mrs. J.
Edgar Martin and Miss Myrtle Lar-
more rendered a piano duet. Mrs.
M. B. Keppinger of Franklin, dis-
trict president, was present and
made a brief but helpful talk. De-
licious refreshments were served, in
keeping with the Easter time. The
attendance was unusually large and
the session proved one of great in-
terest and profit.

Mrs. Rice Entertains Woman's Country Club.

An interesting program was ren-
dered Tuesday afternoon at the
meeting of the Orleans Woman's
Country club held at the home of
Mrs. Harry Rice near Arnold. Mrs.
Marcus Huett had been announced
as hostess but illness in her family
made the change necessary. A paper
on "Landscape Gardening" was read
by Mrs. J. W. Arnold and Mrs. Henry
Welborn presented the subject,
"Poultry from a Woman's View-
point." Refreshments of delicious
quality were served during the social
hour which followed the program. A
feature of the afternoon was the
singing of the club song by Mrs. J.
T. Holmes. Miss Florence Cox was
voted into membership.

Miss Carlson Entertains for Bride-to-Be.

Miss Annabelle Crawley, who is
soon to wed, was guest of honor
Monday evening at a rush, given by
a few of her more intimate friends
at the home of Miss Ruth E. Carl-
son, 324 South Clay avenue. Clever
games served to pass the evening
hours and refreshments of pleasing
delicacy were served by the hostess.

State Street Society In First Meeting of Year.

The first meeting of the new year
was held Tuesday afternoon by the
Ladies' Aid Society of State Street
Presbyterian church. Plans were
discussed for the work of the coming
months and officers as follows were
elected:

SUPPER AT GRACE CHURCH

The teachers and officers of Grace
M. E. Sunday school held the
monthly supper and business meet-
ing Tuesday evening in the church
dining hall. The supper was served
at 6:15 o'clock by the Standard
Bearers' society and after the meal
an address was given by Dr. E. M.
Rue. Later in the evening the of-
ficers and teachers went to the main
auditorium for the special services
held this week in preparation for
Easter.

NO HAVANA ELECTION.

A petition for a township election
recently circulated by Havana dries
failed thru a misunderstanding as to
the number of signatures required
and the matter thus did not come to
a vote there Tuesday. Failing with
the one petition proved only a tem-
porary obstacle and the dries of the
city passed a petition which was filed
in due form. The question of voting
Havana dry will thus come to a vote
two weeks hence, at the time of the
regular municipal election.

MORTUARY

George Ball of Caldwell street received word yesterday of the death of his son-in-law, Eber Granvill. C. Moore who died at his home in Chicago Monday.

Deceased was the son of Matthew and Mary Morrison Moore and was born in Athens, Ga., January 19, 1865. He was educated in the public schools of Athens and came to Jacksonville in 1893. For several years he was supervisor at Jacksonville State hospital. After leaving the employ of the state he conducted a grocery store in this city for a number of years. Sixteen years ago he removed to Chicago where he resided until his death.

January 8, 1898, he was united in marriage to Miss Effie Elzina Ball, eldest daughter of Mr. and Mrs. George Ball of this city. His widow and one daughter, Lucy Mary Moore, survive. He is also survived by two sisters, Mrs. Ellen Filson of California, and Mrs. David Findley of Noblesville, Ind.

Funeral services were held in Chicago Tuesday afternoon. The remains will arrive in the city today and burial will be made in Diamond Grove cemetery this afternoon. There will be no services here, the remains being taken directly to the cemetery.

Munson

Relatives in the city have received word announcing the death of Mrs. Anna Munson, wife of J. A. Munson, who died at her home in Beardstown Tuesday morning at 6 o'clock after an illness of several months.

Mrs. Munson was a native of Sweden and came to this country when about 18 years of age. She is survived by her husband and four children: J. A. Munson, Jr., of this city; W. E. Munson of Richland; Lula and Mabel Munson at home. The deceased is also survived by one sister, Mrs. J. C. Peterson of this city and one brother, J. P. Nellyson of Minneapolis, Minn. Five grandchildren also survive. She was preceded in death by four daughters.

Funeral services will be held at the late residence in Beardstown Thursday morning at 10 o'clock and the remains will be taken to Little Indian where funeral services will be held at the Little Indian church at 12 o'clock. Interment will be made in the cemetery adjoining the church.

Dr. and Mrs. R. O. Post and Miss Marian Fairbank went to Waverly Tuesday morning to attend the annual meeting of the Springfield association and several other members of the local congregation expect to attend today.

A WAR FOR HUMANITY.

When President Wilson said that this is a war for all mankind he voiced this sentiment uttered by Thomas Paine a century ago.

"The cause of America is in a great measure, the cause of all mankind. Many circumstances have arisen and will arise which are not local but universal, and thru which the principles of all lovers of mankind are affected, and in the event of which their affections are interested. The laying of a country desolate with fire and sword, declaring war against the natural rights of all mankind and extirpating the defenders thereof from the face of the earth is the concern of every man to whom nature hath given the power of feeling."

TELLING THE CHILDREN ABOUT WAR.

Patriotism is so rampant in Kansas City that meetings were held Monday for 60,000 school children, all of the upper grades attending. The speakers and the programs all paid honor to the stars and stripes and discussed the serious international situation in language which the young auditors could understand. It is sad indeed that even the children must be taught something about the horrors of war but these lessons which are now forced upon us may bear fruit in another generation by making war an impossibility.

EVERYBODY WANTS A FLAG.

The country-wide demand for flags is giving evidence that the people are awakening from a state bordering on patriotic lethargy, as comparatively few of them have recognized the real seriousness of the situation. The demand now for flags, banners, emblems and buttons is unprecedented and factories in the east are literally swamped with orders. The government itself has swelled this demand with an order for more than \$100,000 worth of "red, white and blue" emblems for departmental use.

AN HONORED GERMAN NAME.

The fact that he was a German will not lessen the world wide regret for the death of Prof. Emil Von Behring, for it was this learned scientist who discovered diphtheria anti-toxin. This treatment, now everywhere recognized as the only successful method of combatting this disease in its malignant form, has saved thousands of lives and so nationality will be forgotten and present day developments swept aside as physicians and private citizens pay honor to Behring's name. In the realm of science Germany has done much for mankind and great is the pity that as we contemplate the good done, we must have such forcible reminders of the evil.

CONSISTENTLY UNPATRIOTIC.

The action of Senator LaFollette in objecting to consideration of the war resolution was to be expected and is entirely consistent with the unpatriotic course that the senator has followed for months past. If the senator had been considered yesterday it would have been by unanimous consent, and those familiar with the situation felt certain that the Wisconsin senator would voice his objection.

One wonders what LaFollette can hope to gain by these tactics, but then it is remembered that he comes from a state with a very large German population. Possibly he is seeking to make good with his constituents, looking forward to another term in the post of honor that he has already held too long.

PRACTICAL PATRIOTISM.

In Missouri the state superintendent of public instruction is laying emphasis in a somewhat unusual way on a movement which is given consideration in a great many other states. The superintendent proposes that in all of the 10,000 school districts of the state that special attention be given to increasing areas for garden and farm products. His slogan is "Wear a flag and wield a hoe." This certainly is official suggestion of a very practical kind of patriotism. There are a great many people content to do the flag waving and shouting and to leave more serious work for other hands to do. To such persons we commend the argument of this Missourian, which runs something like this:

"Wars are won or lost by the amount of the food supply. The United States seeks to starve England and the blockade of the allies seeks to keep the food away from the central powers. The European nations have food dictators. Let Missouri make one unnecessary. If war does come, or lasts but a short time, we can force down the high cost of living. We have been talking patriotism," says the superintendent in conclusion, "now we can show it. Wield a hoe as well as wear a flag. The country needs you."

PAGE 2 OIN DLU WYP WYP WYP A DUTY, NOT CHARITY.

A mass meeting is called for the purpose of perfecting an organization to take care of the dependent families of soldiers. Certainly those men who are not called upon for service in the field will be willing contributors to such a fund and the women who are permitted to keep their male relatives at home instead of

having them subjected to the rigors—if not the dangers—of army life, will also be willing contributors, even if contribution means a sacrifice.

At the present time there are not a great many dependent families to be cared for, but if other companies are organized this list will be increased. A committee should be organized to solicit the funds and another to attend to distribution. This work must necessarily be handled with care and tact. It is not a matter of charity and those women and children who receive help must not be humiliated in any way. If they are given support they will be receiving only that to which they are entitled from their patriotic fellow citizens who have a right sense of duty.

GOMPERS STRONG STAND.

Samuel Gompers, president of the American Federation of Labor, is without question one of the most influential men in this country. There are times when the benefits to society from Mr. Gompers' influence can be questioned, but the labor chief has certainly taken a strong stand in coming out boldly in favor of universal compulsory training under the Swiss system. Mr. Gompers' habits of thought and his associations in work would tend to make him opposed to all forms of military training, but evidently the international and national changes which have come to pass in recent months have convinced him of the necessity of looking at this great question from a new viewpoint.

In expressing his approval of the Swiss system Mr. Gompers said:

"We must have a preparation that means a comprehensive development of all power and resources of all our citizens. In Switzerland every man is a soldier—not necessarily to go to war—but he has the physical and manual training necessary to defend himself, his family and his country."

"Under that system the Swiss have developed a manhood, a character, that challenges the admiration of the world. We will be satisfied with nothing less in America."

EVEN SPRINGFIELD IN DRY COLUMN.

The dries sprung a surprise on the people of the state outside of Sangamon county and probably upon the wet advocates there yesterday. It is almost unbelievable but Springfield was voted dry by a majority of 455 votes and 215 saloons will go out of business in 30 days. In this city most of those people who would like to see the state capital saloonless did not believe that the dries could win in this contest.

In former contests it has been known that large business interests were opposing the change and there was also the surprising fact that a majority of women in the last election declared for the saloon. In the vote yesterday this was changed and the women by a strong majority voted to make Springfield dry territory, and thus these women joined the ranks with their sisters throughout the state. How any woman who is not directly connected with the liquor business because some relative is an employee, could see any good or benefit coming from the saloon has all along been a puzzle to the average man. Even men who do not believe in dry laws have freely confessed that the saloon and the liquor business brings to women only sorrow and want.

So the Springfield women have been called severely to task at the bar of public judgment because of their attitude in the last election. It is a safe guess that the criticism leveled at them during the two years succeeding the last election had much to do with their change of attitude in the contest yesterday. But it is not down that the real cause of the downfall of the saloon in Springfield is the saloon itself. That is the history of the business and the saloons have brought upon themselves the righteous indignation of the people. Turning a deaf ear to public opinion, the saloon has sought to control public affairs, has been an open and continual violator of the laws and so has earned the displeasure not only of those people who are personally opposed to the liquor movement, but also those who while having no pronounced anti-liquor views do believe in law enforcement and in public decency.

There has all along been a great fear among Springfield business men that the banishment of the saloon business would be a terrific blow at the city. They have feared that without the saloons that Springfield would no longer be a convention city. These arguments are all fallacious but even if true the Springfield citizens can console themselves with the thought that their city has gone dry just a little in advance of other big and little cities in the state. Illinois is going to have state wide prohibition of the liquor traffic. It is on the cards, it's in the air and this world wide sentiment is certain to envelop Illinois, and that at no distant date. Springfield people have simply seen the handwriting on the wall.

Rippling Rhymes
By WALT MASON

REJUVENATION.

When the winter's gone with snowing, and the vernal winds are blowing, and the husbandman is hoeing, hoeing in the fertile glen, I cast on the robes of sadness, and I whoop around with gladness, with a joy akin to madness, for I'm feeling young again. In the winter I am weeping, for the rheumatism is creeping up and down my system, keeping me so sore I swear aloud; then I seem an ancient geezer, feel as though I'd lived when Caesar fell beneath the snickersneezers of the loceco Brutus crowd. In the wintertime I totter, like a sheep that's led to slaughter, wishing death would bring his swatter and remove me from the scene; nothing then my soul can shake up, and I do not even

wake up when you talk of gasoline. But when frost's farewell is spoken and the birds have brought the token that old winter's grip is broken, when thru woodland, glade and dell, orioles and wrens are winging, and the joyous catbird's singing, and the flowers from earth are springing, then you ought to hear me yell.

SOCIAL EVENTS

Pastime Club Meets At Sheppard Home.

The Pastime club met Saturday evening at the pleasant home of Mr. and Mrs. I. D. Sheppard, and altho the inclement weather prevented a full attendance of the members, a goodly number were present to enjoy the occasion. Saturday was the anniversary of Mr. Sheppard's birth and in celebration of the day he was given a postal shower. The hours were spent with music and cards and late in the evening a delicious three course luncheon was served. The dining room was beautifully decorated with roses and ferns.

Among the guests were Mr. and Mrs. J. H. Devore, Mr. and Mrs. Jesse Butler and family, Mr. and Mrs. J. R. Sheppard, Herman Keirl, Mr. and Mrs. W. R. Butler and family, Mr. and Mrs. P. J. Crotty and family, Mr. McGraw, Mr. and Mrs. J. H. Scott and son, Eddie Horton of Jacksonville.

Centenary Y. W. F. M. S. Meets With Mrs. Kelly.

The Y. W. F. M. S. of Centenary church held the anniversary meeting recently at the home of Mrs. Lewis Kelly on South Diamond street. The hostess was assisted by Misses Clara Ranson, Emma Hunter, Gertrude Atkins, Mary Hull, Alida Alexander and Mrs. M. Hoover. Mrs. Thomas Buckthorpe had charge of the program and read an interesting paper on "The Two Americas." Miss Dorothy Cannon gave a reading which was much enjoyed and Mrs. J. Edgar Martin and Miss Myrtle Larimore rendered a piano duet. Mrs. M. B. Keplinger of Franklin, district president, was present and made a brief but helpful talk. Delicious refreshments were served, in keeping with the Easter time. The attendance was unusually large and the session proved one of great interest and profit.

Mrs. Rice Entertains Woman's Country Club.

An interesting program was rendered Tuesday afternoon at the meeting of the Orleans Woman's Country club, held at the home of Mrs. Harry Rice near Arnold. Mrs. Marcus Huett had been announced as hostess but illness in her family made the change necessary. A paper on "Landscape Gardening" was read by Mrs. J. W. Arnold and Mrs. Henry Welborn presented the subject, "Poultry from a Woman's Viewpoint." Refreshments of delicious quality were served during the social hour which followed the program. A feature of the afternoon was the singing of the club song by Mrs. J. T. Holmes. Miss Florence Cox was voted into membership.

Miss Carlson Entertains for Bride-to-Be.

Miss Annabelle Crawley, who is soon to wed, was guest of honor Monday evening at a rush, given by a few of her more intimate friends at the home of Miss Ruth E. Carlson, 324 South Clay avenue. Clever games served to pass the evening hours and refreshments of pleasing delicacy were served by the hostess.

SUPPER AT GRACE CHURCH

The teachers and officers of Grace M. E. Sunday school held the monthly supper and business meeting Tuesday evening in the church dining hall. The supper was served at 6:15 o'clock by the Standard Bearers' society and after the meal an address was given by Dr. F. M. Rule. Later in the evening the officers and teachers went to the main auditorium for the special services held this week in preparation for Easter.

NO HAVANA ELECTION.

A petition for a township election recently circulated by Havana dries failed thru a misunderstanding as to the number of signatures required and the matter thus did not come to a vote there Tuesday. Failing with the one petition proved only a temporary obstacle and the dries of the city passed a petition which was filed in due form. The question of voting Havana dry will thus come to a vote two weeks hence, at the time of the regular municipal election.

FRANKLIN BOY DIES
IN MILITARY CAMP

Robert Landis Succumbed Tuesday Evening to Attack of Measles, According to Word from Great Lakes, Ill., Training Station.

Robert Landis of Franklin, who enlisted in the regular army a short time ago and has been stationed at the Great Lakes, Ill., training station, passed away early Tuesday evening, according to word received in Franklin by relatives of the boy. An attack of measles was the cause of death.

The father of the deceased will leave this morning for the training camp by way of Chicago. The body will probably be brought to Franklin for burial. Young Landis had been employed at farm work in the vicinity of Franklin for a considerable time and was known as a young man of industry and good habits.

MORTUARY

Moore.

George Ball of Caldwell street received word yesterday of the death of his son-in-law, Elmer Granville C. Moore who died at his home in Chicago Monday.

Deceased was the son of Matthew and Mary Morrison Moore and was born in Athens, Ga., January 19, 1865. He was educated in the public schools of Athens and came to Jacksonville in 1893. For several years he was supervisor at Jacksonville State hospital. After leaving the employ of the state he conducted a grocery store in this city for a number of years. Sixteen years ago he removed to Chicago where he resided until his death.

January 8, 1898, he was united in marriage to Miss Effie Elzina Ball, eldest daughter of Mr. and Mrs. George Ball of this city. His widow and one daughter, Lucy Mary Moore, survive. He is also survived by two sisters, Mrs. Ellen Filoon of California, and Mrs. David Findley of Noblesville, Ind.

Funeral services were held in Chicago Tuesday afternoon. The remains will arrive in the city today and burial will be made in Diamond Grove cemetery this afternoon. There will be no services here, the remains being taken directly to the cemetery.

Munson.

Relatives in the city have received word announcing the death of Mrs. Anna Munson, wife of J. A. Munson, who died at her home in Beardstown Tuesday morning at 6 o'clock after an illness of several months.

Mrs. Munson was a native of Sweden and came to this country when about 18 years of age. She is survived by her husband and four children: J. A. Munson, Jr., of this city; W. E. Munson of Richland; Lula and Mabel Munson at home. The deceased is also survived by one sister, Mrs. J. C. Peterson of this city and one brother, J. P. Neyson of Minneapolis, Minn. Five grandchildren also survive. She was preceded in death by four daughters.

Funeral services will be held at the late residence in Beardstown Thursday morning at 10 o'clock and the remains will be taken to Little Indian where funeral services will be held at the Little Indian church at 12 o'clock. Interment will be made in the cemetery adjoining the church.

VETERAN BAPTIST MINISTER DIES

Duquoin, Ill., April 3.—Rev. William H. Carner, one of the oldest active ministers in Illinois and for over half a century identified with Baptist churches in Southern Illinois, died Sunday after an illness of several weeks, aged 84 years. He was a civil war veteran and for a time was chaplain of the Eighty-first Illinois Regiment.

THE RIGHT VIEWPOINT

Two German residents of this city were recently overheard discussing the impending conflict and one of them was outspoken in his loyalty to the stars and stripes while the other leaned the other way. Finally the latter said:

"But don't you love your vaterland?"

"Yes; but I love my motherland better," was the quick reply.

WAR NEWS SUMMARIZED

Each day finds the British and French forces drawing their net closer upon St. Quentin. Already close to the outskirts of the town on the west and southwest, the British and French in fresh drives have captured additional villages and points of support. Attacking on a front of more than 8 miles south and southwest of the harassed German stronghold, the French troops notwithstanding stubborn resistance by the Germans everywhere met with success, taking strongly organized positions and villages.

The British already within a stone's throw of the western outskirts of St. Quentin seemingly are resting there while to the northwest they are carrying out a maneuver having as its object the flanking of St. Quentin from the north. In this operation they have partly succeeded according to the British official communication.

Driving eastward from the village of Verdun they have captured the town of Malmezy, five miles northwest of St. Quentin and farther north of the Ronssay wood. Field Marshal Haig's forces also were successful in taking the village of HeimsurCojeul, five miles southeast of Arras, after intensive fighting.

Rheims has again been violently bombarded by the Germans, more than 2,000 shells having been thrown into the town. Paris reports that there were casualties among the civil population.

On the Russian front the Germans delivered attacks against the Russians south of Iloukst, which is in the Dvinsk sector, and south of Vladimir-Volynski, in Volhynia. At each place the attackers succeeded in penetrating Russian position but later were expelled, according to the Russian war office.

Heavy snowfalls in the mountain regions of the Austro-Italian theater in penetrating Russian positions but there has been considerable activity in the Adige valley, where severe artillery duels are in progress on several sectors.

DISCUSSES WILSON'S SPEECH TO CONGRESS

BUENOS AIRES, April 3.—Discussing President Wilson's speech La Prensa says:

"The United States congress will certainly approve President Wilson's demands respecting the entrance of the United States into the war. This the logical sequence of the attitude adopted by Washington, because of the German submarine campaign.

"The United States now abandons its policy of abstention as regards European problems. However, it is unlikely that the United States will send to Europe troops in sufficient number to turn the scale in favor of the allies but it would be futile to deny the importance of the aid given by such a rich nation as the United States."

TERM WILSON A SECOND LINCOLN

LONDON, April 3.—"A second Lincoln; a Lincoln inaugural!" In these simple words, says the Evening Star, "our emotions find expression as we read the majestic closing words of President Wilson's message. We are not ashamed to say that these words are destined to echo thro' the ages and to be read by free men with grateful hearts. They fill our eyes with tears of pride and gratitude. * * * Hereby now the future of humanity is being shaped and moulded for all time."

"Lacking America the allies could and would have won the victory over organized evil, but the victory would not have been complete."

Now we know that the world's freedom is won and that the great peace for which peace will be established for evermore."

HOYNE ASKS DISMISSAL OF GUGGENHEIM DIVORCE

SPRINGFIELD, Ill., April 3.—Notice that he would ask the supreme court, in the interest of public policy to set aside the decree of divorce granted Mrs. Grace Guggenheim from William Guggenheim in 1915 was filed with the court today by State's Attorney Maclay Hoyne of Chicago.

Mr. Hoyne alleged that the divorce was granted on the misrepresentation of Mrs. Guggenheim that she was resident of the state at the time, a misrepresentation, it is charged, in which Guggenheim concurred. John Burton Payne, of counsel for Guggenheim, served notice he would object to the motion.

SIGNIFICANCE OF WARNING APPARENT

Trails of German Secret Service Have Been Discovered Within Some of the Most Closely Guarded Precincts of the Executive Departments

Washington, April 3.—The significance of President Wilson's warning of German spies "even in our offices of government" became apparent today when it was learned that on several occasions trails of the German secret service have been discovered within some of the most closely guarded precincts of the executive departments.

Although officials do not believe that access has been gained by the foreign agents to any information of any great importance, they are understood to be convinced that not even the state department, with its highly confidential diplomatic facilities, has been free from invasion.

No evidence on which prosecutions can be based has been found, it is said, but enough has been revealed to prompt a sweeping official investigation and precautions which the department believes will safeguard its interests more adequately in the future.

In his address to congress last night the president laid particular stress on the activities of German spies, and a stringent spy law will be one of the first war measures requested from congress by the administration.

Since the war began the justice department's bureau of investigation, charged with the prosecution of foreign agents and disloyal citizens, has been enlarged several times.

ATTENTION OF FRANCE FIXED ON WASHINGTON

PARIS, April 13.—The attention of France is fixed intently on Washington, waiting for a vote by congress on President Wilson's recommendation that congress declare a state of war with Germany exists. Among the characteristic newspaper comment is that of the Temps which says:

"It is a great date in the history of America, a great date in the history of humanity. The decision not to mix in the quarrels of Europe had dominated America's policy for more than a century. Germany's violence has been stronger than this will, and a new ally joins us. Despite the Monroe doctrine, despite immigration an despite all sorts of ties binding two nations, the aggressive policy of Hohenzollerns has forced war on a people which was firmly decided to remain neutral."

"What will Edison do?"

"What unexpected discovery will he offer to his country?"

Are questions that are being asked by the French people in view of the prospect of the United States joining the entente. The greatest curiosity is being manifested in possible new war inventions.

TERMS WILSON'S SPEECH ALLIES' GREATEST VICTORY

Manchester, Eng., April 4.—The Manchester Guardian in an editorial says:

"President Wilson's speech is our greatest victory since the war began. We are unreservedly proud and thankful for it. Every sentence of his past speeches that has been criticized here and in America adds to the splendor of the victory."

THOMPSON ELECTED MAYOR OF QUINCY

QUINCY, Ill., April 3.—John A. Thompson, Republican, was elected mayor today over W. K. Abbott, Democrat, present incumbent, by a majority of 1425.

Thompson made law enforcement his campaign issue and won it. He had served one term in the city council, while his opponent has completed his second term as mayor.

Thompson enlisted the support of the women voters and the Republicans elected six out of seven aldermen in wards normally Democratic. Two women were elected supervisors on the Republican town ticket.

STATES ACTION WILL WRECK MONROE DOCTRINE

BUENOS AIRES, April 3.—La Union, a pro-German organ says the entrance of the United States into the war would not modify the situation of the entente fleet and would not affect Germany's submarine campaign.

"Mr. Wilson's action," La Union adds, "can only complicate or delay the conclusion of the war and will wreck the Monroe Doctrine because European nations reciprocally will have a right to intervene in American issues."

SET DATE OF FOWLER'S TRIAL

New York, April 3.—April 16 has been set for the trial of former Congressman J. R. Fowler and others indicted on charges of stirring up strikes in munition plants thru labor's national peace council. Franz Rintelen, a German agent indicted with them, is now a prisoner of war in England.

HISTORY OF MEDICINE

The Morgan County Medical Society Will Be Fifty Years Old In May.

Anyone who has information about any of the early doctors of this county, or of any Medical Meetings or Societies prior to 1866, will confer a favor by sending it to Dr. Walter Frank, secretary of the Morgan County Medical Society, 200 Ayers Bank Building, and it will be edited for this column.

THE PRELIMINARY MEETING.

(Continued.)

It would seem from the records that the Society has had a very even and successful career. The meetings have been of more than average regularity and the attendance and the interest good. Eight physicians from four Morgan County towns braved the showers of April 26th, 1866 to meet at the old court house and plan the organization of the society. The first regular meeting was appointed for May 17th, at which time nineteen physicians representing eight towns besides Jacksonville were present. Sangamon, Scott, Cass and Morgan Counties were represented in their early membership. In addition to the nineteen active members, six honorary members were elected from those who had already retired from active practice. A country old enough to already furnish

so large a quota of physicians who have already done their life work can hardly be classed as pioneer.

Apparently by common consent Dr. R. S. McVey of Waverly was the chairman of the preliminary meeting and was elected the first President serving thruout the year and rarely missing a meeting. His commanding appearance and seriously studious view of the practice of medicine made him a leader of marked ability. Dr. Wm. Edgar acted as secretary of the preliminary meeting and Dr. Geo. R. Bibb was elected the first permanent secretary but at the second meeting he tendered his resignation which was accepted with regret and the minutes of the June meeting were signed by Dr. C. T. Wilbur as were those thruout the year and he was re-elected for the ensuing year.

BRITISH WELCOME PRESIDENT'S SPEECH

No News of the Last Year Has so Stirred the Country, Save Only the Russian Revolution.

London, April 3.—President Wilson's message aligning the United States with the nations fighting against Germany was warmly welcomed and unanimously acclaimed by the British people. They recognize that no decision with a weightier influence upon the result upon the world struggle has been given since Great Britain after a few days of consideration resolved to march with France. No news of the last year has so stirred the country, save only the Russian revolution. There have been no street demonstrations or exhibition of excitement, such as the first weeks of the war saw in London because the war has long since passed the state of excitement, and is regarded here, as in America, as a heavy and solemnly borne duty. The substance and tone of the president's message was an electrifying surprise. The directness of his indictment of the German methods and his whole hearted statement of America's duty to maintain her rights and of her duty to civilization was more than the public here expected.

That the Russian revolution did much to pave the way for American co-operation with Germany's opponents is one of the first features of the situation which the newspapers seize upon.

BOTH HOUSES DEBATE RESOLUTION TODAY

(Continued from Page 1.)

the governments now at war with Germany."

Some of them who think this might mean a close alliance and an active participation in all the policies of the entente extending even to the period after the war are anxious to have the exact intent of the phrase made clear before they vote to give the president the broad powers conveyed in the resolution.

There may be also some disinclination, particularly on the part of Republicans to adopt the president's suggestion as to taxation of the present generation to pay for the war if that taxation is to be aimed at objects already taxed in their opinion to the limit. This phase of the question, however, is looked upon as entirely aside from the great issue before congress and will not impede the progress of the war resolution.

Arrangements for financing the war are held in abeyance by the house ways and means committee pending full information as what steps are planned.

ONLY SEVENTEEN IN ONE CITY VOTE FOR WAR

SHEBOYGAN, Wis., April 3.—Only seventeen out of 4,000 Sheboygan citizens voted in favor of the United States entering the European war in a vote taken during the last three days. Ballots were distributed in the churches Sunday and ballot boxes distributed in various parts of the city. Ballots were collected today. The vote on the question: "Shall the United States enter the European war?" Thirty-four blank ballots were cast.

CONDITIONS IN SPAIN NORMAL

Washington, April 3.—Conditions in Spain have become normal again. A despatch to Ambassador Riano here today said:

"Normal conditions have been re-established at Valladolid and two shops have been reopened for the railway workmen there. Absolute tranquility prevails thruout Spain."

WOMEN WILL GOVERN CITY.

Valley Center, Kans., April 3.—Women will govern this city for two years. The men's ticket at yesterday's election was defeated by the women by a large majority. The new mayor is Miss Avis Francis.

ELECT WOMAN POLICE JUDGE.

Kansas City, April 3.—Mrs. Roxana Haylock was elected police judge of De Soto, Kansas, yesterday.

GERMAN MALES MAY BE CONFINED UNDER LAW

Legal Officers of Administration Direct Attention to Law Already on Statute Books.

Washington, April 3.—While President Wilson has indicated the benevolent policy the government will pursue toward Germans in this country legal officers of the administration today directed to a law already on the statute books under which, as soon as Congress declares war, every unaturalized German male fourteen years of age or over may be confined or removed as alien enemies.

Under the old Prussian-American treaty of 1828 German citizens would be to an extent exempt from the provisions of this law. The United States however, has refused to accede to a proposal of the Berlin government that the treaty be re-affirmed with changes and additions and it is understood the document will be declared abrogated if the conduct of Germans makes such a step necessary.

State department officials revealed today that Germany recently replied to the American note refusing to accept her proposal regarding the treaty because of her "disregard of the canons of international courtesy" and her "clear violations" of the treaty itself.

While no details are given out it is understood Germany denied she had violated the treaty and evidence a desire to abide by it.

REVOLT IN CUBA WILL COST U. S. \$100,000,000

NEW YORK, April 3.—The political revolution in Cuba will cost the public of the United States between \$75,000,000 and \$100,000,000 this year according to an estimate made today by Frank C. Lowry, sales manager of the Federal Sugar Refining company. The disorganization of labor seriously curtailed the island's crop of sugar cane and the smaller yield will mean a level of prices fully one cent a pound above what they would have been, Mr. Lowry said. The one cent increase added to each pound will make up the huge total of nearly a hundred million dollars according to Mr. Lowry.

URGES MAYORS TO AID RECRUITING

DES MOINES, Ia., April 3.—Governor Harding tonight sent letters to the mayors of every city in the state asking their co-operation in a movement started by Adjutant General Logan to increase the membership of the Iowa National Guard by 4,000 men. Letters were sent to all the newspapers in the state asking their co-operation in the movement. It is said the recent order of the war department stopping recruiting does not affect this state as the Iowa guard lacks about 4,000 men of being up to minimum peace strength.

STIMSON WANTS ARMY SENT TO EUROPE

CHICAGO, April 3.—A war waged wit' money out without men was characterized as "an ignoble proposal" by Henry L. Stimson, former secretary of war, speaking tonight at the second great patriotic mass meeting held in Chicago. Other speakers were Rear-Admiral Robert E. Peary, President Edmund James of the University of Illinois, and Lewis M. Hammerstein, president of the American association of foreign language newspapers.

"I have heard it said that our part in this war is only to furnish money," said Mr. Stimson. "What an ignoble proposal! Unless all signs fail there is a man's job before this country in this war and let us face it in a man's way. As soon as it can be prepared let us send an expeditionary force of regulars and volunteers to France. If we are really fighting for democracy let us fight for it with men. Let us show that Americans can die for it as well as Frenchmen."

President Edmund James of the University of Illinois, addressed the assembly with an appeal to Americans of foreign extraction to prove their loyalty to the land of their adoption in its "struggle for the democratization of the world."

Dr. James, who today telegraphed to President Wilson an offer of his personal services in whatever capacity they might be needed, said that his lifelong regret had been that he was only 16 years old at the close of the Civil war and was therefore barred from shouldering a musket in the fray for the Union.

ZITELMANN ARRIVES IN SAN FRANCISCO

SAN FRANCISCO, April 3.—Dr. Frank K. Zitelmann, former German consul at Manila arrived here today from Honolulu at a loss to know what to do after being buffeted about from one unfriendly shore to another. It was thought probable he would remain in San Francisco under patronage of the Swiss consulate until the arrival of the German ambassador expelled from China and who has been granted safe conduct across the United States on his way to Germany.

RECOGNIZE RUSS GOVERNMENT

Copenhagen, April 3.—via London—It is said the report that the three Scandinavian kingdoms have recognized the provisional Russian government is premature. Diplomatic reports of the kingdoms, it is asserted, have been instructed to conduct necessary business with the Russian foreign office as representing the de facto authority but formal recognition will be deferred possibly until the form of the new regime is definitely settled.

OPPOSE DECLARATION OF WAR.

Monroe, Wis., April 3.—Monroe voters went on record today ten to one as opposed to a declaration of war by congress under present conditions. A total of 1,049 votes were cast, 95 favoring a declaration of war and 954 opposing such action by congress.

MOST OF AMERICANS ON WAY TO SWITZERLAND

LONDON, April 3.—With the exception of a few men who have agreed to remain for two weeks because they have been working where the German armies are now actually in operation and assistant Director Prentiss Grey and three accountants, who have been breaking their Spanish and Dutch successors into the work, all the members of the American commission for relief in Belgium are now either in Switzerland or on their way there. The great proportion of them left yesterday

with Minister Brand Whitlock on a special train provided by the German authorities while seven delegates of the commission reached Berne, on April 1. Including those still in Brussels under the existing arrangements, all the American relief workers will be in Switzerland by the end of April.

BIRTHDAY OF BURROUGHS
OBSERVED IN SCHOOLSProf. Olds Appears with Splendid
Program in David Prince School
Auditorium—D. A. R. in Charge.

The observance of Tuesday, April 3, the birthday of John Burroughs, as "Bird Day" in the schools of Jacksonville was a marked success. Prof. Olds of the department of music of James Millikin university, Decatur, made a visit to the city under auspices of the Rev. James Caldwell chapter, D. A. R. and in his recital to pupils of the fifth, sixth, seventh and eighth grades, assembled in the David Prince school auditorium. Prof. Olds took his hearers into the real bird-land. Many years of study have brought to Prof. Olds a thorough understanding of bird songs and their many-toned harmonies and his numbers Tuesday were heard by the hundreds of young people with rapt enjoyment.

A hundred seats had been reserved by the D. A. R. and other visitors were charged a small admission price. So well was the concert received that the decision may be made to secure Prof. Olds for another recital in Jacksonville.

In city grade buildings the day was remembered by bird programs and in the course of the regular work. At the high school Tuesday morning a bird contest was carried on. Wayne Gard winning first by naming each of twenty-four stuffed birds displayed to the students. Albert DeWitte and Claude Cully named all but one. Miss Mary Ellis Pierce named twenty-one and Miss Angeline Towne, twenty. The contest was followed by a talk on birds by Mr. Callahan.

W. R. C. BIRTHDAY PARTY

Ladies of the W. R. C. held the March birthday party Tuesday afternoon at the home of Mrs. Mary A. Dunavan, 512 Hardin avenue. Attendance was good and all had an excellent time. A parcel post sale was held and a guessing contest was conducted by Mrs. Genevieve Lucas. The first contest was won by Mrs. Margaret Cobb, the consolation prize going to Mrs. Belle Hopper. In the second contest the first prize was won by Mrs. C. Riggs Taylor, the consolation prize going to Miss Carrie Rataichak.

Miss Moisenbocker of the Woman's College gave a reading which was well received.

The hostesses were Mrs. Mary A. Dunavan, Mrs. Genevieve Lucas, Mrs. Mary A. Taylor, Mrs. Anna Vieira, Mrs. Belle Seymour, Mrs. Josephine Jaeger, Mrs. Angie P. Weber.

MURRAYVILLE WOODMEN
ENTERTAIN THE R. N. A.Special Program Tuesday Evening
in Honor of Re-Organized Camp
of Royal Neighbors—Woodmen
Take in Class.

The members of Cedar Camp, No. 749, R. N. A., re-organized last month in Murrayville were guests Tuesday evening for an entertainment and program given by the Murrayville Woodmen in Carlson's hall. J. H. Dial of Jacksonville was chairman of the evening. The following program was carried out:

Music by the Orchestra.
Song, "America" by the company.
Duet—Miss Mildred Wright and Mrs. C. R. Short.
Reading—Miss Jane Wright.
Music by the Murrayville orchestra.

After the program a social hour of especial pleasure was enjoyed and excellent refreshments were served. At a later hour the Royal Neighbors went to their homes and the members of Murrayville Camp 924, M. W. A., met in special session in the I. O. O. F. hall.

Woodmen Receive Class

Fifteen candidates were received by the camp in the meeting which followed the entertainment for the Royal Neighbors. They were: Geo. H. Kennedy, Roy V. Blimling, Paul D. Blimling, Samuel B. Jones, Clarence L. Phillips, Clarence Scroggins, Samuel F. Sooy, Edward T. Wild, the Rev. Roy March, Phillip M. Hart, William H. Osborne, William J. Smock, Walter Hanback, Clifford Kettner and Lawrence Pennel.

The entertainment in Carlson's hall was largely attended and a number of visitors were present. The spirit and enthusiasm manifest at the meeting of the Woodmen spoke well for the energy and enterprise of the members of Murrayville camp.

WILL NOT POSTPONE
OCTOBER CELEBRATION

PHILADELPHIA, April 3.—The celebration next October of the 400th anniversary of the Protestant Reformation will not be postponed on account of the war with Germany. Announcement to this effect was made today by joint Lutheran and Federal Council committees.

It is pointed out that the emphasis in the celebration is not on the personalities in the reformation movement but upon their religious principles and that the reformers themselves—Luther, Calvin, Zwingli, Knox, Cramer and others—are accepted as prophets for all nations regardless of the country in which they may have lived.

RESERVE SUPPLY OF WOOL

Boston, Mass., April 3.—The entire supply of raw wool owned or controlled in this city, the largest wool market in the world, was ordered reserved for government use by vote of the Boston Wool Trade Association at a special meeting today. The stock will be offered to the government at the prices quoted yesterday.

CALL OF STRIKE

Bloomington, Ill., April 3.—S. A. B. Leonard of Broadwell, Ill., who has been in charge of the strike of the Chicago & Alton railroad today called off the strike and the men will return to work as the road may need them.

LLOYD-GEORGE TO
ATTEND SESSION TODAY.

London, April 3.—It is understood that Premier Lloyd-George proposes to attend the session of the house of commons tomorrow for the purpose of making a reference to the entry of the United States into the war if today's congressional debate justifies such action.

ONE DEAD IN MINE BLAST.

Chandler, Ind., April 3.—One man was killed, another probably fatally injured and six others slightly injured today in a gas explosion in an entry to the Erie Canal coal mine near here.

THREE ENTOMBED IN MINE.

Indiana, Pa., April 3.—Three men were entombed by an explosion early today in the mine of the Conemaugh Smokings Coal company at Robinsondale, near here. Rescuers are attempting to locate them. The cause of the explosion has not been determined.

SAYS RAIDER CARRIES
NO TORPEDOES.

Rio Janeiro, April 3.—The captain of one of the vessels captured by the German raider Sea Adder says that the German vessel carries no torpedoes and that her commander's name is Von Luckner. He describes the captain as a bitter anti-American, frequently attacking the United States as an unscrupulous country whose only aim was the pursuit of wealth.

HOLD POLICEMEN IN RESERVE.

New York, April 3.—Every policeman in New York not on active patrol reported this morning for reserve duty. Police Commissioner Woods issued the emergency order last night after reading the president's address. The order will keep about 12,000 men ready for immediate service.

PREDICTS ACTIVE SPRING
SEASON.

New York, April 3.—In his monthly review of business conditions, Pierre Jay, chairman of the board of directors of the federal reserve bank of New York, says there is every indication of an active spring season.

GERMAN EMPRESS
SELLS PRIVATE JEWELS

Amsterdam, via London, April 3.—A Berlin despatch to the Cologne Gazette says that the empress has sent her private jewels to a neutral country to be sold. The jewels are valued at a large sum.

PEOPLE WILL MEET AT
COURT HOUSE FRIDAYPlans Will Be Outlined To Care for
Dependent Families of Soldiers—
Committee Conference Held Yesterday.

In accordance with the call issued by Dr. Bowe as chairman of the public affairs committee of the Chamber of Commerce a conference was held Tuesday afternoon at the Ayers National Bank building. Members of the committee in addition to the chairman are E. J. Andrews, Dr. C. H. Rummelkamp, Fletcher Hopper and Mayor H. J. Rodgers. The meeting was for the purpose of outlining some plan for giving assistance to dependent families of soldiers who have now enlisted with Co. B, or who enlist in other companies that are organized. As the result of the conference it was decided to hold a mass meeting at the court house next Friday night. At this meeting a series of short addresses will be made and some organization will be perfected in order to raise a fund for the good purpose intended.

Any person who was present at the Alton station a few days ago to see Co. B leave could not fail to be impressed with the number of married men in the company. At least a dozen wives with small children were on the station platform to tell the soldiers goodbye. In most cases these are dependent relatives and when the men accepted the call of duty they left their wives and children at home practically unprovided for. It is to meet this situation that the gathering will be held Friday night. The men who are now in service and their families at home are certainly entitled to this consideration and there will in all probability be a generous response in the collection of a fund.

It is probable that an effort will be made to secure a list of persons who will make regular weekly or monthly contributions for the period of service. No doubt a large company will assemble at the court house Friday night for the announced purpose.

CALLS ON EMPLOYEES
TO SUPPORT WILSON

CHICAGO, April 3.—J. Ogden Armour today called upon 50,000 employees of Armour & Co., through the United States to give loyal support to the president. He said: "War seems about to be thrust upon us whether we want it or not. The time for discussing its advisability is past, the time for action is at hand. I ask that you evince your loyalty and patriotism in every manner."

WITH THE FARMERS

Farming Conditions Elsewhere.
Edward W. Brown, who has 100 acres of wheat on his farm in the vicinity of New Berlin does not take a very hopeful view of crop conditions. Mr. Brown says that the season has been very hard on wheat and that his crop is not coming up to his expectations. However, Mr. Brown is not ready to say by any means that the crop is to be accounted a failure, for he recognizes the fact that wheat at harvest time is to command a very high price. Mr. Brown, who recently returned from a visit to his farm near Waukegan, Wis., says that the season there is not nearly so far advanced as it is here. In driving to his farm last Thursday or Friday it was necessary to travel thru great drifts of snow and many of the roadways are almost blocked with ice and snow.

Harvest Wheat Price to be High.

Thomas Cain, who is engaged in the grain business, managing a number of elevators, thinks that there will be about half the average wheat crop in this vicinity. While Mr. Cain has seen in some instances fields where soft wheat was in good condition, his observation is that the hard wheat has come thru the winter season to a better advantage than the other variety. Asked about wheat prices at harvest time, Mr. Cain said it was a matter about which no one could tell, especially with market and demand conditions so unusual. He said that anyone would be safe in offering \$1.50 for wheat for harvest time and estimated that the price would probably be considerably higher than that figure.

ARCADIA

The farmers in this vicinity are busy sowing oats, planting potatoes and making garden.

J. J. Clark who has had a severe attack of acute indigestion is at work again.

Grandma Neill has been sick for the past few days but is improving.

Mrs. Levi Deatherage, who has been sick so long is getting along as well as could be expected.

Mrs. Roscoe Goodpasture spent Thursday with home folks.

N. E. Boston and Sam Young both of Jacksonville made a business trip to this vicinity Wednesday afternoon.

Mrs. N. E. and Mrs. C. L. Neill were business visitors in Jacksonville Friday.

C. L. Rudisill who has been shut in with the measles for the past two weeks is around again and will soon be able to begin the spring paper hanging.

Dr. and Mrs. A. E. Obermeyer made a trip to Winchester Friday in their Case car.

BLOOMINGTON STORE BURNS.
Bloomington, Ill., April 3.—Fire this morning gutted the New Market Department store in this city, the damage being estimated at \$25,000.

REJECT BOND ISSUE.

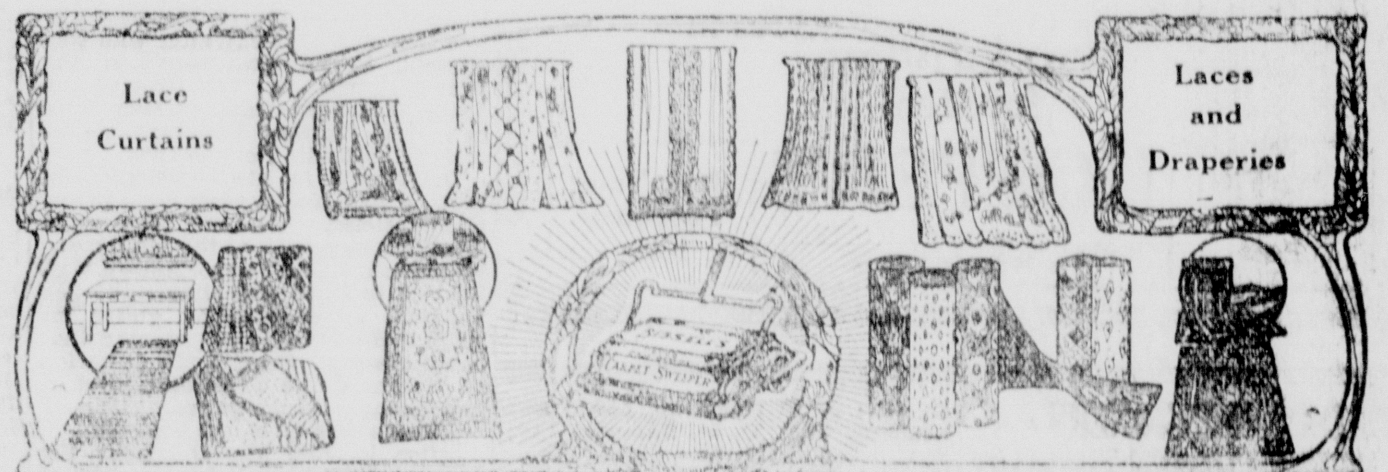

Peoria, Ill., April 3.—Peoria county voters today rejected the proposal to issue \$1,700,000 bonds for hard roads.

PARK BOARD DECIDES ON
MORE CONCRETE WALKSMrs. Lillian Danskin Named Sanitary
Inspector for Nichols Park—Work
on Golf Ground Planned.

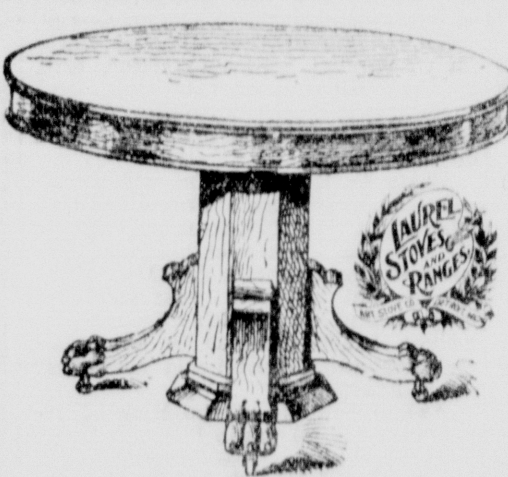

The meeting of the park board Tuesday night was brief and harmonious. Practically all of the business considered was of a routine character. The president and secretary were instructed to write a letter of appreciation to Mr. J. A. Kooyer, expressing the thanks of the board for his great kindness in coming to Jacksonville and for the valuable advice given with reference to beautifying the parks of the city.

Some grading is needed at Nichols park in preparing the grounds for golf links, and it was decided to request a number of persons especially interested in golf to take charge of this improvement and superintend the work. Mrs. Lillian I. Danskin was named sanitary inspector for Nichols park.

It was decided to lay some concrete walks in both Central and Duncan parks. After a very brief discussion of other subjects of minor importance the board adjourned.

ROAD COMMISSIONERS WERE CHOSEN TUESDAY

Sharp Contests Occurred Only in Few Instances — Meredosia Returns To Three Commissioner Plan.

The road district elections throughout the county passed off quietly Tuesday. In a number of the precincts there was no opposition and in some where there was more than one candidate the vote was light. In several instances men who received a few votes were not really candidates.

In only a few of the districts did the contests get out a vote. In districts No. 5 and No. 6, there were some lively contests and a large vote was polled.

Meredosia Returns To Old Plan. Meredosia which is located in district No. 5 has been under the single commissioner plan. There were five candidates in the field and Charles Schlecker, J. H. Northrup and Dave Leonard were elected commissioners and Louie Hinners was elected clerk without opposition, receiving 239 votes.

In district No. 8 the fight was a hot one and John Snyder and Lloyd Magill were elected over Cliff Corrington and Henry Ruble.

District Returns. The vote in the various districts is given hereunder:

District No. 1—W. T. Richardson 76 votes; no opposition.
District No. 2—Pon Strickler, 109; John Kennedy, 35; W. B. Willis, 6; A. N. Hall, 6.
District No. 3—H. F. Baker, 45; H. C. Lippert, 21.
District No. 4—George W. Northrup, 21. No opposition.
District No. 5—Charles Schlecker,

er, 237; J. H. Northrup, 168; Dave Leonard, 156; C. M. Skinner, 119; Benjamin Powers, 78. Clerk—Louie Hinners, 239. No opposition.
District No. 6—A. W. Jewsbury, 53. No opposition.
District No. 7—C. W. Cully, 69. No opposition.
District No. 8—John Snyder, 210; Lloyd Magill 188; Cliff Corrington, 111; Henry Ruble, 92.
District No. 9—E. T. Sample, 231; George Beckman, 159.
District No. 10—M. J. Doolin, 169; Irwin Watt, 58.
District No. 11—C. B. Clarkson, 96; Dean Crouse, 77; Ben Cade, 52.
District No. 12—Warren Fanning, 115; Guy Herford, 56.
District No. 13—E. M. Narr, 72. No opposition.

MRS. ANNA DRESSER FOUND DEAD NEAR OWN HOME

sed While Cleaning Rug in Yard—Well Known Resident of City Collapsed Prostrate Body Discovered By Miss Hopper.

Mrs. Anna Dresser, widow of the late Frank Dresser, died suddenly in the yard at her home, 1902 South Clay avenue Tuesday afternoon about 4 o'clock. Mrs. Dresser was cleaning house and evidently was engaged in shaking a rug when death came, as she was lying on the ground with the rug over her when discovered.

Mrs. Dresser was first discovered by Miss Lena Hopper, supervisor of music in the public schools, who was passing the Dresser home on her way from the Morton school. Miss Hopper said she happened to glance in the yard and saw a woman lying there and went in and spoke to her. There was no answer and Miss Hopper touched the body and felt the pulse but there seemed to be no life. She then called Miss Anna B. Duffner who came to her assistance.

Miss Hopper and Miss Duffner summoned neighbors and telephoned for a physician. Dr. F. A. Norris was soon at the Dresser home but when he arrived life was extinct.

Coroner's Jury Called.

The circumstances surrounding Mrs. Dresser's death were such that Coroner Rose was notified. He empaneled a jury and held an inquest. The testimony of Miss Hopper, Miss Duffner and Dr. Norris was heard as was that of Charles Walter who was engaged in hanging paper in the Dresser home at the time of the death. The testimony of Miss Hopper, Miss Duffner and Mr. Walter told of the finding of the body.

Dr. Norris in his testimony said that he had never seen Mrs. Dresser's physician but he had been called for other members of the family. Dr. Norris said he had never known Mrs. Dresser to have any illness but she had had an exophthalmic goitre for years. He gave as his opinion that death resulted from acute dilatation of the heart due to chronic myocardial changes from goitre.

Death Due to Heart Affection.

After hearing the testimony the jury returned a verdict in accordance with the facts as given. The jury was composed of D. T. Helmlich, foreman; C. D. Harmon, B. F. Ferguson, Ray Harmon, Clyde C. Hembrough and J. A. Mayer, clerk.

Deceased was the daughter of Frank and Sarah Quintel and was born in Naples September 4, 1861. She was educated in the public schools of Naples and was united in marriage there to Frank Dresser, June 3, 1884. After her marriage she came to Jacksonville which has since been her home.

Two Daughters Survive.

Mr. Dresser died May 24, 1907. She is survived by two daughters, Mrs. R. R. Brittenham of this city and Mrs. Otto Hurst of Grand Rapids, Mich., and one granddaughter, Eloise Fern Hurst. She also is survived by one brother, Charles Quintel of Naples, and one sister, Mrs. William Whalen of this city. Her parents and two brothers, George and William Quintel preceded her in death.

Early in life Mrs. Dresser united with the Methodist church at Naples. She was a faithful attendant during all her life. After coming to Jacksonville she attended Brooklyn M. E. church but always retained her membership at Naples. She was a woman much devoted to her home and her going will bring sorrow to many hearts.

Announcement of the time of her funeral will be made later.

DR. E. F. BAKER HOME

FROM SOUTH

Dr. E. F. Baker has returned from a sojourn of several months in the south in company with J. W. Miller and wife of Quincy and the doctor's niece Miss Mabel Scholl. Mr. Miller is a prominent citizen of the Gem City and a manufacturer of plumbers' supplies. The party spent their time principally at Mobile, Biloxi, Gulfport and New Orleans. The doctor is very enthusiastic over Gulfport, the pleasant hotel there, the fishing opportunities and many other attractions. He became quite an expert fisherman and enjoyed the balmy air of the south not a little. He is looking remarkably well and the sun and wind of the southland have left their impress on his countenance to their credit.

Messrs Joseph L. and Walter Shreve and their sister, Mrs. Anna Goodrick all went to Virginia yesterday for a visit with their uncle, the venerable Thomas Williamson, now several years past ninety and still enjoying quite good health.

TRUSTEES OF ILLINOIS PLEDGE COLLEGE PLANT

Campus, Laboratories and Equipment Placed at Disposal of the Government, According to Action Taken in Special Meeting Tuesday

The board of trustees of Illinois college pledged to support the government in a tangible way Tuesday afternoon at a special meeting, called at 5 o'clock in the basement rooms of the Ayers bank building. By terms of the resolutions adopted by the trustees the plant and equipment of the college will be placed at government disposal for military use.

The students of the college and the faculty have already sent expressions of loyalty to the administration during the present crisis but it remained for the trustees to state definitely the course which the college may take as they alone could speak regarding plant and resources. The laboratories are mentioned in the resolution as are the college buildings. The use of the campus for recruiting purposes or as a place for preliminary training, may be a way in which college property could be employed.

President Rammelkamp has received from President Wilson acknowledgment of the recent pledge of support sent the administration by the Illinois College faculty. The note was read Tuesday morning to the students assembled in chapel. The words of the acknowledgment: "The president thanks you cordially for the good will which prompted your kind message, which has helped to re-assure him and keep him in heart."

Text of Resolutions

Following is the text of the resolution as adopted by the trustees:

"Whereas the present crisis which has been forced upon our country by the Imperial German government makes it necessary for every citizen and every organization and institution loyally to support the President and the Government of the United States and to do every possible thing to place at the disposal of the President the whole strength of the nation."

"Resolved by the Trustees of Illinois College assembled, in special meeting on this 3rd day of April, 1917, that we hereby place at the disposal of the Government of the United States the laboratories, plant and equipment of Illinois College to be used in such manner as the needs of the future may determine and the resources of the College may permit."

"Resolved that the Secretary be instructed to send a copy of these resolutions to the President of the United States."

GREAT SPECTACLE COMES TO GRAND THURSDAY

The current season's biggest hit in New York, D. W. Griffith's colossal spectacle "Intolerance" will come to the Grand tomorrow for three days.

This amazing production is said to be more than the world's greatest photoplay; in every way it is the biggest art-work of any description ever created. In comparison with those gigantic structures reared by Mr. Griffith in his resuscitation of Ancient Babylon, the mighty walls, the temple of Bel, and the gorgeous palace of Belshazzar, the most imposing structures of New York or any other modern city seem unimportant. Unparalleled in battle scenes is the ferocious and thrilling attack upon Babylon by the great Cyrus and his horde of mail-clad warriors.

In this production D. W. Griffith tells four separate, complete and human stories, no one related to the other, yet all alike in purpose that of showing us convincingly the evils of intolerance. Babylon, Judea, Old Paris and an American City of the present are the scenes of the stories. A symphony orchestra of thirty is a feature of the entertainment.

SCHOOL BOARD ELECTION NEAR AT HAND.

A petition was circulated Tuesday by L. O. Vaughn to place the name of J. P. Lippincott on the ballot in the coming school election as a candidate for president of the board of education. It is necessary that such petitions be filed with the clerk of the board at least ten days before election. Mrs. J. K. C. Pierson, one of the retiring members, has stated that she will be a candidate for reelection and Thomas Hopper has indicated that he is willing to run if the people desire his services. It is also probable that Mrs. Walter Brockman, the third of the retiring members, will serve if friends circulate a petition in her name.

Misses Kathrynne Irvin and Herbert Garner spent a few days the latter part of last week at the home of Mrs. Edw. Krone near Cass Sidling.

Miss Emma Chamberlain of Dow City, Ia., is spending her Easter vacation at the home of her grandmother Mrs. Geo. Henderson whose condition does not improve.

Mrs. Dr. J. F. Snyder was taken very ill a few days ago and a trained nurse was called to attend her. The doctor, who has been a rheumatic sufferer for some time does not improve as speedily as his friends wish.

G. P. Rockwell who was a member of the Honeywell Evangelistic party which held a series of revival meetings here about eight years ago was renewing acquaintances here the past week. Mr. Rockwell favored the congregation of the Christian church with a solo Sunday morning which was highly appreciated. While in the city he was the guest of Mr. and Mrs. Favre Wilson.

Mrs. Lee Skiles left Friday for Asheville, N. C., for a visit with her daughter Helen who is spending the winter at that place.

Miss Irene Murry returned home Saturday from a season spent in Florida for the benefit of her health. Mrs. Earl Smith and infant son are spending the week in Girard the guests of her parents Mr. and Mrs. W. T. Trumble and other relatives.

Samuel Bailey and J. C. Bailey have purchased a Ford delivery truck in partnership and will use it for delivery purposes for both grocery stores.

Mr. and Mrs. Richard Cown of Chandlerville spent Sunday at the S. R. Saffern home in this city.

Harry Hubbard is remodeling his home in an extensive manner and when completed it will be a handsome modern bungalow.

HOME TALENT MOVIE TO BE SEEN AT SCOTT'S

The management of the Scott Theatre has just contracted with the Censor film producers of Chicago to make a home talent motion picture comedy entitled "Jacksonville Adopts a Baby." The entire cast will be composed of local talent, the scenes will be taken in the residential and business district, in the park and at the railroad depots. The picture is a laugh producing comedy, with historical, business and domestic situations interwoven that carry interest thruout the entire play. The title is adaptable to any city and was put over last season in a number of middle west and eastern cities with great success. Representatives who are now here preparing for the production claim that it is a theme that appeals to the masses and every one is expected to take part who have ever had a desire to become a motion picture actor. The cast will consist of five principals and hundreds of others as supports. Any one desiring to enter into the enterprise can leave their names and phone No. at the Scott Theater Box office.

CORONER'S INQUEST ON BODY OF MCMANNIS

Coroner Rose empanelled a jury and held an inquest at the Reynolds undertaking parlors Tuesday afternoon at 1:30 o'clock on the body of W. H. McMannis.

After hearing the evidence of John Rodens, engineer and C. R. Miller, fireman, of the train that killed McMannis, the jury returned a verdict that death came as the result of being struck by a Wabash passenger train while walking on the company's right of way.

The jury was composed of W. S. Badger, foreman, Everett S. Klimmell, Al Baldwin, T. J. Bronson, Otto Buhrman and John W. Priest, clerk.

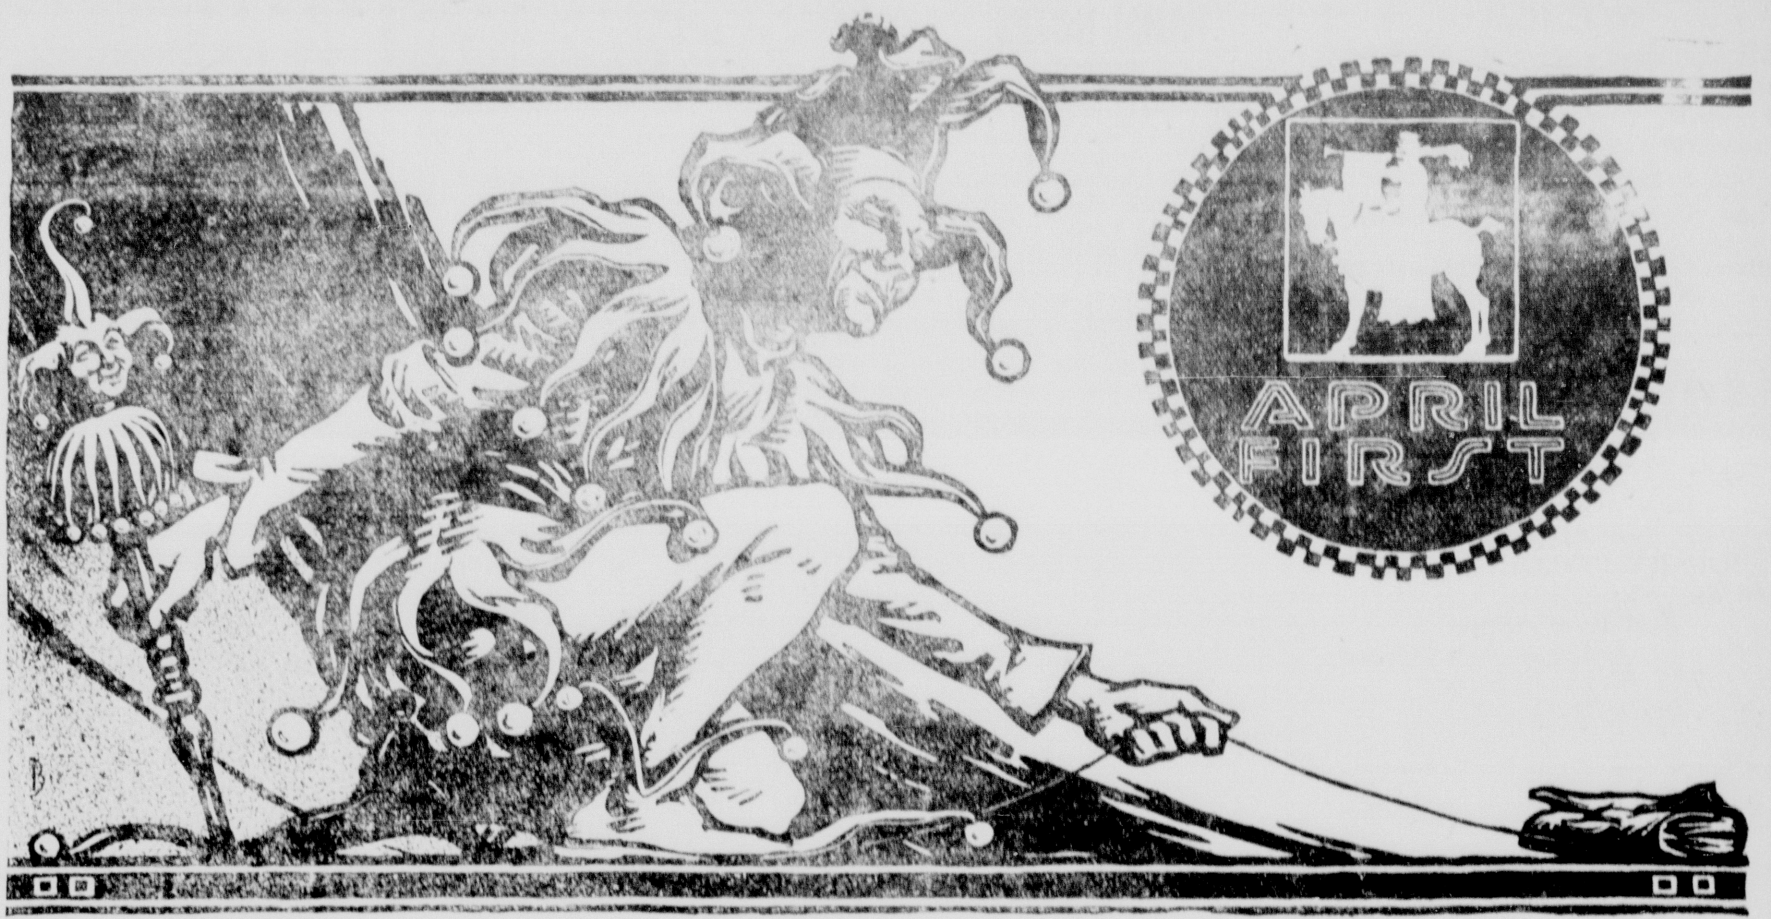

The body will be buried in Jacksonville cemetery this morning.

KNIGHTS TEMPLAR

The annual Easter service to Hospitalier Commandery Knights Templar will be delivered by Rev. J. P. Langton at Trinity Episcopal church Sunday afternoon. This is a new departure as heretofore the sermon has been in the forenoon. As many of the members desire to attend their own churches in the forenoon the change is a good idea.

INTRODUCE BILL TO ERECT STATUE

Peking, April 3.—A bill has been introduced in the senate for the erection of a bronze statue of John Hay, former American secretary of state. The statue is intended to commemorate the stand of the United States in support of the open door policy in China and its action in refunding the Boxer indemnity.

LITERBERRY MAN GIVEN SURPRISE ON BIRTHDAY

Dinner Planned in Honor of Riley Young Proves Enjoyable Event—Rochester Family to Leave for Manchester—News Notes.

Literberry, April 3.—Riley Young was fifty nine years old last Sunday, and his relatives surprised him by giving an elaborate dinner for him. Mr. and Mrs. John Young opened their home for this occasion. This dinner was like all other Literberry dinners, the best ever. There was chicken with all the trimmings, ham, home made bread, salads, vegetables, pickles, pie, preserves, whipped cream on jello, cake, candy and coffee.

Those who helped demolish this dinner were Willard Young of Jacksonville, Miss Jean Caldwell, Ray Chapman, Mr. and Mrs. Earnest Young, Mr. and Mrs. W. W. Young, and children. Mr. and Mrs. John Young and Miss Helen Riley enjoyed the affair and ate as much chicken and gravy as any one. His friends wish him many more birthday dinners.

The Baptist people will hold their annual Easter social in the basement of the Baptist church on Saturday evening, the 7th from 6 to 10. Everybody invited.

Prof. and Mrs. A. B. Rochester on Peoria Boulevard, were surprised on Monday evening by some friends coming in with candy and popcorn, to spend the evening and have a pleasant visit. The Rochesters will go to Manchester this week, as the school in the Senior room closes on the 6th. We are sorry to lose their nice people and hope they will return in the near future and make Literberry a visit.

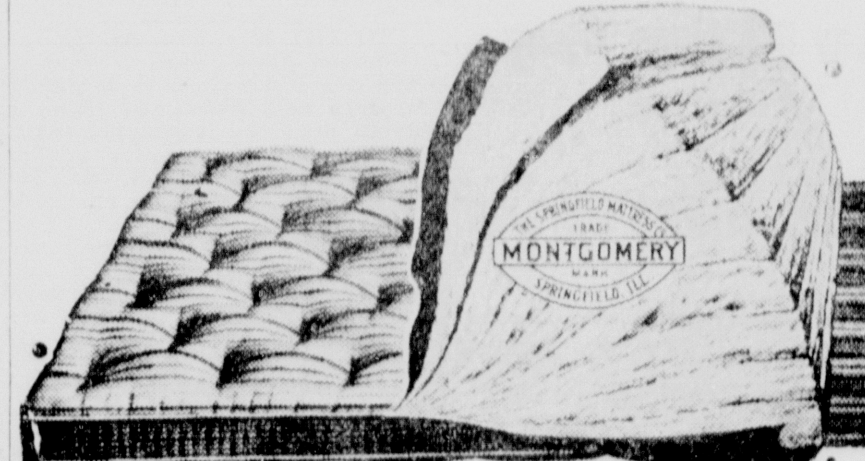

John Stanley of Grace Chapel was doing business in Literberry Monday.

Mrs. J. A. Litter called at Sunshine Cottage Monday evening.

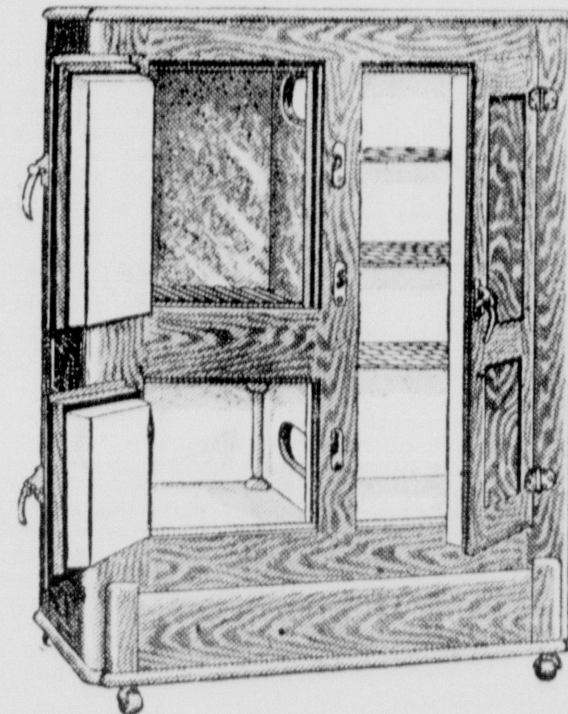

NOW IN CANADA

Abe Fernandes of King street and in the employ of W. F. Widmayer, has received a letter recently from his son Elmer. The young man was employed a year or so in the Armour Packing company's plant in Kansas City and then decided to try his fortunes in the north and started for Winnipeg, Canada, where he now is with his partner. For hundreds of miles he traveled thru much snow and in places it was three feet deep. Nearly all the places he visited have been drained of their young men who have gone to defend the mother land and are now in the trenches or fighting the enemies of the allies in some other capacity. Some of them are employed there guarding bridges and they show scant courtesy to anyone manifesting the least disposition to do damage to the structures under their care. He said farm hands get \$45 a month and board and farmers are glad to pay the price and eagerly employ all who offer.

FARM NOTES

Annual Meeting of the Illinois Agricultural Association

The Illinois Agricultural Association held its annual meeting Saturday, March 31st in the Gold Room of the Jefferson Hotel, Peoria. This association was organized in Illinois a year ago and includes counties in Illinois having regularly qualified county agricultural advisers. Eleven counties belong to this association and nine were represented by their directors at the annual meeting. Six of the county advisers were also present. The report of secretary E. T. Robbins showed that the work mapped out to be accomplished during the past year was coming on in good condition. Much of this work was of pioneer character and considered in working out the system of operation on which the association could be of the greatest benefit to the farmers of Illinois. Plans are developing to bring the farmers of these eleven counties into closer cooperative business relations as well as combining their influence for favorable legislation and a progressive attitude on all agricultural matters. Reports showed a number of other counties which are ready to join.

President-elect Kirkton made a strong speech in which he urged that all eligible counties should join the association. He made the recommendation that the annual membership fee should be reduced for the present as the scope of the work does not now demand as much money as a large fee from all eligible counties would supply. During subsequent proceedings the constitution was amended so as to place the annual membership fee at \$30 instead of \$100 as heretofore.

Mr. Danforth explained the advantages of federal supervision of grain inspection which has been provided by an act of congress for which the Illinois Agricultural Association and allied interests worked hard last year. He also explained that the association should stand firmly on a demand that the railroads should prove that higher freight rates are justified before these should be granted. He also explained the necessity for a state law, making farm loan bonds equal to any other securities for the investment of banks.

State Veterinarian C. E. Dyson was present and explained in some detail his plan for the complete control of hog cholera. 1. By controlling the movement of cholera hogs. 2. Suppressing outbreaks. 3. Cooperation of breeders. 4. Official control, such as was exercised effectively in suppressing foot-and-mouth disease. A discussion of these matters continued among the members during lunch and the meeting was called to order again at 1:30. Plans were completed for conducting a membership campaign to bring together all the counties in the state.

Medicine

CAN EAT ANYTHING NOW

Freeport, Ill., April 4.—"I can do a big day's work with ease since taking Tanlac and before I was in such poor health that I often had to lay off from work and I never felt good," Frank Knight, of Lena, thirteen miles west of this city, said on March 28.

"My stomach was all out of order," Mr. Knight continued. "After every meal gas would form in my stomach and would cause bloating and belching. Even an operation failed to help me. I also was bothered with rheumatism. Severe pains came in my limbs often. In fact, my system was run down in every way. My health was very poor and my work was just drudgery."

"I read in the newspapers of so many people of Freeport and vicinity being healed of their ailments and I decided to try this new medicine. My stomach is in such good condition since taking Tanlac that I can eat anything I care for without any distress afterward whatever. The rheumatism has disappeared entirely, also. My health in general is a great deal better and I'm finding my work much easier now."

"Tanlac has done so much for me that I want to recommend it for others and I believe it will help others just as it did me."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, loss of appetite and the like and is a fine tonic and strength builder for weak, nervous, run down men and women.

Tanlac is now being introduced in Jacksonville at Coover & Shreve's East Side Drug Store where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at Coover & Shreve's West Side store and is sold in New Berlin by the New Berlin Drug Co. and in Waverly at the Wyle Drug Co.—Adv.

eligible to membership. The appointment of committees was left to Pres. Kirkton. Resolutions were adopted opposing any increase in railway freight rates until the companies prove the justification for such increases. Mr. Danforth was appointed to represent the association in these matters. A resolution was passed endorsing Senate Bill 105, which is one of the most important agricultural educational bills up for consideration at this session of the legislature, as it will encourage the organization of county farm bureaus throughout Illinois. Instructions were given to the various committees regarding this year's work and the meeting adjourned at 4 p. m.

At a number of times during the meeting, men who were present upon invitation, expressed the opinion that this Illinois Agricultural Association occupies a field of greater value to the farmers of Illinois than can possibly be filled by any other agency. It is an organization comprising about 4,000 actual farmers of the most progressive sort. The county farm bureaus which already belong to the association are Bureau, Champaign, Du Page, Joliet, LaSalle, Livingston, Mason, McLean, Tazewell, Will and Woodford.

GOOD FARMING.

Larry Flynn residing northeast of the city had a field of soft wheat; likewise he had a lot of straw which he spread on the cattle run over it and left it in good shape for the land. Then with his spreader he strewn the straw over a field of soft wheat and today the beneficial effects of the work are well apparent. In general the soft wheat is not in nearly as good condition as the hard wheat and so Mr. Flynn has scored a notable exception. The straw kept the moisture in the ground, adds fertility to it and during the long dry spells such as we had the past fall and winter it keeps the dirt about the roots of the tender plant.

VALUABLE CATTLE.

Frank Boggs carrying on a part of the Boggs farm southwest of the city sold yesterday 137 Poll Angus cattle to Mr. Savage of Menard county, for \$137 a head. The cattle are in fine condition and every way fit, doubtless to top the market.

TO TRY SPANELL AGAIN.
Coleman, Texas, April 3.—Preparations are being made to begin the trial here next Monday of Harry J. Spanell, under an indictment charging him with the murder of Col. Malcolm C. Butler, U. S. A. The case was brought here on change of venue.

The killing of Col. Butler occurred in the town of Alpine last July. Spanell was proprietor of a hotel in the town and Col. Butler, who had been assigned to duty in the vicinity during the Mexican border troubles, was a guest at the hotel with his wife. During their stay at the hotel Col. Butler and his wife became intimate with Mr. and Mrs. Spanell, the latter being the daughter of a Texas millionaire and reputed to be one of the most beautiful women in the Lone Star state.

Spanell is alleged to have been insanely jealous of his wife and of the attentions paid her by Col. Butler. On the day of the tragedy he invited the army officer and Mrs. Spanell to ride in his automobile. Reaching the outskirts of the town, he is said to have turned about in his seat and fired two shots into Col. Butler and Mrs. Spanell, killing both of them almost instantly.

Spanell was tried at San Angelo in February on a charge of murdering his wife and was acquitted by the jury.

FROM THE EDUCATOR'S
NOTEBOOK

Frederic Henry Sykes, president of the recently founded Connecticut College for Women, at New London, Conn., who is at odds with the board of trustees, and whose administration is to be investigated, is a Canadian-born educator with considerable reputation as a thinker and writer on methods of writing English. When chosen, in 1913, for the post of first president of the new Connecticut college, Professor Sykes was on the faculty of Columbia University's Teachers' College, where he had charge of the schools of household and industrial arts, and was also professor of English. For seven years before that, from 1903 to 1910, he had had charge of the university's extension teaching department, besides teaching English. Earlier work, from 1897 to 1903, had been with the American Society for University Extension. Teaching as a lecturer. His student days were spent successively at the University of Toronto, at Johns Hopkins, Baltimore, and at Exeter College, Oxford, England. He has been a prolific writer of textbooks.

When the Association of Collegiate Alumnae assembles next week in Washington, April 9 to 15, for its convention its delegates will include many of the presidents of the leading women's colleges in the United States, a dearth of women in other colleges, women trustees and women professors, besides many women prominent in fields other than the academic. There will be delegates from the eighty-two branches of the Association, and also from the alumnae organizations of practically all the women's colleges of the country, representing fifty-two colleges and universities whose A. B. degrees entitle women to membership in the Association. The Association of College Alumnae was organized in 1882 by a group of seventeen college graduates in Boston, under the leadership of Mrs. Alice Freeman Palmer, and at the present counts over 25,000 members. The national officers are Miss Caroline J. Humphrey, at one time acting dean of Radcliffe, president; Dr. Elsie Seelye Pratt, of the University of Michigan, vice-president; Mrs. Gertrude S. Martin, formerly dean of women at Cornell, executive secretary; Miss Helen W. Peckham of Berkeley, Cal., recording secretary; and Miss Catherine Panchen, of Germantown, Pa., treasurer. The association was formed originally to raise the standards of women's colleges to the standards of colleges attended by men, and as each college achieved this standard its graduates became eligible to the association. Therefore the fifty-two colleges from which alumnae are now eligible indicate the great success of this effort to bring women's colleges to a high scholastic standard.

The runners are set back between the wheels, and corn is dropped within seven inches of the covering point between the wheels. Their close coupled arrangement insures that every kernel of corn is planted exactly the same depth. The seed cannot be scattered on top of the ground or plant-

ed so deep it will not germinate. The shoe floats through the ground accommodating its depth to any variation of the wheel as it travels over the ground. By this close coupled arrangement the soil is packed back into the furrow at once. No clogging in the wheel possible.

TERRIBLY SICK WOMAN

Surgical Operation Thought Necessary, but Lydia E. Pinkham's Vegetable Compound Saved Her.

Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pains in my back and was about to have an operation when a friend said to me, 'Before having that operation just try Lydia E. Pinkham's Vegetable Compound.' So I let the operation wait, and my husband bought me the Vegetable Compound and it has made me a well woman and we have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will lead other suffering women to try it."—MRS. BENJAMIN F. BLAKE, R.F.D. No. 5, Box 22, Madison, Wis.

There must be more than a hundred thousand women in this country who, like Mrs. Blake, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

All women are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

YOU'RE AN EASY PREY, with your flesh reduced below a healthy standard, for Grip, Bronchitis, Consumption and other dangerous diseases. And it's for just this condition that Dr. Pierce's Golden Medical Discovery is especially valuable. If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause, the "Discovery" will surely bring you up to the healthy standard. By restoring the normal action of the deranged organs and functions, it secures every natural source and means of nourishment. A strength-restorer and flesh-builder. It can be had in tablet or liquid form. Ingredients printed on wrapper.

Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals and with your meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that give it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest, antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

ANOTHER WOMAN TELLS

How Vinol Made Her Strong
Beallsville, Ohio—"I wish all nervous, weak, run-down women could have Vinol. I was so run-down, weak and nervous I could not sleep. Everything I ate hurt me, and the medicine I had taken did me no good. I decided to try Vinol, and before long I could eat anything I wanted and could sleep all night. Now I am well and strong, and in better health than I have been for years."—Mrs. Anna Millson, Beallsville, Ohio.

CHRISTIAN SCIENCE LECTURE HEARD BY MANY

Boston Speaker Presented Extended Argument In Support of the Church With Which He Is Affiliated.

The lecture on Christian Science delivered at the Odd Fellows' temple on East State street Sunday afternoon was attended by a large audience. The speaker was Clarence C. Eaton, member of the board of lecturers of the mother church, the First Church of Christ, Scientist, at Boston, Mass. There have been a number of lectures on this subject delivered under the auspices of the local church and none of them have been more interesting or helpful than this one by Mr. Eaton. In a very convincing way he pointed out the benefit of Christian Science in its relationship to human life and presented arguments and facts to show reasons for the great growth of the church. In summing up his excellent address Mr. Eaton said:

When founding this great movement, Mrs. Eddy made known the teaching and practice of Christian Science by publishing the text-book, "Science and Health with Key to the Scriptures." The religious and metaphysical teaching therein embodied is founded upon the Scriptures, and particularly the words and doctrines uttered and promulgated by Jesus of Nazareth. In this book and in her other writings, Mrs. Eddy has given special emphasis to the fact of the reality of spiritual life and being. She has quickened the interest of mankind in Scriptural history and teaching, and has given a new significance to the so-called miracles of Jesus' time. She characterizes them as divinely natural manifestations, produced by the operation of the Principle of the Science of being, according to well-defined law. In proving her contentions, Mrs. Eddy has resorted to the service of mankind the practice of healing bodily infirmities entirely through spiritual means.

The text-book referred to was first published in 1875. Successively, and as the needs have since required, there have appeared, under Mrs. Eddy's direction, periodicals which are now being published monthly, weekly and even daily. These publications contain instructive writings in amplification of the teaching and practice of this Science, and except the daily newspaper give authentic instances of healing which have occurred from day to day as a result of the observance and application of the doctrines of Christian Science. They are also providing information relative to the growth and progress of the cause, as well as legitimate news and world events of moment and interest, and valuable comment thereon.

Value of Writings
In dispensing thoughts of love, peace, purity, health, and righteousness, the value of the service which these writings and publications are continually rendering mankind is beyond estimate. The far-reaching influence of Mrs. Eddy's life work, and the power for good which it is exerting, mankind today but dimly realizes and only feebly comprehends.

It is an occasion for congratulation and thanksgiving that the present generation are witnesses and participants in the activity of this world-wide movement of true Christian faith and practice. Those who glory and share in its triumphal progress and achievements, gladly and lovingly accord Mrs. Eddy the honor due her as its Founder. Her earliest struggles on behalf of this consummation first assumed definite and effective shape less than fifty years ago. As a consequence, today millions of adherents and sympathizers are reaping the benefits. The impulsion and inspiration which urged Mrs. Eddy forward to the accomplishment of a work which since the Master's time is without a parallel in the world's history, was the service which she could thereby render suffering humanity. Our appreciation of all this, and our gratitude to her, can best be evidenced by purity, meekness, and humility, and in loving, uplifting service to one another.

Triumph of the Truth
Impelled by the inspiring words and demonstrations of a solitary woman of our own best land, a vast number, who represent every nation of the earth, are today observed climbing the heights of spiritual understanding. A progressive Christianity is leading them on, and the ever-brilliant rays of Divine Truth go before to designate and illuminate the way. On every hand the waymarks and influence of ignorance, fear, superstition, bigotry, and false beliefs are seen to disappear. Moreover their effects in sin and disease, and in impotent and obsolete doctrines and practices, are rapidly vanishing from human experience.

Divine metaphysics is releasing mortals from the grasp of limitations imposed by sensory evidence, and is breaking down the barriers of doubt and skepticism as to the eternity of life and being. It is re-establishing as rational faith in dependence upon the sustaining presence of the eternal verities of Life, Truth and Love. It is arousing consciousness to the apprehension and acceptance of the healing and redemptive power of God's immutable laws.

The Enlightened View
As a result of this enlightened advancement and transformation, salvation no longer means the escape or deliverance of wicked and condemned persons from the punishment threatened by an avenging Deity. In place of its former and most repelling significance, the term salvation is now being accepted as synonymous with the attainment of spiritual understanding. Working out one's salvation is best comprehended as the simple act of the individual in acquiring the true knowledge of the relationship ex-

isting between God and His universe, including man, which He created and governs.

Christian Science is very largely responsible for this improved condition and ever-increasing knowledge, since through its teaching and practice it has disclosed the important fact that all the functions of true existence are and must ever be centered and circumscribed in this knowledge. It is also conclusively proving that the natural outcome of what might be rightly termed Christian activity is the healing work which Christ Jesus insisted should be considered as the only legitimate evidence of a man's right to be called a Christian.

INTERLOCKING SWITCH COMPLETED AT WAVERLY

Plant Put in by Burlington Said to be One of Best in State.

The new interlocking plant which has been in process of completion by the Burlington at Waverly for some time was put into service Sunday. The plant, which is modern in every respect and probably the best in the state, will result in easier handling of trains and continuous telegraph service for Waverly. Three operators will be stationed at the plant, working in three nine hour shifts so arranged that during the heaviest hours of the day there will be two operators on duty. Joseph Evans, a former Waverly resident, is now serving as operator, having the daylight shift from 7 a. m. to 4 p. m. The home signals are located 560 feet distant in each direction, the distant signals 2,500 feet from the home signals, and the enunciations are 7,000 feet from the station. Thus when a train approaches with in a mile and a half of the station the fact will be instantly recorded in the office. The work has been in charge of Signal Foreman Charles Salchow, who has recently been given a promotion by the Burlington and will be located in Chicago.

SHARP CONTEST IN MASSACHUSETTS

Boston, Mass., April 3.—Following the close of one of the most spirited campaigns seen in Massachusetts in many years, the voters throughout the state re balloting today for delegates to the proposed Constitutional convention. The purpose of the primary is to eliminate some of the candidates for delegate. The 32 candidates receiving the highest votes in the primary will go to the polls for the election on May 1. Of these the 16 receiving the most votes will be elected to the convention.

The struggle for delegates is between the so-called conservative and radical elements. Fear that the control of the convention by the "radicals" would mean the incorporation of the initiative and referendum, the recall and similar features in the new constitution has led to a hard fight on the part of the conservatives to elect their delegates to the convention. Some of the foremost men of the state are seeking seats in the convention, among them being three former governors, John L.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious,
Clean Little Liver and
Bowels.

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother. See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

True Secret of Keeping
Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mineral origin. There is no habit-forming constituent in 'Sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

586.8 Miles

Through the Heart of Chicago in 24 Hours

A Typical Chalmers Performance

At 12 noon, Monday, March 26, a stock Chalmers seven-passenger touring car with first and second gears removed, was started north on Michigan Boulevard through Chicago traffic.

At noon Tuesday, March 27, the Chalmers was stopped at the starting point. It had gone 586.8 miles through Chicago's densest traffic. The motor had never been stopped. Nothing but high gear was used.

To prove conclusively Chalmers flexibility on high gear, the low and intermediate gears were removed from the transmission.

The car was a standard Chalmers seven-passenger touring model, complete with standard body, top and full equipment. The same model you can buy today.

THIS IS TO CERTIFY that the Chalmers seven-passenger car above mentioned was a fully equipped stock car. It was driven for 24 hours through Chicago traffic. Only high gear was used. The motor was never stopped during the run. The mileage obtained was 586.8 miles. The gasoline consumption was an average of slightly over 14 miles per gallon.

Some Other Chalmers Achievements

Chicago to New York

On June 7, 1916, a Chalmers stock car shattered all existing road records between Chicago and New York, making the run of 1047 miles in 31 hours. The best previous time was made by a Packard driven by E. C. Patterson, whose time was 35 hours 43 minutes.

Giant's Despair Mountain Climb

On October 6th, 1916, a Chalmers captured the free-for-all event at the Wilkes-Barre hill climb on Giant's Despair mountain, winning the \$1,000 Hollenbeck Trophy and defeating four 12-cylinder cars, several well-known racing creations

and many of the highest-priced and highest-powered American cars.

Wins Pike's Peak Climb

August 11, 1916, a Chalmers carried off first honors in the 230 cubic inch class on the terrific grades of Pike's Peak in Colorado. Its time was within a few seconds of much higher-powered, and specially built machines.

Detroit to Indianapolis

On June 12, 1916, the Chalmers set a new record over the roads between Detroit and Indianapolis. 305 miles, making the trip in eight hours, 23 minutes.

Atlanta to Chattanooga

June 24, 1916, a Chalmers lowered all records between Atlanta and Chattanooga. The distance of 125 miles was covered in 3 hours, 53 minutes. This is faster than the time of the Dixie Flyer, the fastest railroad train of the south.

Dallas to San Antonio

Another famous train—the Katy Limited—was beaten by a Chalmers between Dallas and San Antonio. The Chalmers made the run in 9 hours and 22 minutes, 1 hour and 33 minutes faster than train time.

LITERBERRY WOMAN'S MISSION SOCIETY MEETS

All Day Session Proves Profitable
One—Will Study "Old Spain in
New America"—Recent Happen-
ings

Literberry, March 31.—The Women's American Mission Society met in an all day meeting Friday at Ingwood with Mrs. J. E. Underbrink, hostess. Two members were present. The morning was spent in social conversation. At noon the guests were invited to the dining room and a bountiful dinner was served. There were meats, vegetables, preserves, cake, cream, and splendid iced coffee, and good bread, all nicely prepared and nicely served.

After dinner our worthy president, Mrs. W. E. Murray took charge of the meeting. The program: The program: Scripture reading, 2nd Timothy, 2nd chapter. Song, "Help Somebody Today." Mrs. Underbrink, pianist. Prayer, by Mrs. James Lowden. The organization was talked over, and perfected, some changes were made, new rules established, work planned, and the members all in earnest ready for service.

A short reading was given by Miss Edna Armstrong, subject, "What Our missionaries are doing in Foreign Fields." The society then sang "Old Spain in New America." This was read aloud for the benefit of all present. Readers, Mrs. Earl Rexroad, Mrs. C. A. Reavers, Mrs. H. E. Gottschalk, Mrs. J. E. Underbrink.

Only part of the book was read at this meeting and it will be taken up again at the April meeting. The following books were given out to the members for the coming month: "The New Era in Asia," "World Missions and World Peace," "My Lady of China," "The Light of the Lighthouse," "The South Today," "Kiowa," "Comrades in Service." An offering of \$3.50 was taken. Meeting closed at 4 o'clock.

AMORIST

Standard Trotting Stallion

Bred by Dana Perkins, Rockland, California

Recently Purchased by Scott B. Greene

Never have the breeders of Morgan County had the opportunity of breeding to a horse with a race record as fast as the bay horse AMORIST 2:12½ trotting, owned by SCOTT B. GREENE.

AMORIST is a grand individual standing 16.2 hands high and weighing 1390 pounds in racing conditions. He has been a good, game race horse and is sired by the great Zombro 2:11, who is the sire of 23 2:10 performers with a total of 128 in 2:30. The get of Zombro won \$15,516 in races in 1916.

The grandsire of AMORIST is McKinney (2:11½, sire of 28 2:10 performers and 196 in 2:30. The get of McKinney won in 1916, \$11,757, while horses tracing to him in the direct male line won the huge sum of \$173,688.75.

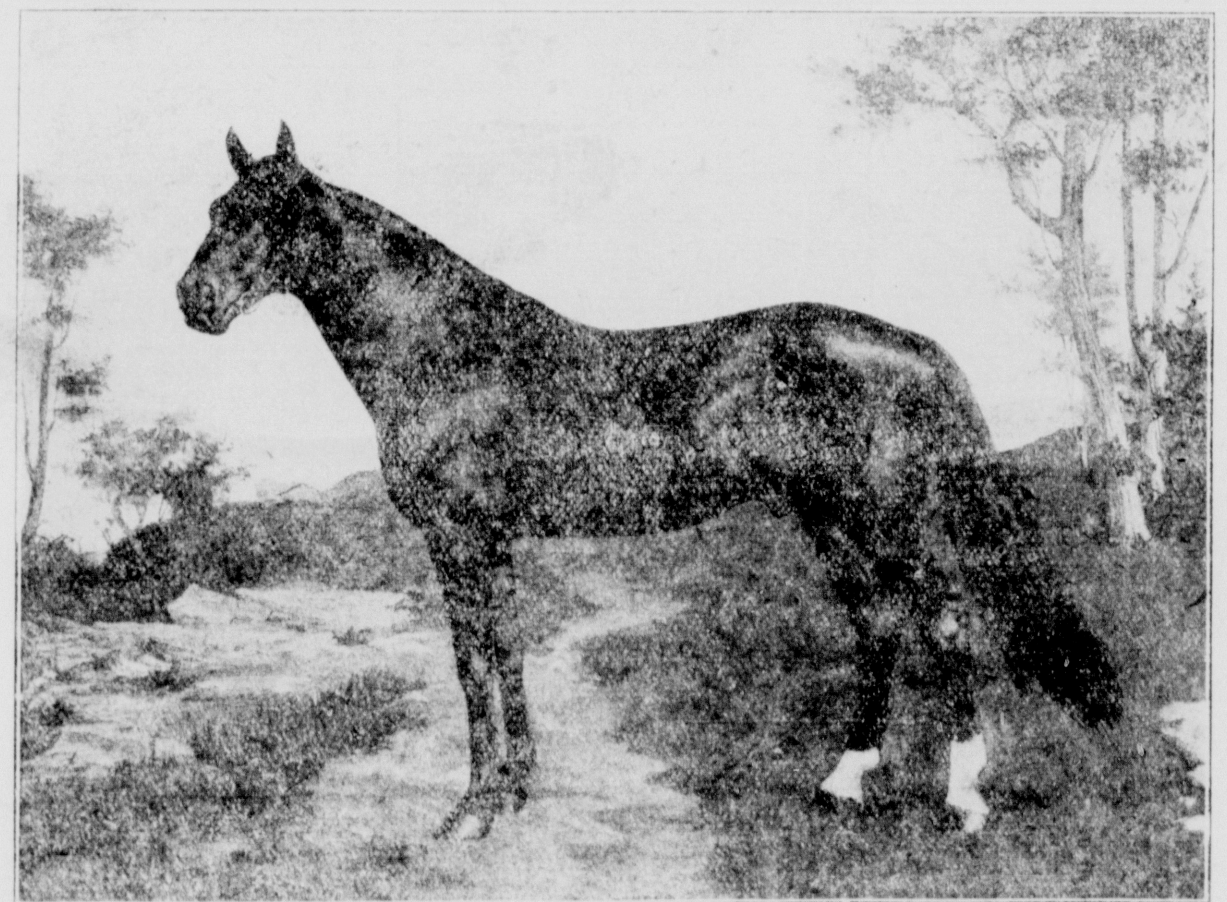

AMORIST is not only well bred on his sire's side, but also on his dam's. His dam, Zaya, also the dam of All Style, 2:10, who was exported to Australia, while his grand-dam, Mary Lou, 2:17, is the dam of Kinney Lou, 2:07½. His entire family is noted for its good manners and race horse ability. He was awarded first premium in the standard class over all stallions at Topeka, Kansas in 1914.

Amorist will be it the stud at my farm East of Jacksonville, Ill., on the Springfield and Jacksonville road at \$20.00 to insure. Inspection Invited.

WILL HONOR NAME OF

Prof. F. H. Hall. Announcement has been made that the commission of the Illinois Farmers Hall of Fame will unveil a portrait of Frank H. Hall Wednesday afternoon, April 11, at the auditorium of the University of Illinois.

Prof. Hall, now deceased, will be the second Jacksonville man to be thus honored as a year or two since a portrait of Rev. Jonathan B. Turner, the father of agricultural schools in Illinois, was unveiled.

Prof. Hall as superintendent of the State School for the Blind, was a resident here for eight years or more. At that time while largely interested in agricultural subjects, he also made a large contribution to education, and ideas he developed in both methods and equipment have been a great aid to the blind.

were eased by the dogs who licked the infected places, but they were not cured. Many modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

S. S. S. is the only proper remedy for this breaking out of the skin, because it acts upon the blood, cleansing and revitalizing it, and removing the cause of infection. It should be borne in mind that S. S. S. is purely vegetable, made from native roots, herbs and barks, and that it contains no habit-forming drugs or other injurious ingredients. Obtain a bottle of S. S. S. from your druggist, and if you need the advice of a physician, write to the Medical Department, Swift Specific Co., 301 Swift Building, Atlanta, Ga.

D. W. GRIFFITH

COMING TO THE GRAND TODAY.

Ancient Babylon was surrounded by a wall some 300 feet high and 40 feet thick, so history says. The main entrance to the city was guarded by an immense gate called Babel.

This gate was a ponderous affair wrought of solid copper and embellished with writings and figures in relief. In his resuscitation of Babylon in "Intolerance," the new D. W. Griffith spectacle which is coming to the Grand today Mr. Griffith shows a replica of this famous gate so heavy, despite the fact that it is only fashioned of oak and veneered with copper, that it required, during the filming of the stupendous Babylonian scenes, 24 men with levers to open and close it.

"Intolerance" will be the attraction for three days and the advance sale of seats has been exceedingly large.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of

Dr. J. C. Fletcher and has been made under his personal supervision since its infancy.

Allow no one to deceive you in this. All Counterfeits, Imitations and "just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is pure Glycerine. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; it cures Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

MAY SETTLE WAGNER
SHIP CONTROVERSY

Action Probably Will Be One of the First Results of the United States Entering the War on the Side of the Allies.

London, April 4.—One of the first results of the United States entering the war on the side of the allies probably will be a settlement of the long standing controversy between Washington and the British government over the Wagner ships.

When the case was postponed until April 30, action was taken in the hope that there might be a settlement outside of the prize court.

The state department at Washington has shown much more interest in sustaining the American registry of the ships since the attorney general produced as the sole evidence of German interests in the vessels, the fact that Richard G. Wagner, president of the American Trans-Atlantic company, had been named as a man named Jensen in care of Hugo Stinnes the German coal and steel magnate at Berlin, while Wagner's Danish agent there was conferring with Stinnes.

An offer by the French government to purchase the Wagner ships expedited the chance of a settlement. At one time the parties to a settlement were within \$100,000 of an agreement as to the price which Great Britain was willing to pay for the ships. The new settlement, based upon present conditions may not result in the transfer of the ships to the British flag as the United States may refuse to grant such a transfer during a crisis.

The Wagner ships referred to are those of the American Trans-Atlantic company of which Richard G. Wagner is the president. In a blacklist issued by the British admiralty in October 1915 the so-called Wagner ships together with several others were referred to as belonging to Jensen or to the American Trans-Atlantic company. The British government seized several of the vessels, an action that brought forth a strong protest by Ambassador Page on behalf of the United States.

HORSE BECOMES FAST
IN RAILROAD TIES

PEORIA, Ill., April 4.—One of the queerest freaks ever brought to the attention of the local railroad authorities happened this morning when a horse hitched to a light buggy strayed from the road on to a bridge of the Chicago, Burlington & Quincy railroad just south of this city and became entangled in the ties.

A wrecking crew which was returning from a minor wreck on the Minneapolis & St. Louis railroad, whose tracks parallel those of the Chicago, Burlington & Quincy, noticed the horse on the bridge in time to stop a fast passenger train about 100 yards from the bridge.

The horse was extricated without injury.

WOMEN WORK FOR
NAVAL RECRUITS

PHILADELPHIA, April 4.—Nine women accompanied by enlisted men from the Philadelphia navy yard began a tour of the city in motor cars today in a two week's campaign for recruits for the navy.

Daily trips will be made from the navy yard.

Plans for an auxiliary police patrol force to aid in guarding the city against possible disorder were under consideration today by the executive and home reserve committees of the home defense committee.

Thirty eight additional recruiting stations will be opened tomorrow.

Seventy one recruits for the army, navy and marine corps and forty for the naval coast defense reserve were accepted at recruiting stations here today. Six airplanes have been pledged for the aviation corps of the University of Pennsylvania.

BREAK RECORD FOR
STEEL PRODUCTION

Pittsburgh, Pa., April 4.—The world's steel production record for 14 furnaces was broken during the month of March by the Homestead plant of the Carnegie Steel Company which produced 84,472 tons of steel, according to a statement by officials of the Carnegie Company today.

WAR NEWS SUMMARIZED

Along a six mile front southeast and south of St. Quentin the French have made another notable gain over the Germans, while northwest of the town the British have captured the village of Metz-Couture and thereby gained an additional step in their plan to push forward on the northern flank of St. Quentin.

The French gain was a dominating position running from Graignes, about two miles south of St. Quentin, thru Trivillers to Moy, which lies in the valley of the Oise six miles southeast of St. Quentin. The fighting took place during violent snow squalls. All three villages were taken by the French troops and in addition they captured three lines of trenches near the Folie farm in the same sector, from which the Germans are declared to have fled in disorder leaving behind wounded and much war material.

After the capture of Metz-Couture the British pressed on to the east of the village. Here they are still engaged with the Germans and also to the north in the neighborhood of Havincourt wood. By the capture of this wood the British would be dangerously near Marconing, an important town and the junction of roads running from Peronne and Bapaume to Cambrai. To the west of St. Quentin, German counter attacks against the British failed according to London. Berlin asserts that northeast of Bapaume and west of St. Quentin heavy casualties have been inflicted on the British and that near Noreuil 249 British prisoners were killed by their own machine gunners as they were being taken back by the Germans.

Petrograd reports the entry by the Russians into Austrian trenches near Kaclova.

On the Persian front the Russians are still in pursuit of the Turks in the region of Khanikin. Bombardments and small operations by detachments of infantry are in progress in Macedonia.

FOUR MEN KILLED IN
SHOOTING AFFRAY

HANFORD, Cal., April 4.—Four men were killed here today in a shooting affray started by L. H. Denny, a wealthy farmer and ending in his death. The dead are:

George L. Meadows, justice of the peace.

E. T. Cosper, an attorney.

M. W. Wiley, manager of a traction engine business.

L. H. Denny, farmer. Denny shot Cosper and Wiley while in Cosper's office. Then he walked to the county court house and shot Justice Meadows. Marshal W. J. Hinds shot Denny dead when he tried to escape in an automobile.

It was said Denny had been brooding over a legal action brought against him to collect notes due.

GUARDS CAPTURE FOUR
ESCAPED CONVICTS

JOLIET, Ill., April 4.—This story contains, among other things, a very poor advertisement for the carburter on the automobile of Warden Zimmer of the state penitentiary here.

Four convicts seized the machine this afternoon, phoned with it thru a line of their fellows, returning from work in the quarries, dashed thru the east gate and escaped for a brief period amid a hail of bullets from guards on the walls.

Guards in another car pursued and overtook them six miles away. They were swearing good humoredly at a carburter which was delivering an impossible mixture, and their car was stalled.

The prisoners were John Lisker, burglar, from Chicago; Clyde McCosky, life, murder, from Chicago; John Lane, Peoria, larceny and Robert Claussen, larceny, from Chicago.

MUSTER FIRST ILLINOIS
INTO FEDERAL SERVICE

CHICAGO, April 4.—The First Illinois Regiment was ordered mustered into the United States service at once by an order issued today by Major General Thomas H. Barry, commander of the central department of the United States army. The muster was conducted by Captain R. O. Ragsdale.

Several details of the regiment were assigned to duty outside the city late today.

RAILROADS WORK OUT
TRANSPORTATION PLAN

General Chairman of Special Committee of National Defense of the American Railway Association Makes Statement.

New York, April 4.—The railroads of the country have worked out with the quartermaster general of the army a plan whereby all the rail transportation facilities of the United States will be at the disposal of the government, according to a statement made public here tonight by Fairfax Harrison, president of the Southern Railway and general chairman of the special committee on national defense of the American railway association. The railroads will be able to handle all government business without seriously interfering with the commerce of the nation, President Harrison believes.

"The plan," the statement said, "is in distinct contrast to that adopted in England at the outset of the war. There the government immediately assumed responsibility for operation of the railways."

"In this country the plan is that the government shall advise the railroads what service it required, and the responsibility will be upon the managers to provide that service. When working to that end the railroads of the country will be operated practically as one system. It is believed the transportation companies will be able to afford to the government expeditiously all the service it may require without substantial interference with the commercial business of the country. Government business will receive preferential movement, but it is not anticipated that ordinary traffic will experience abnormal delays."

PROPOSE REMOVE
OF STATE CAPITOL

Bills Introduced in Legislature Would Transfer Capitol to Peoria or Chicago and the State Fair to Peoria.

Springfield, Ill., April 4.—Bills proposing removal of the state capitol to Peoria or Chicago and of the state fair to Peoria were introduced in the legislature today as an aftermath of the dry victory in Springfield yesterday. House bills by Representatives Fieldstack and Frank Ryan, both of Chicago, proposed the removals to Peoria while in the senate a bill by Senator Herlihy proposed moving the capitol to Chicago.

Senator Barbour's dry bill proposing to prohibit the sale of liquor in any dance hall or skating rink failed to pass the senate today, receiving only 24 of the 26 votes needed. Senator Barbour gave notice that he would ask its reconsideration tomorrow. Six votes were cast against the bill.

Four bills by Senator Buck to regulate mutual windstorm insurance companies were passed without opposition. The bills propose that farmers residing in neighboring communities in which no society was located could become members of the insurance organization of the adjoining county. The four bills were similar in terms and applied respectively to district, county, mutual and township companies.

Senator Dunlap's bill, to give the public utilities commission power to order improvements to safeguard crossings and to specify signs and other protective instruments also was passed.

Action on its companion bill, which would compel motorists to slack down to ten miles an hour was postponed at the request of Senator Bailey.

WOULD WELCOME
BRAZIL AS AN ALLY

LONDON, April 4.—British naval circles would welcome Brazil as an ally of the entente, considering her the most important neutral after America for the entente cause. Her adhesion to the allies would provide excellent harbors for operations in South American Waters, where German raiders have more opportunity than anywhere else for interfering with food supplies for Europe. At present the allied warships have to contend with the difficulties of coaling at sea.

Cuba is also considered important as affording submarine bases. According to information here, Germans are flocking to Mexico taking with them considerable quantities of arms and ammunition.

LABOR DIFFICULTIES
BREAK OUT IN HAMBURG

COPENHAGEN, April 4.—The Berlin Tageblatt says that labor difficulties have broken out in the big Vulkan Shipbuilding Works at Hamburg. The workmen demand a one third increase in their wages. The Vulkan works are where most of Germany's great ocean liners have been built.

Labor difficulties and strikes have been reported from various sections of Germany in the last few months. Trouble of a serious nature in Hamburg was reported from various sources following the Russian revolution. These reports were substantiated by statements of socialist deputies in the Reichstag referring to "deplorable events in Hamburg and Bremen."

REPORTS OF OBREGON
REVOLT NOT SUPPORTED

WASHINGTON, April 4.—Reports that General Obregon is planning a revolution against the Carranza government in Mexico are not supported by official information reaching the state department. One dispatch today said General Obregon is on the best of terms with his chief although disputes throughout the country between the civil and military authorities have become more frequent and more serious recently.

The resignation of foreign Secretary Aguilar reported to the state department today is not given any significance.

ACTION COMES AFTER
THIRTEEN HOURS DEBATE

(Continued from Page 1.)

have not greatly changed since the diplomatic break.

Declaring he became convinced that arming of merchantmen would be wholly futile and a lure to their destruction, Senator LaFollette spoke of how he had been criticised by the executive for opposing the armed ship bill. The president's daughter, Mrs. McAdoo, listened from a gallery.

"Representatives of the president saw fit to prevent my speaking," the senator said. "The president saw fit to characterize as 'wilful' the conduct of senators whose obedience to conscience and oaths of office opposed the bill. I knew of no graver charges."

Senator LaFollette read a sheet of telegrams reporting "straw vote," post card and other polls in various communities opposing war. He declared out of 15,000 or 20,000 letters and telegrams he had received regarding the armed ship bill from 80 to 80 per cent approved his stand.

Asserting that a minority frequently is able to shape the national policy, Senator LaFollette made a plea that the people make themselves heard.

States Poor Will Be Heard "The poor who are called to rot in the trenches," he declared dramatically, "have now no organized mouthpiece, they have no press but sometime they will be heard. They will have their day."

The Wisconsin senator referred to the president's statement that Germany had violated her submarine pledges and continued:

"Her promise so-called was conditional upon England being brought to obedience of international law. Was it quite fair to lay before the country the statement that Germany made an unconditional promise and had deliberately violated it?"

"It was England—not Germany—who refused to obey the declaration of London, containing the most humane ideas of naval warfare which could be framed by the civilized world up to that time. Keep that in mind."

"If this is war upon all mankind, is it not peculiar that the United States is the only nation of all neutrals which regards it necessary to declare war upon Germany? All have refused to join in a combination against Germany. Some may have a clearer view than we. This suspicion of a desire for war profits does not attach to them."

Predicts U. S. Will Lengthen War. Senator LaFollette said the United States has lost the confidence of the other American republics because of its war policies. He predicted that entrance of the United States would not shorten the conflict, but will vastly extend it by drawing other nations in.

It is idle, he declared, to talk of a war on the German government and not on the German people. Reverting to the president's assertion that the German people were thrown into the war without an opportunity to say anything about it, the senator asked:

"Will the supporters of this war bill have a vote on it before it goes into effect? Unless they do that, it all comes up to speak of Germany. Submit this question to the people. If a vote of ten to one they would register their declaration against war."

The German people, he declared, have been more solidly behind their government than the people of the United States will be behind the president, in waging war on Germany.

"The espionage bill and the military bill that have been drawn by the war machine in this country," he said, "are complete proof that those responsible know that it has not popular support. The armies necessary to be raised to aid the entente allies cannot be raised by voluntary enlistment."

Criticizes LaFollette's Speech. Senator John Sharp Williams rose to reply. He criticised sharply Senator LaFollette's speech.

"It would better become Herr Von Bethmann-Hollweg than an American senator," he declared.

He said he expected the Wisconsin senator to defend the invasion of Belgium and called the speech pro-German, pro-Goth, pro-Vandal, and anti-president, anti-congress and anti-American.

Continuing Senator Williams said: "While pronouncing an eulogy on the German people he might have eulogized a much greater, better and more intelligent people, the American. The speech was exactly what might have been delivered in the German Reichstag by Bethmann-Hollweg, if Bethmann-Hollweg had had the audacity. But Bethmann-Hollweg had too much sense, too much knowledge to make that speech."

LaFollette Leaves Chamber.

At this point Senator LaFollette left the chamber, but remained in the cloak room a while within hearing distance. Proceeding Senator Williams said he heard in imagination the groans of men, women and children sent to watery graves by German submarines.

"But the senator from Wisconsin hears none of them," said the Mississippi senator. "I have no patience with any man who stands up in the senate at this time applauding the common enemy who also is the enemy of the human race and has not one word in praise of the American people."

"If the American people can't be aroused now in patriotic fervor they are degenerate sons of noble sires. We are involved in this war now, but not by congress, involved by the German Kaiser."

Declaring Great Britain had drowned no Americans the Mississippi senator said:

"I am a little tired of utterances like that of the senator from Wisconsin denouncing the entente allies. He endeavors to twist the British Lion's tail."

States U. S. Will Have to Fight.

"Which would you rather do, fight Germany now with France and Great Britain and Russia, or fight it alone later. You've got to do one or the other. I tell you if Germany does win that fight on the continent of Europe she will begin building and getting ready to whip us unless the English fleet prevents it."

Senator Hustings Speaks.

Senator Hustings, Senator LaFollette's Wisconsin colleague, said that while every senator should speak of his own convictions, in conduct of international affairs must be in the hands of one man.

He said he believed that if the question of "peace or war only" were submitted to the people it would be voted down.

Senator Cummins of Iowa said he believed there was another way to meet the situation, but he desired to have a united nation and therefore would vote for the war resolution.

The Iowa senator said he had opposed the armed neutrality measure because it gave the president war making powers and "would still oppose with equal earnestness at this time an effort of that kind."

States There Will Be Unity.

"The congress, however," he continued, "is now exercising its rightful constitutional functions. When congress has determined, every loyal American will yield instant undivided allegiance to its decree. There will be no division. And no man will be permitted to outrun me in making America strong and victorious in the struggle that is before us."

"I still believe there is another better course than a declaration of war. If I believed there was a fair opportunity to fight for that better way I would not hesitate to take time to submit my reasons for its adoption."

"But I know and every man knows that war will be declared and I intend to give evidence of unity among the people by subordinating my judgment to that of my fellows in congress. I want the world to know that when this government has acted thru its constitutional authorities every man and woman, too, who loves the old flag, will stand by the government, by the country."

Kenyon Explains Vote.

Senator Kenyon of Iowa who opposed the armed neutrality bill and was among the "wilful men" mentioned by the president said that he would vote for the administration war resolution if for no other reason than for national unity. He said the fight for world democracy against autocracy also was an impelling motive.

"The kaiser and his slavish underlings aiders and abettors alone are responsible," said he. "The Hohenzollerns indeed have compelled us to fight for our dearest rights. The German people having been educated for more than a generation to have done and worship that dynasty, have become indifferent to their own liberties and rights because they never had any. I want to pick out the Hohenzollerns and specify that we are warring alone with them and not the German people. The Russian people have settled with the Romanoffs and we ought by every means encourage the Germans to settle with the Hohenzollerns and Hapsburgs."

Senator Kenyon said he had been strongly opposed to entering the war.

Limits Have Been Reached.

"Patience has its limitations," said he. "The limits have been reached. War is not of our choosing. The German government is practically waging war upon us. Uncle Sam, that patient giant, has done his best for peace. There will be no difficulty in securing enlistments if the people believe that this is a war to save the democracy of the world and the honor of our nation. If the rule of kings, kaisers and czars be overthrown and the government of the people arisen the hand of Providence will be apparent."

"This is no time for censuring one another. It is a time for one hundred per cent Americanism. The Great Republic must accept the challenge of autocracy and go forth in battle for the world's democracy."

HISTORY OF MEDICINE

The Morgan County Medical Society Will Be Fifty Years Old In May.

Anyone who has information about any of the early doctors of this county, or of any Medical Meetings or Societies prior to 1866, will confer a favor by sending it to Dr. Walter Frank, secretary of the Morgan County Medical Society, 200 Ayers Bank Building, and it will be edited for this column.

The Preliminary Meeting

(Continued)

The first debate recorded in the minutes at the first meeting was over the school graduation question. At the preliminary meeting a committee consisting of Dr. T. Van Walek of Concord, Dr. Anderson of Franklin, Dr. David Prince of Jacksonville, Dr. R. S. McVery of Waverly and Dr. Wm. S. Edgar of Jacksonville was appointed to draft suitable constitution and by laws, to report at the first regularly appointed meeting at which time also by vote Dr. Henry Jones was "solicited" to read an "essay" on "Asiatic Cholera." The 17th of May at the Court House was selected as the date and place of the first meeting on motion of Dr. T. A. Walek (not yet a graduate in medicine but actively interested) and on motion of Dr. Anderson of Franklin the secretary was instructed to have the minutes published in the local papers. This seems to have been the first and last appearance of Dr. Anderson at the Society. The By-laws were framed and presented. Article two, section one, said that "Any honorable member of the regular Medical Profession who is not accredited in the community where he resides as Homeopathist, Hydrotherapist of Eclectic etc., who is also a graduate of a respectable Medical School or who may be of ten years reputable practice. As undergraduate of less experience may become a member by securing a certificate of attainments from the examining committee. All Medical gentlemen qualified as above participating in this organization by signing this constitution and paying a fee of one dollar shall become a member of this Society! We must

admit that at this distance we are a little inclined to believe that the proverbial "Philadelphia Lawyers," would have some difficulty to explain just what the constitution intended. This may explain why Dr. Anderson did not appear at the meeting and why his name is not found in the list of members at any time. As usual the section brought out active debate and on motion of Dr. Henry Jones the "etc." group was cut out but Dr. M. L. Reed did not succeed in getting rid of the word "accredited" but wisely decided to sign the constitution and be good notwithstanding his "Homeopathic" education, much to his own credit as well as that of the new Society. Altho the decision has not prevented numerous subsequent efforts to narrow the range of the "accredited." Ten doctors from Jacksonville and seven from the county and one each from Scott and Sangamon counties signed the constitution at the first meeting and the infant society was successfully born and almost immediately put to the breast of medical education to partake of dissertation by Dr. Henry Jones, on

"Asiatic Cholera." The doctor noticed that the infant was still a little weak from the "membership" debate and wisely cut down the amount of the first feeding when he "commenced to read his manuscript at the forty ninth page altho he was listened to with interest to the conclusion—nearly two hours." Wisely the discussion of the paper was put off until the next meeting but before adjournment four of the older practitioners of Jacksonville and one each from Scott and Cass counties "were unanimously elected as honorary members."

leford issued a statement saying, "it is no dishonor for an individual, or for a government to overlook injuries it has received."

MORRIS GETS DECISION.

New York, April 4.—Carl Morris of Oklahoma was awarded the decision over Freg Fulton of Minnesota in the fifth round of a bout here tonight, after Referee Bill Brown had announced Fulton struck Morris a foul blow, sending him helpless to the floor.

INDICT TWENTY ONE MEXICANS

Santa Fe, N. M., April 4.—Juan Munoz, and twenty other Mexicans said to have been part of Villa's command at the time of the Columbus raid last year, were indicted by the federal grand jury late today charged with levying war against the United States.

NEGROES AGAINST U. S.

NEW ORLEANS, April 4.—Federal authorities here admitted today that they have discovered evidence in the last few weeks indicating the existence of organized German movement to incite negroes in parts of Louisiana and Mississippi against the United States government. It was stated several Germans have been arrested recently in Mississippi suspected of such activity.

Among the promises alleged to have been made to the negroes according to federal agents, were complete franchise freedom and political and social equality.

PROPOSES EXPERT INSPECTION OF ASPHALT WORK

Joseph Johnson, representing the Chicago Paving Laboratories, has been in the city a number of days interviewing the city council with reference to the inspection of asphalt paving. Mr. Johnson has urged upon the council the desirability of securing expert service for this work as so much depends upon the quality of the material entering into asphalt paving. Mr. Johnson, who is a son of E. H. Johnson of St. Clay avenue, has been with the Chicago Paving Laboratories for some years. Recently representatives of this organization completed the inspection of 300,000 yards of asphalt laid in Charleston, W. Va.

CONGREGATIONALISTS
CLOSE CONVENTION

Successful Sessions at Waverly Congregational Church Come to End Wednesday Evening—Committees Named and Officers Elected

Forty-two pastors and delegates from fifteen churches were present in Waverly Tuesday and Wednesday for the annual meeting of the Springfield association of Congregational churches and the convention was on every hand declared to have been more than usually successful. The election of officers and choosing of committees took place at a business meeting Wednesday and the place of meeting for the semi-annual gathering of the association next fall, was left in the hands of a committee.

The Wednesday program was opened by a devotional service in charge of the Rev. J. E. Miller, after which reports were given from the constituent churches. Educational Evangelism was the announced subject of Secretary Gammon of Chicago, who spoke in place of the Rev. Albert Elske, A. M., of Springfield. The afternoon session was opened with a woman's hour, I. W. H. M. U., with a devotional service led by Mrs. George Fanz of Beardstown. The work in New Mexico was discussed by Miss Jordan and "Church-Wide Evangelism" was the subject of an address by the Rev. George T. McCullom, of Chicago. At 3:30 o'clock, Secretary Gammon made a second address.

In the evening there was a devotional hour in charge of the Rev. J. E. Miller and an address by Dr. R. O. Post, this city, on "The Place of Congregationalism in the Making of American Democracy."

The Tuesday program was carried out substantially as planned.

The Rev. Charles Rives of Bunker Hill was moderator of the convention and Miss Marian Fairbank was elected registrar of the association. The Rev. S. C. Schofield of Waverly is chairman of the business committee and the Rev. C. C. Smith of Alton is head of the advisory committee. The Rev. R. O. Post is chairman of a committee for revision of the constitution.

The delegates united in thanking the Waverly congregation for their generous hospitality. Dinner and supper was served the visitors Wednesday by women of the church. Members of the Waverly Boy Scout camp served as pages, doing good service in directing the visitors to trains and serving generally as guides.

STATES CHINESE IN
GERMANY ARE FREE

BERLIN, April 4.—By Wireless to Sayville. The Overseas News Agency the official German press bureau says an erroneous rumor is being spread in foreign countries that all Chinese citizens in Germany have been arrested. It says the news agency learns from competent authority that this report is absolutely untrue; that all Chinese in Germany are absolutely free and are continuing their pursuits as prior to the severance of diplomatic relations with China.

A despatch from Amsterdam in March quoting advices from Cologne, said that the Chinese residing in Germany had been arrested charged with conspiracy. Most of the Chinese were students and were preparing to leave Germany with the Chinese legation.

VOTE CONFIDENCE IN

STRIKE DEATH BLOW AT
EXHIBITANT PROFITS

Government Invokes Its Drastic Powers for the First Time—Will Take Over Plant if Order is Not Obeyed

Washington, April 4.—The government today invoked for the first time, its drastic powers to strike a death blow at exorbitant war profits.

Under authority of the last navy appropriation bill a manufacturer was directed to furnish a large order of war supplies at a price fixed by the government far lower than the figure voluntarily submitted. If the order is not obeyed, the plant will be taken over and operated by the government.

Officials would not disclose the name of the manufacturer nor the agency thru which the order was given. It was admitted however, that the action had been taken and that President Wilson and his advisers were firmly resolved that only fair and reasonable charges should be paid by the nation to its citizens for things necessary to make ready for war. European governments are paying an average of ten per cent profit on war materials purchased in the United States. It was asserted authoritatively that the government of the United States intended to buy its own supplies at less than that rate of profit to the seller.

It is understood that the concern against which these statutes have been revoked refused to meet the government's requirements as to price when the orders were tendered originally and in the regular way. So far as known this is the only case of the kind produced by the present emergency.

Standing out sharply against this background came today an announcement by Bernard Baruch, commissioner of minerals for the National Defense Council of the voluntary offer of the Brass-Making industry to fill the government's orders at cost of production.

ANSWER WILSON
WITH STORM OF ABUSE

One German Newspaper States that Americans Have no Ideal Beyond Stealing for Gold

London, April 4.—Reuters' Amsterdam says President Wilson's address to congress has been answered in the German press by a storm of abuse. He quotes the Rheinische Westfälische Zeitung as saying:

"Beyond striving for gold the Americans have no ideal. They think everything can be achieved by gold. Their magnum opus makes a grotesque impression on us Germans."

The newspaper expresses the belief that the accession of the United States by the entire allies will mean only transitory addition to their strength. It declares that Germany will take up the glove thus thrown down and will wage the fight thus proclaimed against her with such energy that the "gold sated Yankees" will be stupefied.

The article concludes by giving reasons for believing that the collapse of the German enemies will be complete.

Prof. Richard Fester of Halle University writing to the Dusseldorf General Anzeiger says:

"While President Wilson entangles the new world in the squabbles of the old, General Carranza works for the idea that the American states should draw round their continent a line of demarcation against the world war."

When the dwarf scoffs at the giant it may be assumed that he had a feeling of security, which of all the powers only Japan can at the present time give him. If president Wilson places himself in our path he will be blown out of the way militarily as twice already he has been lifted from the saddle diplomatically."

TWO GERMAN RANKERS
WITHDRAW FROM FIRM

NEW YORK, April 4.—Due to impending war, the two German members of the banking house of Speyer & Company, one of the oldest in this country, have retired from the concern by mutual consent. It was announced here today. The retiring members are Richard Schuster of this city and Edward Beit von Speyer of Frankfurt-on-the-Main. James Speyer, head of the New York house and an American citizen, has retired from the Frankfurt concern.

ALLIES MAY SEND
COMMISSION TO U. S.

LONDON, April 4.—Frequent conferences between Ambassador Page and Foreign Secretary Balfour and the close touch between the American naval attaché and the admiralty indicate that arrangements are being discussed for co-operation when such a step is considered necessary. It has not yet been decided whether a commission or an American commission sent here. The presence of American officers here would be welcomed by naval men here. But Washington seems more likely to be selected as the place of meeting.

TWENTY GIRLS BURNED
IN "FLARE UP"

Jersey City, N. J., April 4.—Twenty girls engaged in filling cans for three days were burned, four probably fatally, by a "flare up" of smokeless powder in the plant of Detweiler and Street late today. There was no explosion and how the powder became ignited has not been determined.

INTERN GERMAN BALLOON

London, April 4.—A large German balloon has landed near Gimbrisham, a Swedish town on the Baltic, having been driven by contrary winds out of its course to the eastern front, according to a Stockholm despatch to the Exchange Telegraph Company. Four German officers, who were passengers on the balloon, have been interned.

LIEUT. NIXON RETURNS
TO UNITED STATES NAVY

Former Jacksonville Man Has Been on Reserve List—Recently notified Authorities of His Wish to Resume His Post—Assigned to Duty on Destroyer

Local friends of Warren Nixon have learned that he is very soon to reenter the service of the U. S. navy and has been assigned to a destroyer where he will serve with the rank of Lieutenant. When Lieut. Nixon left the navy he remained upon the reserve list with the right to return to the service or to be called by the government. Recently he notified the authorities of his desire to return to the service and thus do his full share in any defensive or offensive work which may fall to the navy's lot in the war with Germany which is now a certainty.

When Lieut. Nixon retired from the navy he had been for some time associated with the engineering department of the naval academy at Annapolis. Prior to that position he had served on one of the navy destroyers of the same type to which he has now been assigned for service. He is at present at the home of his parents, Mr. and Mrs. E. A. Nixon, in St. Louis and will leave sometime this week for Washington and the coast point where he will enter upon his active duties.

Calvert

Funeral services for Mrs. William Calvert were held from the residence of Joseph K. Harvey, 312 East Greenwood avenue, Wednesday afternoon at 2:30 o'clock in charge of the Rev. Ernest L. Fletcher pastor of Centenary church. Music was furnished by Mrs. T. H. Rapp and Mrs. Albert Baldwin. The flowers were cared for by Miss Jessie Harding, Miss Gladys Harvey and Miss Loretta Koller. Burial was in Diamond Grove cemetery the bereaved being George Harshart, Fred Clark, E. E. Beasdale, Charles Hankins, John Godfrey and Joseph Walters.

Moore

The remains of Elmer Granville C. Moore arrived in the city via the Wabash Wednesday afternoon at 3:13 o'clock and were taken directly to Diamond Grove cemetery for burial. Brief services were conducted at the grave by the Rev. Charles Floyd of Carrollton, a relative of the family.

WAGON BRIDGE IS WANTED FOR MEREDOSIA

Boosters Club There Will Hold Meeting Tonight—Hope That Wabash May Consent to Planking Railroad Bridge for Wagon Travel.

A good roads meeting is to be held by the boosters' club of Meredosia tonight when H. H. Hanneroff, and others will speak. The club is very much interested in the whole good roads question and is particularly anxious to bring about some plan for a wagon bridge over the Illinois river near Meredosia.

It has been suggested that if the matter is taken up in a proper way with the Wabash that it might be possible to secure authority to plank the railroad bridge and have it open for road traffic during certain periods by the payment of a toll charge. There is a man on duty at the bridge continuously and the railroad traffic is not heavy. The Wabash has a plank bridge at Hannibal and it is based somewhat upon that fact that the Meredosia people have felt hopeful that a like arrangement might be made for their town. At any rate this matter will be discussed along with others tonight and it is possible that a committee will be appointed to take the question up with the Wabash.

The Meredosia people are also very much interested in the question of a good road between Jacksonville and their town, and they want to have a trail marked that way and subsequently have at least a well drained and oiled highway. They believe that such a roadway and the proposed bridge improve-

ment would be of great benefit to them from a business standpoint. There are thousands of acres of good grain land west of the bridge where the products would normally come to Meredosia, but now the traffic is shut off by the river. The Meredosia organization is made up of some live business men and they are very apt to bring to pass at least a part of the somewhat ambitious program that they have outlined.

Jacksonville lodge No. 570 A. F. & A. M. will hold a stated meeting tonight, beginning at 7:30, for work. Visiting brethren welcome.

REMOVE TO OLNEY.
Mr. and Mrs. Julian W. Hall have sent their household goods to Olney, Ill., and will make that city their home. Since the first of the year Mr. Hall has held a position as traveling salesman for the John Deere Plow Co., and has had temporary headquarters in St. Louis.

Judging from the number of Neck Ties being sold by FRANK BYRNS for Easter gifts, few men will be without a new tie next Sunday.

MADE STOCK SHIPMENT.
William Rook of Woodstock loaded a car with hogs and butcher cattle yesterday and shipped the stock to the St. Louis market.

WESTMINSTER CHURCH HAD ANNUAL MEETING

Reports from Various Departments Show Year of Activity and Growth. Members of Westminster church

and congregation attended a family supper at the church Wednesday night. Notwithstanding the unfavorable weather there was a large representation of the membership. After an excellent chicken supper had been served by the Ladies' Aid society, with young men and women of the Sunday school as waiters, the annual business session was held. The reports presented from all departments indicated that the church is in excellent working condition. During the pastorate of Dr. E. B. Landis the membership is growing and recently the Y. P. S. C. E. has been organized with a large enrollment. The financial report showed the year closed with a small balance in the treasury.

The pastor, Rev. Mr. Landis, presided as moderator, and at the supper grace was said by J. Marshall Miller. At the beginning of the business session the pastor made brief remarks, referring to the work of the year and the loyalty evidenced by members young and old and offered a brief prayer. The report for the session was presented by W. T. Brown, who is the clerk and treasurer of that body. Mr. Ensley Moore read the necrology, mentioning the following connected with the church who had passed away during the year: Mrs. Julia E. Reauch, Mrs. Cornelia Sanders, Mrs. Elizabeth E. Waggoner, Charles S. Sanders, George W. Massey, George S. Russell, George A. Sharpe, Paul McKinney and Miss Gertrude Young.

Reports Made.
Reports from officers and societies were then presented as follows: Woman's Home Missionary society—Mrs. Ensley Moore.

Women's Foreign Missionary society—Mrs. R. R. Stevenson.
Westminster Guild—Miss Louise Holmes.

Westminster Mission Band—Miss Jesse Holmes.
Ladies' Aid society—Miss Ainslie Moore, treasurer.

Deacons' fund—Prof. J. H. Rayhill.

Trustees—John A. Ayers, president.

Treasurer Board of Trustees—Mrs. G. C. Guthrie.

After these reports had been read and commented upon, an election was held and R. R. Stevenson, Dr. C. H. Rammekamp and Prof. C. W. Taylor were chosen elders to succeed themselves. Henry Kamm was elected a deacon succeeding himself and George S. Rogerson was chosen a trustee. Mr. Rogerson will take the place in the board made vacant by the resignation of Henry S. Stevenson, who has been for many years identified with this church board. Altogether it was a session of a hopeful and inspiring kind.

I. W. C. STUDENTS FORM RED CROSS SOCIETY

Members Will Devote Attention to the Making of Articles for Military and Hospital Use—Organization was Voluntary.

Students of Illinois Woman's College are forming a Red Cross society for the making of articles for use for treatment of the wounded. The society will have regular meetings for business and consultation and hours of work will be arranged to accord with the study schedule of the college. Girls of the college have watched the events of the past few days with great interest. Patriotic feeling has been strengthened and the fact that public demonstration has been slight in no way lessened the desire of many "to do something of use," should the country be subjected to the trial of war.

Student initiative is chiefly responsible for the successful beginning of the I. W. C. Red Cross society, the immediate encouragement was given when the faculty were informed of the movement. Miss Florence McCloud of Peatonico, Ill., is president of the society. A preliminary meeting has been held and plans are under way for work on an extensive scale as soon as the students return from their Easter vacation.

The work of the Red Cross aid society will include the making of articles which are useful in any way to army hospital nurses and physicians and to ambulance corps. The students have this week been making comfort pillows and soon the making of bandages, etc., will be taken up. For a large force in the field the supply of such articles needed is almost without limit and the local Red Cross organization will find plenty of work to do.

When informed of the plan for a society to aid in Red Cross work, Miss Amy Mothershead, dean of the college, gave promise that a second-floor room should be set aside as a place for work. The president and teachers are in sympathy with the work and by the students, the support so far given has been enthusiastic.

MAY SECURE GUNS FROM THE FEDERAL GOVERNMENT

At the Illinois College student meeting Wednesday forenoon, announcement was made that no guns for the proposed practice squad could be secured from the state armory and that an effort would be made to secure old rifles suitable for drilling thru the war department. State auditor Andrew Russel had made application for such guns at Springfield but Adjutant General Dickson stated that all rifles of the older types on hand had been sent in to Washington about a year ago.

President Rammekamp recently dispatched a query to the war department asking for information regarding the formation and training of a student unit, but has yet received no reply.

SOUTH JACKSONVILLE HAS FIRE DEPARTMENT

H. A. Brewer Given Charge of Volunteer Company At Meeting of Village Board—Charles Hackett Heads New Ticket—O. B. Heint Withdraws Name From Trustee Race.

A volunteer fire company has been formed in South Jacksonville and extinguishers have been placed thru-house. H. A. Brewer was named as to furnish efficient "first aid" in case of fire. At the meeting of the South Jacksonville village board Wednesday evening at Heint's greenhouse, H. A. Brewer was named as chief of the company, with Thomas Ranson, Omer Melton, Fred Crabtree and Earl Hemple as assistants. Three five-gallon extinguishers and twelve extinguishers of two and a half gallon capacity have been provided. Roof fires and all fires, which can be put out by means of chemical, can be combatted in this manner and the fire protection of the village will thus be much strengthened. The extinguishers have all been placed in residences and each fireman will be given full information as to their distribution.

New Ticket in Field.
The Independent Citizen's Ticket is the name of a new political party, formally launched Wednesday evening when the petitions of Charles Hackett as president and W. I. Crabtree as trustee were placed on file with the board. In the recent primary there was but one ticket in the field, L. O. Berryman receiving the nomination for president and William Hoffer, O. B. Heint and James Haxtor, for trustee. This alignment was known as the "Peoples Party" and, judging from the light vote cast, it did not seem that opposition would arise. The election will be held Tuesday, April 17.

The meeting of the board was called to order by James McGinnis, in absence of the president, J. H. Hackett. E. E. Beasalt is clerk. Routine business was transacted and the new party petitions, which had been circulated by W. W. Barr, were received.

A petition from O. B. Heint requested that his name be stricken from the ballot. As the request was made in the form prescribed this was ordered done and Mr. Heint's name will not appear on the ballot the 17th.

WINCHESTER

Mr. and Mrs. M. McCarty and children of Murrayville were visitors here Wednesday.

Miss Mae Boylan of Jacksonville arrived Wednesday afternoon for a visit at the home of Mrs. Martia Paul.

Clarence Dalman has for the past few days been confined to his home by illness.

Earl Lashmet, Robin Dyer, Joseph Cowick and Earl Walker went to St. Louis Tuesday to enlist in the government service. Lashmet, who proved to be under enlistment age, returned to Winchester Wednesday.

Miss Freda Munze, seriously ill at her home, remains without improvement in condition.

Joseph Woodington returned Wednesday afternoon to his home in St. Louis after a stay of several weeks here.

Miss Ruby Smith, who has been ill for the past few days is improving.

Wednesday was the 5th birthday of Mrs. J. R. Peak and a pleasant family gathering was held to commemorate the event. Children of Mrs. Peak were present and the day was spent in very pleasant manner at the rural home of the honored guest west of Winchester.

Paul & Overton celebrated their third anniversary Tuesday as managers of the L. W. C. Red Cross society. Tuesday afternoon was largely attended. The two men have carried on the business successfully and many were the congratulations received by them.

At the 1921 convocation the judge will be eligible for election to the state foremanship of the Yeomen.

ART TALKS THIS WEEK BY REV. MR. KIRKPATRICK

Stereopticon talks on sacred art by the Rev. J. O. Kirkpatrick will be a feature of the special services in preparation for Easter at Grace M. E. church. Tonight the lecture will be a study of the life of Christ with the old masters and Friday the study will be along similar lines.

"A study of Christian Art with the Old Masters" was the subject of a highly interesting talk to the Jacksonville Art association Tuesday evening at the David Strawn Memorial building. Forty excellent slides were shown, grouped according to pre-Raphael, Raphael, and post-Raphael periods. Representations were given of priceless art treasures from the galleries of the Vatican, the Louvre, Dresden and Vienna.

Mrs. A. C. Rexroat of South Diamond street has returned from a visit of several weeks at the home of her daughter, Mrs. E. L. Clark, of Literberry.

GOOD VOTE POLLED IN WHITE HALL ELECTION

A. W. Campbell Elected Supervisor Over Joseph N. Schier—Library Trustees Chosen.

White Hall, Ill., April 4.—Despite the fact there was not question of public policy for decision of the voters, the election here Tuesday brought out a good vote, the total of 1,924 being cast. The principal contest was over the position of supervisor, in which A. Wiley Campbell was victor over Joseph N. Schier by 140 votes.

Francis Fowler, Edward S. Barnard and William F. Wade were elected justices of the peace without opposition and George W. Cloudner was elected constable.

Following are the trustees selected for the White Hall Township Library:

One year—Mrs. W. S. Corsa and Robert G. Smith.
Two years—Marcus North and Mrs. Jessie S. Campbell.
Three years—Mrs. Mary E. Stetson and Mrs. Posey B. Fry.

The Easter season is second only to Christmas when it comes to gifts of Neckwear as sold by FRANK BYRNS' Hat Store.

ALEXANDER

Special services will be held at Alexander M. E. church Friday evening in the interest of the conference chairmen's campaign. The meeting will be addressed by the Rev. E. L. Fletcher and the Rev. F. A. McCarty of Jacksonville.

Mr. and Mrs. F. B. Six and Mr. and Mrs. Luther Wiley motored to Nortonville Wednesday in Mr. Six's Studebaker car and spent the day.

Mrs. L. D. Wiley of Buffalo motored to Alexander Tuesday in her new Ford car and spent the day with Luther Wiley and Noel Wiley.

Friends here have received word from Ammiral, Minn., of the birth of a daughter to Mr. and Mrs. Cyrus Peyton, former residents of Alexander. The child, whose name is Shirley Gene Peyton, was born March 20.

J. B. Corrington and family were visitors in Jacksonville yesterday.

AT CENTENARY CHURCH
The Sacrament of the Lord's supper will be observed tonight in connection with the regular pre-Easter evening service at Centenary M. E. church, in accordance with announcement made last evening by the pastor, the Rev. E. L. Fletcher.

Miss Catherine Cain, who is attending school in Quincy, is here for an Easter visit at the home of her parents, Mr. and Mrs. J. H. Cain. Miss Effie Smith of Chicago, a fellow student, accompanied Miss Cain as her guest.

BETTER THAN CALOMEL
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritations and stop the cough and the antiseptic qualities kill the germ. Have it handy for gripe, croup and all winter colds. Your druggist has sold it for years.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this.—Adv.

OLD JACKSONVILLE

"Heroines of the Strife."

By Ensley Moore

(Member Illinois State Historical Society.)

Illinois College used to have a Junior Exhibition in the spring, instead of the Prize Exhibitions now in vogue. Years ago these Junior Ex's. were held in the First Presbyterian church (burned in 1861, not 1883). After that fine auditorium was gone the Juniors held forth in Strawn's Hall, or Opera House, now Armory Hall. Later on the exhibitions were given in the gymnasium, or in the Jones building, as now.

The Junior Exhibition of fifty years ago was held Thursday, April 11th, 1867, in Strawn's Hall. There was a fine audience present, a thousand or more people, down stairs or in the gallery on end side and at the south end of that splendid room. It was an easy place to speak in, and such audiences were an inspiration to the speakers.

In those days music was furnished by the "Jacksonville Silver Cornet Band."

The exercises were opened with prayer; and the following program, properly interspersed with music, was presented.

Magnus Romae Orator (Latin Oration)—Alfred A. Paxson, Jacksonville.

Moral Victories—George C. Barber, Jacksonville.

Life Without a Purpose—Wm. F. Payerweather, Burlington, Iowa.

Popular Governments—Jas. E. Munroe, Rushville.

Heroines of the Strife—Ensley Moore, Jacksonville.

The Power of Will (Philosophical Oration)—Edward A. Barber, Jacksonville.

The Monarchy of Man—Alfred A. Paxson, Jacksonville.

At that time the remembrance of the war was strong in all minds, and it is not surprising that at least one of the efforts reflected that feature of the times. And the subject of that speech is also appropriate to these days—especially as showing what some of our women had done during the Civil contest. The historical idea even then was in the speaker's mind, and the following will show what was said under the title, "Heroines of the Strife."

Students of the classics—stoical tho they be—as they read of Semiramis, Hypatia, Alcistis, or Portia the wife of Brutus, cannot repress their admiration. Readers of more modern history are amazed at the sagacity, power and exploits of Joan of Arc, and Catherine of Russia; while they smile grimly at the cutting rebuke which the great Napoleon gave to the wily De Stael, Americans, with hearts throbbing with loving admiration and gratitude, read of Martha Washington; of Moll Pitcher, the heroine of Monmouth; and of the other noble women of the Revolution. And even the children of today involuntarily rain hot tears upon the pages of their books, as they read the story of Florence Nightingale, in the Crimea.

But rich as are the classics, rich as is modern history; rich as is the history of the American Revolution; rich as are the annals of England, in accounts of womanly virtue, devotion, and self-sacrifice, they all become insipid in comparison with the newer and nobler record made by the women of America during the Great Rebellion.

When the war began our women rushed to the hospitals, camps and battle fields to do what their hands might find to do. They found opportunities innumerable, but none of the necessary supplies and utensils required for their work. But they worked on using anything and everything imaginable that would answer their purpose. None of our best generals displayed greater fertility in expedients, or greater energy in execution, than they.

During "Sherman's march to the sea"

Mrs. Bickerdyeke was known to "take an afternoon train, ride fifteen miles, get her supplies to the hospital, and have bread baked and given out to over a thousand men, the same day and in proper season."

Who has shown greater endurance than

Clara Barton, who, after the battle of Fredericksburg, worked incessantly and unremittingly without sleep for fifty-six hours?

And who has forgotten the bravery of

Kate Brownlow, daughter of the valiant old governor of Tennessee, who refused to surrender "the Old Flag" to a whole regiment of Rebel soldiers?

What scout or spy was in more perilous positions than Miss

Major Pauline Cushman,

the actress; or where were cowardly men ever more effectively put to shame than when Bridget divers or

"Irish Biddy"

as she returned from the enemies lines with the body of her captain, called out to some teamsters deserting their wagons: "Men, don't run before the Rebs are within a mile of the nearest of ye?"

No hero of the war is entitled to greater praise than

Hettie McEwen,

of Nashville, who, with her flag fastened to a chimney, and with a gun loaded with sixteen buckshot, said, "I will guard that flag. Whoever attempts to pass my door for that star-spangled banner under which my four uncles fell at King's Mountain, must go over my dead body!"

Nor is there anyone who deserves a nobler name than she of whom the Quaker poet has sung in the immortal words:

MISSSES HAYDEN RETURN.

Misses Laura, Emma and Nettie Hayden have returned from an extended sojourn on the Pacific coast

"Up rose old Barbara Fritchie then, Bowed with her four score years and ten;

Bravest of all in Fredericktown. She took up the flag the men hauled down. * * * * *

"Shoot, if you must, this old gray head, But spare your country's flag," she said.

A shade of sadness, a blush of shame, Over the face of the leader came.

"Who touches a hair of you gray head Dies like a dog! March on!" he said.

Barbara Fritchie's work is o'er, And the Rebel rides on his rads no more.

Honor to her! and let a tear Fall, for her sake, on Stonewall's bier."

But not for energy, or endurance, or bravery or loyalty alone have our heroines been distinguished.

Anna E. Dickinson, who, unlike Nestor, has scarcely seen one generation of "living men," but from whose tongue, like the Pylarian orator's, "have dropped words sweeter than honey," has shown herself inferior to none in ability to comprehend, and power to utter the greatest thoughts.

While by logic unanswerable, even by the logical Lincoln.

Mrs. Gov. Harvey

proved her wisdom, and achieved a great victory for humanity, whereby she saved the lives of thousands of our wounded heroes.

Harvey proved her wisdom, and achieved a great victory for humanity, whereby she saved the lives of thousands of our wounded heroes.

What a victory of loving kindness—kindness as of a mother or sister—was that of

Clara Barton,

when she sat through all the dreary, dark, rainy night, holding in her lap a mangled, delirious boy; whose check she rested upon her own and thus deluded into the sweet, sad idea that "Mary" his sister had come, drawing from him the words, "Ah! Mary, I knew you would come!"

Women of all the ages have been distinguished for their piety; but the Book of Martyrs contains no names more worthy of veneration than the names of those devoted souls Anna Maria Ross, Mrs. John Harris, Mother Bickerdyeke, and Margaret C. Breckenridge.

Christ said, "I am the Truth," and He so loved the Truth that He gave His life for it. Anna Marie Ross, who, after fifty years devoted to the good of others, died, like Lincoln, just as her greatest desire was accomplished; Margaret C. Breckenridge, who, in reply to one saying, "you will die if you are not more prudent," said, "Well, what is I do die? Shall men come here by tens of thousands, and fight, and suffer, and die, and shall not some women be willing to die to sustain and succor them?" and sweet Jennie Wade, who fell, pierced thro her pure bosom by a Rebel ball, as she baked bread for our soldiers at Gettysburg; these pure souls "so loved the truth," that, like their Master, they gave their lives for it!

But there are others.

There are many unknown heroines to whom history will never refer; there are mothers who have been heroic, there are wives, there are sisters, there are Others, who like the vine torn from the tree around which it has clung and bloomed, have withered and died—died of a broken heart.

And as we think of the women of the East, the South, the West, of Illinois, we must not forget those of Jacksonville, who engaged in the Christ-like mission of succoring "our boys in blue," and their families.

You know and appreciate them; yet pardon the liberty I take if I speak of one in particular.

VAST SUM GIVEN PAST YEAR FOR LIBRARIES

Carnegie Corporation Made Large Contribution—Many Donations of Note are Listed, Including Rare Mexican Book

Chicago, April 4.—More than \$6,500,000 were given or bequeathed to libraries in this country in 1916, according to George B. Utley, of Chicago, Secretary of the American Library Association. The Carnegie Corporation contributed \$1,253,883 of this amount. The largest single gift of the year was the bequest of \$1,500,000 to the Providence Public Library, by will of Miss Lyra Brown Nickerson. Other donations of note include, \$250,000 to the Newark, New Jersey, Free Public Library, by will of James E. Howell; \$250,000 to Amherst college for a new library building, from an unnamed graduate, and \$250,000 to the Wisconsin State Historical Society, bequeathed by George B. Burrows.

Four rare Lincoln manuscripts were given to the Library of Congress by Clarence L. Hay and Helen Nicolay, the children of Lincoln's private secretaries, John Hay and John G. Nicolay. A rare book, printed in Mexico in 1576, containing words and chants used in early Spanish missions in Mexico and probably one of the first books printed in the Western Hemisphere was presented to the Newberry Library, of Chicago, by Archbishop Plancarte, of Llanes, Mexico.

April showers are due, and a man may expect one any time or place. Now is the time, and FRANK BYRNS' Hat Store the PLACE to secure Rain Coats and Umbrellas.

MRS. CRONK HAS RETURNED.

Mrs. E. L. Cronk, for some years manager of the Grand Hotel, has been quite a traveler since leaving the city and last was with a daughter in Houston, Texas. She has decided that Jacksonville is a good place for a residence and has returned and will take a position in the store of F. J. Waddell & Co.

Not

But as America, Queen of the Nations, sits upon the Throne of Time—her head proudly erect, and the chains which bound her broken sad cast into the depths of the past—there shall be placed on her brow a Crown of Glory, in which, if the deeds of her sons flash as sparkling diamonds, the deeds of the Heroines of the Strife shall shine as pearls of beauty, forever and forever!

And are now at home on Grove street. During their absence they were at San Diego, Los Angeles, Long Beach, Santa Barbara and other places.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, black heads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

TO DISCUSS COMMUNITY LIFE DEVELOPMENT

Speakers of National Fame to Ad-
dress Conference Sessions—Stress
Laid Upon Newspaper's Part
in Bringing Better Conditions.

Urbana, Ill., April 3.—One hun-
dred Illinois organizations inter-
ested in the development and conser-
vation of community life in the state
will be represented in a better com-
munity conference to be held at the
University of Illinois April 10, 11,
and 12.

Speakers of nation-wide reputa-
tion will address the gatherings, and
special sessions will be given over to
such matters as good roads, better
farming, home improvement, city
and country newspapers, public
health, commercial clubs and trade
organizations, the city and rural
church, woman's clubs and social
service organizations. Of these special
sessions is laid upon the confer-
ence of the newspaper men, because
it is the constructive, forward look-
ing newspaper that is to develop an
enlightened public opinion that will
result in better living conditions in
city, town and open country. It is
expected that more than a hundred
editors and business managers of
country and city papers will be in
attendance to engage in practical shop
talks and to listen to discussions on
community uplift.

Some of the speakers at the con-
ference are: John J. Arnold, vice-
president First National Bank of
Chicago, on "American International-
ism"; Dr. Edward T. Devine, Colum-
bia University, on "The World,
the Nation, and the Community";
Former Governor Charles S. Deneen,
who will speak on "The Common-
wealth as a Community"; Mrs. Car-
oline Bartlett Crane, Kalamazoo,
Michigan, on "Public Health"; Hen-
ry P. Cope, editor of Religious Edu-
cation, on "The Religious Element
in Community Life"; and B. P. Har-
ris, of the Banker-Farmer, on "Tie-
ing Town and Country Together."

One of the interesting features
will be the unveiling with appropriate
ceremonies of the Hall of Fame por-
trait of the late Frank H. Hall of
Aurora, inventor, promoter of agri-
cultural institutes, and champion of
vocational training.

Special music by the University and
second regiment bands, and by the
glee clubs and choral societies, a
recreational hour on Illinois Field,
representing the work in physical
education for women, a reception for
delegates, and visits about the cam-
pus and the twin cities will round
out the program of events.

Dr. Robert E. Hieronymus, com-
munity advisor at the University of
Illinois, is in charge of the arrange-
ments of the conference. Complete
programs may be secured from him
on request.

SOUTHERN CATTLEMAN'S CONVENTION.

Atlanta, Ga., April 4.—Evidence
of the remarkable development of
the live stock industry in the South,
during the past few years was af-
forded here today by the large and
representative attendance at the
opening of the annual convention of
the Southern Cattleman's Associa-
tion. Upwards of five hundred de-
legates, representing more than a
dozen States, were on hand when the
gathering was called to order by
the president, R. K. Doney of Duck-
port, La. The convention sessions
will continue three days, during
which time there will be addresses by
a number of eminent experts in cat-
tle breeding. In conjunction with
the gathering there is to be a nota-
ble sale of blooded cattle.

YALE AND PENN TO OPEN ROWING SEASON

Philadelphia, Pa., April 4.—The
intercollegiate rowing season of
1917 is to be ushered in here Friday
by the Yale and Pennsylvania oar-
men. The varsity eights of the two
institutions are to meet in a mil-
and a half race and the junior crews
will engage in a contest over the
same distance. The races will be
rowed over the Schuylkill River
course. All four crews have practi-
cally completed their work of prepa-
ration and are reported to be in
excellent shape for the contests.

TEACHERS MEET AT SPOKANE

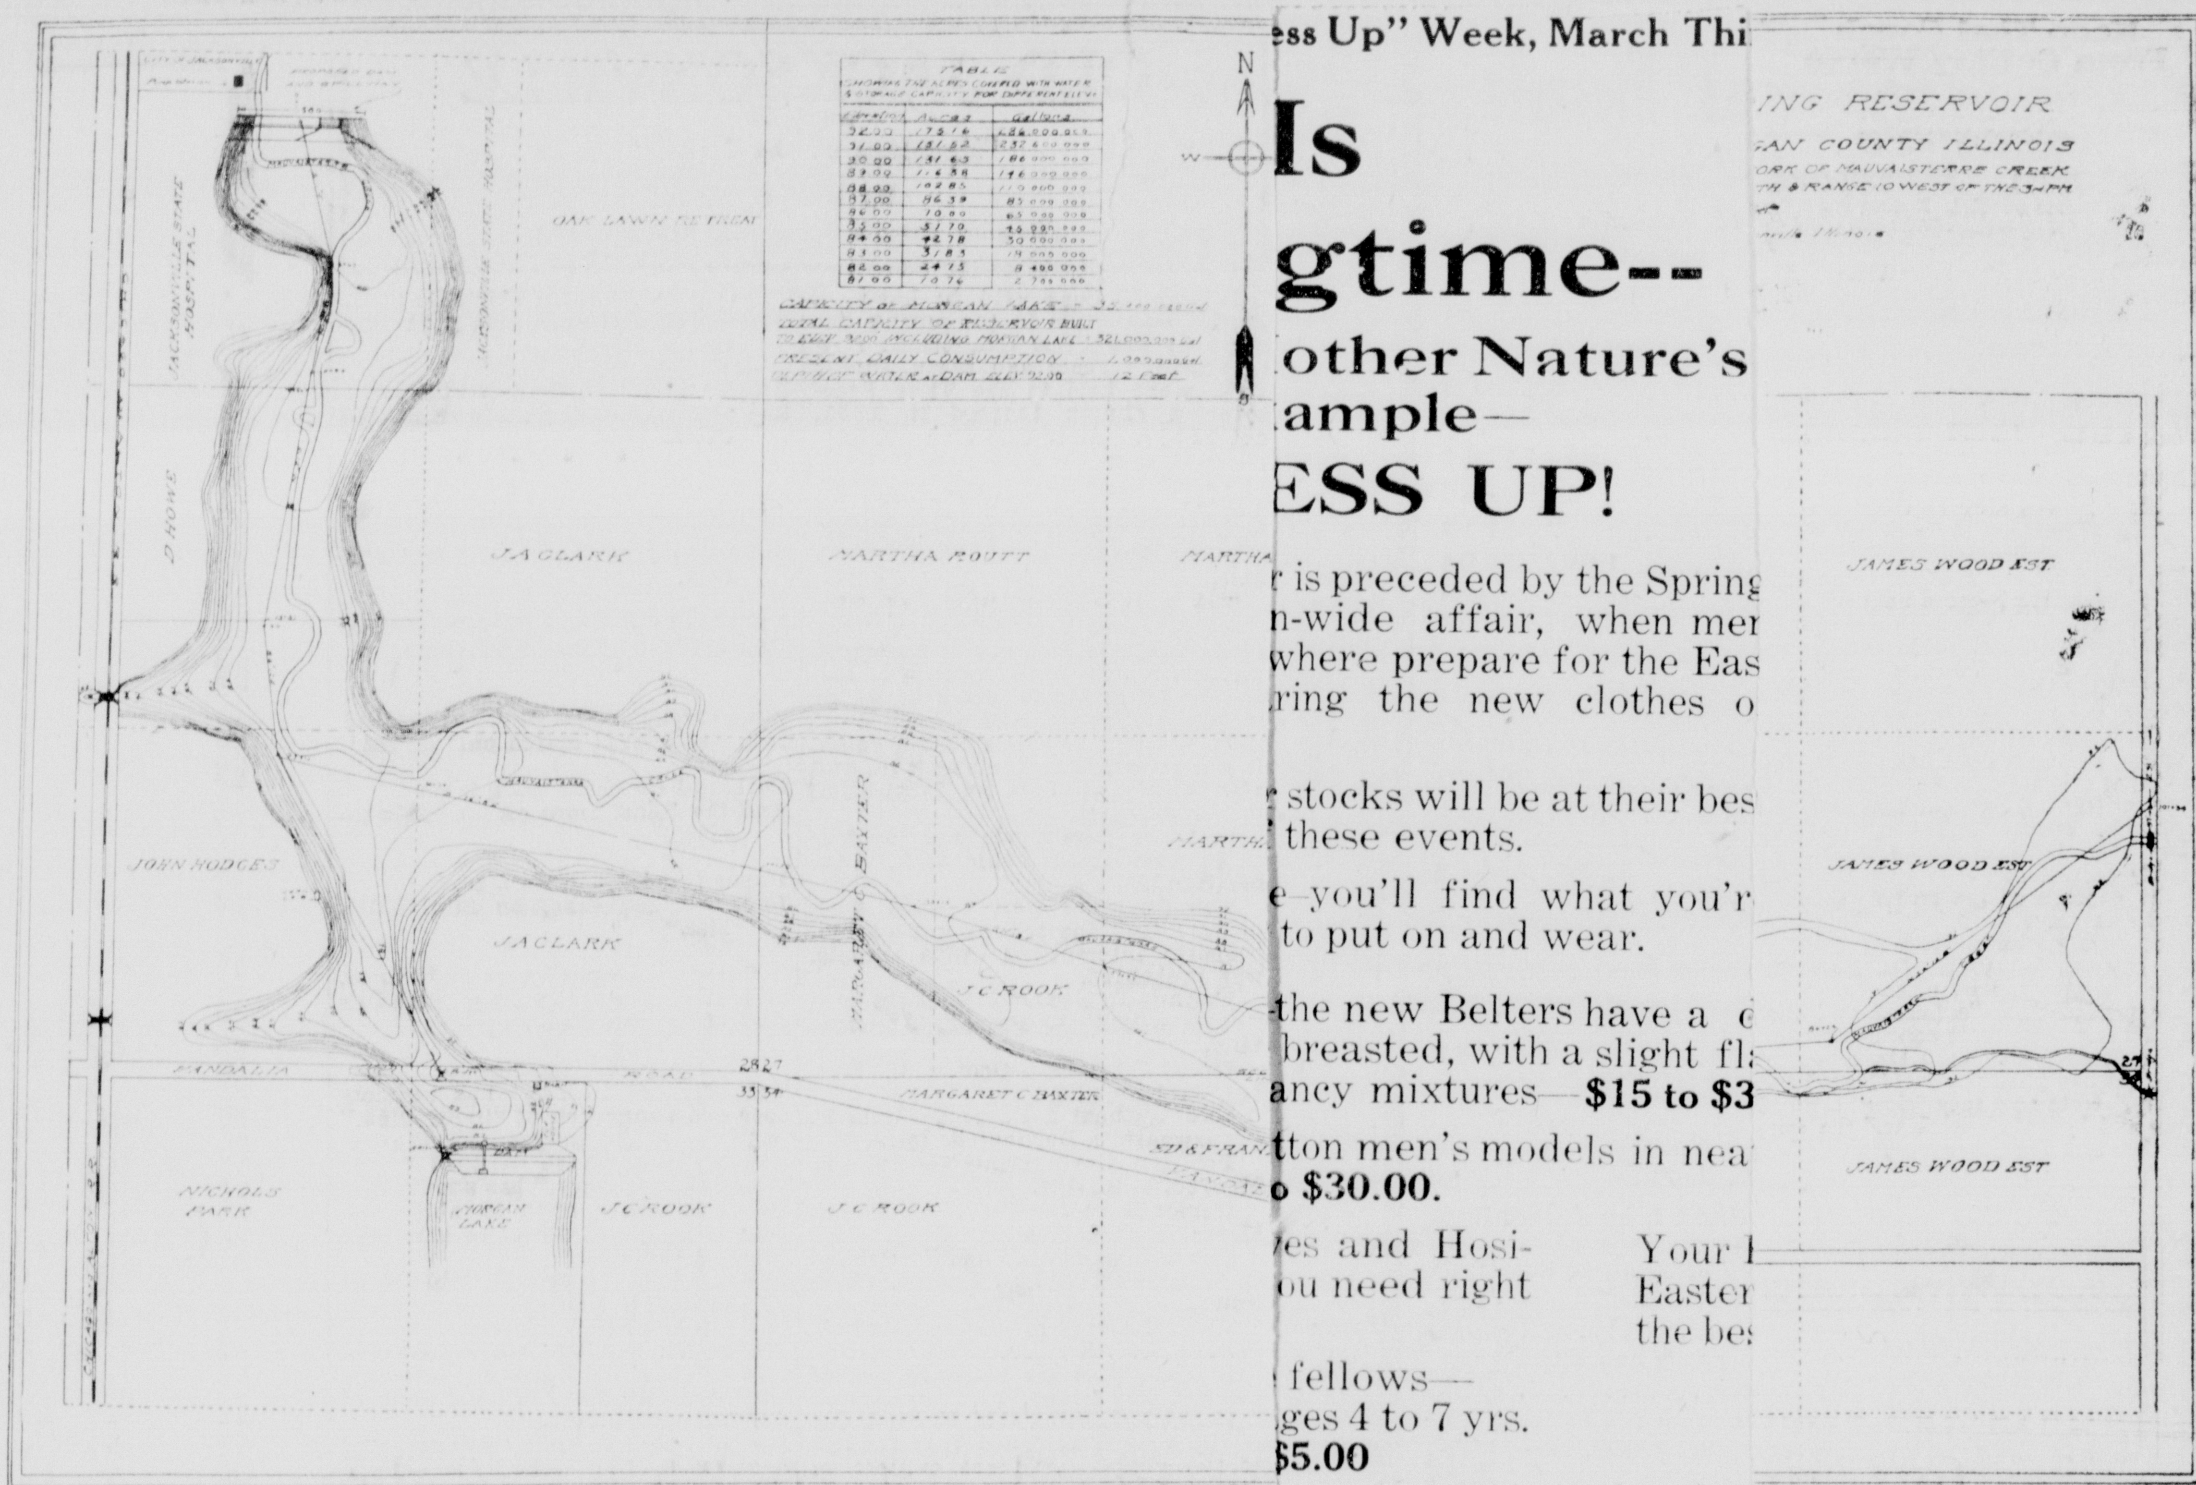

Spokane, Wash., April 4.—Represen-
tatives of three States were on
hand here today for the opening of
the annual convention of the Inland
Empire Teachers' Association. The
large attendance and attractive
program combine to give promise of one
of the most successful meetings in
the history of the association. The
list of speakers to be heard during
the three days' sessions is headed
by Dr. David Snedden, professor of
educational sociology in Columbia
University.

DOG SHOW OPENS IN DETROIT

Detroit, Mich., April 4.—Blue
blooded canines valued at many
thousands of dollars were on parade
today at the opening of the second
annual bench show of the Detroit
Kennel Club. Every popular breed
of dogs was represented among the
exhibits. The show will continue
over tomorrow.

WOODMEN HELD THEIR COUNTY CONVENTION

Delegates to State Gathering Chosen and Instructed to Work for Economy Methods—Management of Great Insurance Order

The county M. W. A. convention was called to order Wednesday afternoon in M. W. A. hall by J. E. Vasconcellos. Joseph Gomes was named temporary chairman and Charles H. James of Mercedia temporary clerk. Subsequently this organization was made permanent. The principal business of the convention was the naming of delegates to the state convention and the following were named: Charles Knoltenberg, Charles Glossop, Ernest Strawn and Charles H. James. The convention is to be held in Decatur and the delegates were directed to support certain economy measures suggested by Head Clerk James McNamara and to work for his reelection. After the convention had been organized the prudential committee was appointed consisting of Thomas Rapp, Charles Seymour and J. E. Vasconcellos. This committee reported that all subordinate lodges except Nortonville and Lynnville were represented and that the delegates had the proper credentials.

Delegates Named
A resolution committee was appointed consisting of J. M. Bunce, John N. Joaquin and C. L. Gates. On proper nomination and vote the delegates to the state convention named above were chosen. The resolutions committee reported in favor of reducing the salaries of state officers at least one third and expressed opposition to any state officer other than head clerk succeeding himself. The resolutions also provide that all state officers shall reside in the city where the head camp is located and that the directors hold weekly meetings or remain continuously in session. The delegates to the state convention were instructed to work for delegates to the national convention who will favor such reforms.

E. M. Vasconcellos from the floor suggested a resolution for still more reduction in the cost of maintaining the sanatoria. There was some discussion as to the endorsement of the present head clerk and then a resolution embodying the endorsement was presented as follows and was adopted by unanimous vote.

The Economy Resolution
Whereas, We are convinced that \$1.00 per member per year is sufficient to cover all the general expenses of the society, and that 20 cents per member per year is amply sufficient to cover the cost of maintenance and operation of the sanatorium near Colorado Springs, Col., inasmuch as the average cost during the last three years was less than 19 cents per member, and—

Whereas, We believe that placing the society on the budget system will be conducive to economy and carefulness and will make for the elimination of extravagance and waste; and—

Whereas, We believe a number of the Head Camp standing committees are entirely unnecessary and should be discontinued and that others of said committees should be reduced in number, and that there should be a reduction in committees and Head Officers rather than an increase in the number of same; and—

Whereas, We are firmly convinced that two National lecturers and two general inspectors are all that can be used to advantage; and—

Whereas, We believe that farm mortgages are better and more desirable security than state and municipal bonds, the former being fully as safe and as ready of sale and netting a higher rate of interest; and—

Whereas, We believe the bonding by the society of its clerks, assistant clerks, bankers, and state, district, and assistant deputy head consultants, will effect a saving of thousands of dollars per annum; and—

Resolved, That this county camp in convention assembled, does hereby endorse each of the foregoing propositions, as more fully set forth in a circular letter sent out by Head Clerk James McNamara under date Jan. 25, 1917, and that the delegates from this county camp to the state camp, Modern Woodmen of America, be and they are hereby instructed to work and vote for each of these changes and reforms; that such delegates be and they are hereby instructed to use all honorable means in their power to instruct the delegates from the said state camp meeting in Chicago to work and vote for all of these propositions; and be it further—

Resolved, That having full confidence in our head clerk, James McNamara, and knowing that he favors the changes and the reforms above enumerated, and that he stands, for honesty, economy, and efficiency in all departments of the society's work, the delegates from this county be and they are hereby instructed to vote and work for instructions to delegates from the state to the head camp to stand by the head clerk and work and vote for him for those changes and reforms, and for any others he may propose in the interest of the society.

WILL GIVE EASTER PROGRAM

An Easter program will be given at the Christian church in Woodson Sunday morning. The program will take the place of the regular preaching service. An offering will be taken for the orphan's home in St. Louis which is supported by the Christian churches of the country.

J. H. Wyatt of Franklin was transacting business in the city yesterday.

CO-OPERATION NEEDED IN LUMBER INDUSTRY

Necessity for Team Work Emphasized at Lumber Manufacturers' Convention—Year Brought Many Changes to Industry

Chicago, April 4.—The general meetings of the annual convention of the National Lumber Manufacturers' Association began here today, the way being opened promptly for discussions of plans to reorganize and expand the body. R. H. Downman of New Orleans, president of the association in opening the meeting, emphasized the changes that have come over the industry because of the year's developments in trade and foreign relations saying in part: "The past year has developed more than ever before the need for co-operation in every part of the lumber industry, from the forest to the consumer. The demands of modern conditions have forced organization, and in none of the great industries of the world is it more necessary than in the lumber industry."

"We are entering upon a stage of development in which team work will tell as never before. Organization is here to stay whether the individual believes it or not. The wise man improves his own condition through efforts to improve the condition of his neighbors. The business man, it would seem, has sometimes preferred bankruptcy to meeting with his fellows and learning their way of doing business in return for giving information upon his own methods."

"Since the last convention of this association, affairs at Washington have required a great deal of co-operation on the part of the lumberman. These include the re-classification case before the Interstate Commerce Commission, the efforts of the Bureau of Forestry and Economic Commerce to expand the export trade, the activities of the Forest Service and the Federal Trade Commission, and now latest of all the Shipping board and the immediate construction of a large number of boats."

"Whether all agree with the analysis of the lumber industry in the Forest Service report, the operators may learn much from its personal and will do well to deeply consider its suggestions as to accurate cost accounting, institution of selling agencies, with proper safeguards to protect the public, and other similar recommendations."

ROYAL NEIGHBORS TO INITIATE LARGE CLASS

Final arrangements were completed Wednesday for the initiation of a large number of candidates in the two local Royal Neighbor camps. Mrs. Belle Potts and Mrs. W. C. Tanison of White Hall, deputy and assistant deputy, have been working here for the past few weeks and have secured a total of ninety one applications for membership.

The date fixed for the adoption of the class is Wednesday, April 25, and the work will probably be put on by an out of town team. Mrs. Potts has recently been chosen as supreme delegate to the national convention to be held in Buffalo in May.

LYNNVILLE.

Mrs. Will Watson has returned to her home in Springfield after a visit with her mother, Mrs. Davis. Mrs. Davis, who has been in the city for the past few weeks is improving.

L. M. Shirliff, Foster Sheppard and Sam Angelo attended a Masonic meeting in Jacksonville Thursday night.

Born to Mr. and Mrs. Berry Heaton, a daughter.

Miss Susie Dickinson has returned home from Monticello, where she went to attend the funeral of her uncle, George Dickinson.

A large crowd attended the dance at the Masonic hall Tuesday night.

Mrs. George Elger spent Wednesday with the family of C. E. Hamel.

Born to Mr. and Mrs. Fred Watson, a daughter.

Several relatives and friends from here attended the funeral of Mrs. Mary Belle Quinn Monday afternoon at 2 o'clock at the Christian church in Winchester. Burial was made in Winchester cemetery.

M. D. Gordon of Eureka is visiting his parents, Mr. and Mrs. Henry Gordon.

WILL ERECT NEW SMOKE STACK
O. N. Barr is preparing to erect a new steel smoke stack at his laundry in West Court street. The old one was wrecked by the high wind several weeks ago. Mr. Barr purchased two sections of the water main which was laid by the Jacksonville Water company between this city and Bluffs. The main is much heavier than the steel used in the ordinary stack and will be forty feet above the roof which is several feet higher than the old one. He expects to have the stack in position some time this week.

STATE OF ILLINOIS
State Highway Department
Springfield, Illinois

Sealed proposals for State-aid Road Improvement in Morgan County, known as Section C, on Route 7, will be received at the office of the State Highway Commission, Springfield, Illinois, until 12 o'clock, A. M., April 11, 1917, and then publicly opened.

Proposals shall be made on forms furnished by the State Highway Department and shall be enclosed in an envelope addressed to the State Highway Commission, Springfield, Illinois.

The Engineer's estimate for this work, exclusive of such materials and equipment as will be furnished by the State, is \$14,120.00.

Length of improvement 2,615.5 feet.
Type: Oiled Earth.
Width: 15 feet.

Nearest railroad passenger station, Jacksonville.

Detailed information of the work to be done may be had by an examination of the plans and specifications and estimates on file in the office of the County Superintendent of Highways of said County, and in the office of the State Highway Commission.

By order of the State Highway Commission,
W. M. W. MARR,
Chief State Highway Engineer.

All Records Broken By Big Sales of Tanlac; Expert Offers Reasons

No Other Preparation Ever Equalled the Master Medicine In Popularity—Real Ability to Help Mankind Is the Only Cause for Its Great Success

Local people by the hundred are now taking Tanlac.

Although this new tonic has been on the market a very short time its sales are record breaking, according to local druggists. No medicine ever before introduced here has equalled Tanlac in its instant jump to a place of popularity.

Thousands of inquirers, as well as those who have already begun to take Tanlac visit Coover & Shreve's East Side Drug Store where the Tanlac expert explains the new tonic and what may be expected if it is given a fair trial. Equally large crowds visit Coover & Shreve's West Side Drug Store, where Tanlac also may be obtained. The Tanlac Man says:

"Chronic health worries are caused in the majority of cases by intestinal and stomachic fermentation. Food literally rots in the digestive organs instead of being changed into rich, pure, health-giving blood. This decaying food becomes a virulent poison which gets into the kidneys and liver and those organs become affected by the toxic juices so that they do not function properly."

"Such conditions result in gas formations after meals, sharp, shooting or dull pains, and a run-down condition generally. The limbs swell and ache, sound sleep becomes irregular, and raspy, edgy nerves are a natural consequence."

"It follows that the powers of resistance become weakened, so that disease germs find nothing to oppose their inroads on the system. The body becomes emaciated, the vital forces gradually diminish, and existence becomes a draggy, despondent proposition."

"Tanalac gets right at the root of things by stimulating the digestive apparatus, aiding nature to get the organs functioning properly and thus enable them to throw off the toxic substances resulting from stomach and bowel fermentation. The whole system is toned up, restful sleep returns, and vigor, vim and vitality take the place of that droopy, dragged-out feeling. That is why Tanlac has become so successful."

CHANGE COMES AS BIG SURPRISE TO WOMAN

East St. Louis, Ill., April 5.—Mrs. Kate Henry, 1109 Gatz street, this city, wife of a well known East St. Louis carpenter, said on March 19, regarding Tanlac:

"My stomach was all out of order for nine years. I couldn't eat a thing without misery afterward. My food seemed to form in a knot in my stomach and wouldn't digest. I was in a constipated condition nearly all the time."

"The change in my condition since trying Tanlac is surprising. I can eat anything I care for without any trouble afterward. Everything I eat agrees with me and is digested properly."

SAYS HOUSEWORK IS PLEASURE NOW

Mrs. J. G. Patterson Describes Recent Change in Her Condition

BENEFITED BY TANLAC

Freeport, Ill., April 5.—"Tanalac has given me health and strength and has put me in condition to do my housework properly and I want to recommend it for others," Mrs. J. G. Patterson, 38 Douglas avenue, wife of a traveling salesman for a Perry, Iowa, manufacturing concern, said on March 21.

"I was in such a nervous, run-down condition that I felt tired all the time," Mrs. Patterson continued. "I didn't sleep well at night and I dreaded getting up in mornings. I didn't feel like doing my housework and the little work I did do was simply drudgery. I was so nervous that I couldn't stand any noise of any kind."

"I read about Tanlac in the newspapers and decided to give it a trial. Tanlac has built me up in every respect and has benefited me in every way. I sleep soundly and peacefully every night now and get up in mornings feeling fine and strong. My work is getting to be a pleasure to me now."

"Tanalac has helped me so much that I am sure it will help others and I want to recommend it."

WANTS OTHERS TO KNOW OF BENEFITS DERIVED

Freeport, Ill., April 5.—"Tanalac has done mighty good work in my case and I want others to know about it," Mrs. S. J. Piderit, 215 Spring street, this city, said recently. "My stomach was out of order. Nothing I ate agreed with me and after every meal I would be bothered with bloating and belching."

"I can eat anything I care for without any bad after effects since taking Tanlac. The gas has disappeared from my stomach and I'm never bloated now."

AGENTS WANTED

Exclusive agency for Tanlac is awarded one druggist in every city, town and village. Agents are wanted and are to be appointed in every city, town and village in Illinois within the next ninety days. Druggists are invited to write, wire or phone C. H. Bailey, 414 Saks Building, Indianapolis, Ind.

WANTS OTHERS TO KNOW FULL FACTS

St. Anne Woman Offers Details of Recent Experience With Tanlac

GETS GOOD REST NOW

Mrs. T. E. Ross Declares She Feels Better Than for Years

GIVES NEW TONIC CREDIT

Kankakee, Ill., April 5.—Among the hundreds of people of Kankakee and vicinity who are now taking Tanlac, the Master Medicine, and are finding it surprisingly beneficial, none is more enthusiastic about the new preparation than Mrs. T. E. Ross, who lives at St. Anne, near this city. Mrs. Ross said on March 23:

"Three years ago I began having trouble with my stomach. I have been bothered a great deal with constipation and as a result suffered from headaches almost constantly. It seemed that nothing I ate was digested properly. I didn't get the proper nutrition from my food. I guess for I felt weak and tired out all the time. Frequently I became so weak that I felt dizzy."

"I read about Tanlac in the newspapers and decided to give it a trial. My stomach seems to have been placed in excellent condition by Tanlac. I feel better now than for years. The headaches have disappeared entirely. My food is digested better now and the constipation has been relieved. Instead of feeling tired and worn out I feel rested and fresh at all times."

"Tanalac has done such good work in my case that I think others should know about such a medicine and that's why I'm making this statement."

BELLEVIEW MAN DIDN'T EXPECT BIG BENEFITS

Belleview, Ill., April 5.—"Tanalac has helped me even more than I expected and I don't hesitate a minute to recommend it," Edgar Ogden, 907 West C street, this city, said on March 23.

"I was almost a nervous wreck. I couldn't sleep at night and as a result felt tired all the time. My blood was impure, large red blotches appearing on my forehead often."

"The nervousness has been relieved so much since I started taking Tanlac that I sleep soundly every night now from the time I go to bed until morning. Tanlac has purified my blood. The blotches have disappeared from my forehead."

GETS UP IN MORNINGS FEELING REFRESHED NOW

Freeport, Ill., April 5.—"I sleep soundly every night and get up in mornings feeling refreshed since taking Tanlac," John K. Englehart, 221 Elk street, this city, said on March 19th.

"My stomach was out of order before I took Tanlac and nervousness developed. I don't believe I averaged one good night's rest out of every week."

"Tanalac has caused a surprising change in my condition. It straightened out my stomach in a short time. The nervousness has vanished now and I'm getting good, restful sleep again."

"INTOLERANCE" STAGED AT GRAND OPERA HOUSE

Griffith Production in Splendor and Realism Measures up to Expectations—Twenty Six People and Carload of Equipment Required in Presentation.

Twenty six people and a carload of equipment are necessary for the presentation of D. W. Griffith's great moving picture, "Intolerance," which is now on view at the opera house. Ordinarily people think of a moving picture as requiring a film, screen, machine and an operator only and so the knowledge of how many people and how many equipment are the accompaniment of "Intolerance" gives some idea of the immensity of this motion picture production. The company carries its own orchestra and singers.

This Griffith success was recently termed by Ashton Stevens, the well known Chicago dramatic critic, as "the world's greatest show." Certainly everyone in the audience at the Grand last night agreed that the word "colossal" was strictly applicable to "Intolerance," and it was easy to see why the picture is known as a two million dollar production. It is said that 125,000 people took part in the assemblages for this production and immense sums were spent in equipment.

A Story in Four Episodes.
There are four episodes and the action takes place in ancient Babylon, medieval France, the time of Christ and in an American city of today. Three love stories run through the scenes and each story has its own particular characters. The scenic backgrounds, which Mr. Griffith provided are really beyond description. They present the splendor of the great palace of Belshazzar, the stately edifices of ancient Babylon, the magnificent temples and cathedrals in a manner historically correct. The systems of ancient warfare are presented with startling reality and the auditor is constantly wondering how it was possible to produce such realism as the walls and buildings of the ancient cities are destroyed with sword and fire and the flaming engines of warfare.

Incidentally "Intolerance" takes issue with some modern day reforms and presents the argument that the reformers have in their zeal gone too far in some instances, have sought to provide consciences for the people and have thus trampled upon individual rights. But the consideration of these particular principles is lost sight of as one contemplates the splendor of picture and meditates upon the brain that conceived it, the executive force and prodigious expenditure of money that brought it into being, and placed it upon the screen.

Manager Johnson from the success scored with other great pictures in the past here in Jacksonville did not hesitate in presenting this great feature. The performance last night was the beginning of a three-day engagement, and there will be matinee and evening presentations both today and tomorrow.

U. S. WOULD BRING GREAT RESOURCES INTO THE WAR

Possesses a Navy Among the Foremost Afloat

Would Throw An Army Comparatively Small But Highly Efficient Into the Conflict Backed Up By a Citizenry of Upward of 20,000,000 Capable of Military Duty.

WASHINGTON, April 5.—Actual and potential resources, which, all told, probably never have been equaled by any other nation in the history of the world are brought into the great war under the American flag.

Industrial Resources Mobilized

Into the balance against Germany are thrown a navy in strength and efficiency among the foremost afloat, an army comparatively small but highly efficient, backed by a citizenry of upward of 20,000,000 capable of military duty; industrial resources comparably the greatest in the world, already mobilized for public service and the moral force of more than 100,000,000 Americans awakened to their country's peril and united behind their president with a patriotic fervor reincarnating the spirit of '76.

Altho much remains to be done, officials believe the nation's destinies are here now, no matter how stubborn or prolonged may be the pressure of German militarism or how wide the scope of German intrigue. The slowly maturing preparedness sentiment has been frayed in military, naval and industrial preparations which already have put the United States on a defense basis not hoped for two years.

What more it will do, the president believes can be measured only by what the administration finds will be necessary.

Add Modernized Units

The navy, already the first line of defense, has cleared its decks of antiquated incumbrances, has added new units modernized to meet the German tactics and the patriotic cooperation of ship and material makers is hurrying to completion other mighty fighting craft that will be the last word in power and efficiency. Authorized but ten days ago to recruit the full war strength of 87,000 men, the navy already has almost attained the total.

To provide additional officers a class of midshipmen has been graduated three months ahead of time. A newly organized coast patrol of submarine chasers is on duty and hundreds of small craft to augment it are under construction. Army preparations are less complete, because of the uncertainty over what congress will authorize for that branch of the service. The regulars, numbering nearly 120,000 and trained and equipped in a way which their officers believe matches unit for unit the boasted efficiency of Germany's best, are ready to respond overnight to whatever call may come.

Many Units of Guard in Service

The national guard, 150,000 strong and hardened by months of service at the border, already has many units in active service for police duty throughout the country and can be fully mobilized on short notice. Without additional authorization by congress the regulars and guardsmen could be recruited to a combined strength of 700,000 and detailed plans for whatever larger army may be authorized have been prepared and great quantities of equipment for it purchased.

Industrial preparations, thanks to lessons of the war and the patriotic attitude of industry, have produced a great compact scheme of national resources in daily conferences with the nation's leading financial, commercial, scientific and labor chiefs, not only has worked out a definite and detailed industrial mobilization plan but has secured the endorsement and pledges of the men which can put it into effect at a moment's notice, bringing to the military arm of service the full resources of the nation's organized with characteristic Yankee skill and business thoroughness.

Only Small Part of Detail Public

For military reasons only a small part of the detail of these preparations has been permitted to reach the public. It is known however, that for many months the government has considered war more than a possibility and has strained its every resource to make ready. In the tense waiting period since relations were broken, the president, while hoping fervently that hostilities could be avoided, has kept the whole machinery of the government in motion day and night to prepare against eventualities. To any close observer at the capital, it now is apparent that Germany again has misjudged if she thought to find the judged if she thought to find the and unprepared.

SET TRIALS FOR NEXT WEEK.

New York, April 5.—Former Congressman Fowler and Henry B. Martin, indicted with former Congressman Frank Buchanan, Frank Rintelen, a German agent; David Lamar on charges of fomenting strikes in munition plants and on steamship piers entered pleas in abatement in the federal district court here today. A trial by a jury to determine the validity of the indictment was set for next week.

TO FORM CLERGY RESERVE

Philadelphia, Pa., April 5.—Formation of a clergy reserve corps composed of Episcopal clergymen in the diocese of Pennsylvania was authorized today in a resolution adopted here today at a ministers' meeting. Members of the corps will offer their services as chaplains in the army and navy and in hospital work.

WILLARD READY TO FIGHT

Washington, April 5.—Jesse Willard, the heavy-weight pugilist, sent this telegram today to President Wilson: "I will fight, when do you want me?"

HOUSE VOTED FOR WAR THIS MORNING

(Continued from Page 1.)

Urge Kitchin To Speak.

Representative Shackelford of Missouri and Representative Sherwood of Ohio strongly urged Mr. Kitchin to make his speech.

Shortly before three o'clock Representative Kitchin announced publicly he would speak against the resolution. His entrance into the chamber shortly afterward caused a quickening of lagging interest in the debate.

Representative Hensley of Missouri, who on Tuesday said he would vote for the resolution hastily announced he had decided it was his duty to oppose it. Others who had deserted the pacifist camp said they were thinking seriously and probably would vote in the negative.

Speaks Without Usual Fire.

Obviously weary by the day's events Mr. Kitchin spoke without his usual fire.

"In view of the many assumptions of loyalty and patriotism," he said, "on the part of some of those who favor the resolution and insinuations by them of cowardice and disloyalty on the part of those who oppose it, offshoots doubtless of the passionate moment, let me at once remind the house that it takes neither moral nor physical courage to declare a war for others to fight. It is evidence of neither loyalty nor patriotism for one to urge the others to get into war when he knows that he himself wants to keep out.

"The depth of my horror, the intensity of my distress in contemplating the measureless steps proposed, God only knows. Too grave is the responsibility for any one to permit another to stand for peace, judgment, after mature thought and fervent prayer for rightful guidance has pointed out clearly the path of my duty and I have made up my mind to walk in it if I go bare-footed and alone." Mr. Kitchin was heartily applauded from all sides as he concluded.

Cannon Supports Measure

Former Speaker Cannon, supporting the war resolution says this was no time for partisan discussion; that the United States is not ready for war now but must prepare at once. Remarking that he had heard it suggested that the president be impeached for arming American ships, Mr. Cannon said: "We would not make headway there." He defended the loyalty of American German birth. Amid enthusiastic applause the former speaker announced his intention of voting for war.

Representative Dill of Washington, saying he had spent sleepless nights considering the war question declared he finally had decided to vote against the resolution because he believed it the highest duty of the United States to keep out of the European conflict. Once in, he added, the government would receive his entire support.

Kitchin Opposes Resolution

Representative Kitchin, who announced he would oppose the resolution, said he was not sure that the United States put in the same situation that Germany is in with respect to its European enemies might not resort to the same violations of neutrality that Germany has been guilty of.

"Are we quite sure," he asked, "if we were in war with Germany and Japan, with our ships helpless, with our commerce swept off the seas, with our food scarce, with our arms and ammunition for our soldiers denied us that we would not in our last struggle strike at our enemy with the only weapon we could, even tho it be a violation of neutrality?"

Mr. Kitchin closed with an admission that the resolution would pass.

Representative London, of New York, Socialist, said the president's plan for conscription, while President McKimley in the war with Spain called only for volunteers, showed that the president realizes the people are against the war with Germany.

Opposes Sending Army Abroad

Representative Sherwood of Ohio, said he was opposed to the resolution in the form which permits sending troops abroad.

Representative Heflin of Alabama, Democrat, bitterly criticized Representative Kitchin's declaration that humiliating to the Democrats and that if he himself, had made such a speech, he would have followed it up by resigning from Congress. Some hisses came from the Democratic side and Mr. Heflin said they were from those who were for the Kaiser.

Representative Sloan, Nebraska, Republican, declared the sober second thought of the people, including congress is being felt and that ten days delay of the vote would defeat the resolution in its present shape.

Representative Lenroot, Wisconsin, Republican, said he would support the resolution because not to do so would mean that we "will submit to Germany warring on us without using force to prevent it."

Issues Challenge to Heflin

Representative Burnett of Alabama in the course of his speech against the resolution challenged Representative Heflin to circulate a petition in the house to secure support for his declaration that Majority Kitchin should resign. He also asked his colleague to prove himself consistent by enlisting as a private in the army.

Interchanges between the two Alabamians were made to the accompaniment of shouts of applause from both sides of the chamber and the galleries.

Heflin, unable to get recognition, insisted on replying, shouting that he would resign and fight for his country. Burnett continued his heckling despite the roars of the members and the pounding of the gavel by Representative Fitzgerald until the sergeant-at-arms produced the mace, symbol of the authority of the house, and compelled him to take his seat. Shortly before nine o'clock, Representative Mann, the

Republican leader, took the floor to support the resolution. He praised the courage of those opposing, but said there was nothing for congress to do but stand by the president.

"I wish," said Mr. Mann, "to pay a tribute to the courage of those members of the house who in the exercise of the responsibility cast upon them have expressed their opposition to this resolution. I want particularly to pay my tribute to the rare courage of the gentleman from North Carolina.

"I do not agree with them, but this is a time when members of this body, aye all citizens of the country, have the right to express their opposition to the war for tomorrow when the war is declared it will become the duty of all citizens to hold up the honor and power of the republic.

"For two and one half years I have done all in my power by voice and vote to keep this country out of the European war. I have believed it was to the advantage not only of our people and our country, but to the advantage of civilization and humanity that we should keep out of the war at this time. But after all it was not because I was afraid of war. The American people may prefer peace but they are not guilty of cowardice; it is not because we are afraid to fight.

Situation is Changed

"Now the situation is changed—the president of the United States who has the responsibility of dealing with foreign countries and who is the spokesman of the people with the nations of the world has asked us to declare war and we have a resolution to that effect before us on which we must vote. We must vote to decide on war or vote down the resolution. What position would we be in if we should down the recommendation of the president and what would be the effect on the rest of the world and on our own self-respect?"

"The only thing left for us to do is to stand by the president elected by people. We cannot say to the world that our only goal is gold, that our only desire is wealth. We must, when the question is presented to us, declare we will maintain the rights of Americans abroad as well as at home.

"There is a difference between a deliberate affront and an incidental injury. We have had incidental injuries from both England and Germany. A deliberate affront long ago would have brought a declaration of war. Now we are required to say that a deliberate affront has been made by Germany and there is nothing left for us to do but follow the recommendation of our chief executive and engage in war and maintain our rights and our civilization."

Representative Gardner, Republican of Massachusetts, said the United States is not going to war for 200 murdered Americans, but for the rights of man.

Representative Decker of Missouri said he believed in national honor, but did not think "we would sacrifice it if we did not go to war."

Fitzgerald Favors Bill.

Representative Fitzgerald, Democrat of New York said he would vote for the resolution and was willing to pledge all the resources of the country to bring the conflict to a successful termination.

As the night wore on there were loud calls for "vote" from members anxious to get away, but Mr. Fitzgerald, in the chair, waved away all efforts to cut off debate. Representative Rainey of Illinois told the house "we war not against the people, we war against the Hohenzollerns."

Representatives Moore, Penna; Small, North Carolina and others urged a united front for defense of American rights.

Representative Sims of Tennessee angrily called for immediate action. Republican Leader Mann counseled patience. If the country is going into war, he said, members must have patience and all members should have opportunity to express their views.

SPECULATE AS TO AMERICAN ASSISTANCE

Practical Fighting Men Believe U. S. Would Want Representation with Allied Army in France.

(From a Staff Correspondent of the Associated Press.)

British Headquarters in France, via London, April 5.—There is much speculation in the British army as to what assistance, in a military sense, America might render the Allies. Regardless of what theorists may say, practical fighting men here believe that the United States would want to have representation with the Allied army on this front and would send over a considerable fighting force within six months, provided the war lasts that long.

One basis for this belief is that both Germany and Great Britain are fighting with new armies, Britain because she did not have an army in the European sense before the war began, and Germany because her forces are largely made up of classes called to the colors since 1914, a large proportion having only five months training. It is generally figured now that a good soldier can be made within six months. The organization behind the fighting force must be built up by genius but it is thought here that America can easily meet that emergency.

It is also argued in army circles that America might well specialize in such branches as aviation and machine gun detachments. The airplanes would have, however, to come up to a high standard and must make at least 150 miles an hour to take rank with the best English and French machines. One definite thing expected is that America will undoubtedly increase many fold the hospital and medical assistance which she is already voluntarily rendering the Allies.

BURY VICTIMS OF RUSS REVOLUTION

PETROGRAD, April 5.—via London.—The victims of the revolution were solemnly buried today in the historic field of Mars. As the coffins, draped in scarlet banding were lowered one by one, into the tremendous grave that had been dug in a corner of the field a series of salutes—one for each victim—boomed across the ice-bound Neva, from the fortress of St. Peter and St. Paul where the last ministers of the fallen empire are confined. Regimental bands flanked the field and thousands of persons with bared heads joined in a mass for the revolutionary dead. Banners of every description bearing the familiar devices of the new republic were carried by each unit in the procession which assembled from every quarter of the city to march to the burial ground.

HIGH FUEL PRICES TO
RULE THRU THIS YEAR

Unprecedented Demand Gives Operators Market for All They Can Produce—Hard Coal Prices Near Normal—Soft Coal to Soar in Late Months

If one can believe the coal trade papers and what all mine operators say, the prices for fuel the coming fall and winter will be the highest ever known in Illinois. This condition will not be true in Illinois alone but the country over, although prices in this state always have been on a lower basis than in many other localities.

Mine operators and coal statisticians and others who have investigated the subject with any degree of thoroughness agree that the coal supply at the present time is far less than is usually true at the same season of the year. In the case of Illinois there is usually a surplus stock of at least four or five million tons stored in the east ready for distribution in that part of the country or for shipment by the lake route to the central and west. But this year the operations of the hard coal collieries have been cut down by lack of labor as employees were engaged in more attractive lines of work and the season has also shown an unprecedented demand. The result of this combination has been to entirely consume storage stocks and the operators begin the season with a hard coal shortage.

Big Demand for Soft Coal
The situation with soft coal—that is of the quality which comes from the Springfield and Cartersville districts into Jacksonville—is not just the same, but the demand for this coal has never been equaled before at the time of year. Shipments of coal abroad are being made from mines in West Virginia, Pennsylvania, and coal from Illinois and Indiana is being shipped to the points formerly supplied from the eastern mines. Every line of industry is now working full force and so the fuel consumption for such industries is far above normal. This busy condition applies particularly to munition plants and automobile factories where 24 hour shifts are maintained.

The railroads the past year consumed a hundred million tons of coal and this year the estimate is that the consumption will be much larger. Most of the railroads contract for their coal about this time of year and the real condition of the coal market is well indicated by the railroad contracts made. Roads in this state usually buy mine run coal and they take it at the mine without any freight charges added. Last year the average price by the railroads in this part of the state for their coal was \$1.12 per ton at the mines. These same railroads this year have made contracts for exactly the same kind of coal at \$2 per ton, an increase of nearly 100 per cent.

Burlington Buys Mine Output
The Burlington in its desire to insure a full supply for the coming busy months has purchased the entire output of the T. C. Keller & Co. mine at Herrin and the entire output of one of the mines in the same locality owned by the Chicago & Cartersville Coal Co. This purchase takes these two mines out of the retail business for the year.

Big contracts for coal from that district have already been placed and nearly all of the many operators there now have enough business booked to keep the mines in constant operation for several months to come. The price at which the railroads are buying coal is indicative of the increases on the higher grades of coal which are used for domestic purposes. A year ago 6 inch lump coal was selling in the Cartersville district at a mine price of \$1.50 per ton. Today the price is \$3. A year ago Springfield 6 inch lump coal could be bought at the mine for \$1.35 per ton, and today the price is \$2.50 per ton.

No Retail Contracts
Not only are the operators getting these higher prices for coal for the retail trade, but they are refusing to contract more than a month ahead. They name prices for April and indicate that an increased price may be expected in May. True, big contracts have been placed in both the Springfield and Cartersville districts, but these contracts are not for the so-called domestic lump but are for mine run, screenings, or other grades of coal customarily used for steam purposes.

Hard Coal Prices Normal
Although prices are some higher for soft coal than usual, the same thing does not apply to hard coal and local dealers are now asking only about 25 cents per ton more for hard coal than is usual. The hard coal business is practically controlled by two large companies in the east and it is their policy—either of their own volition or because of the fear of a government investigation if any other course was pursued—to keep their prices on the same levels that have prevailed for the past three years. Therefore consumers of hard coal the country over will be able to buy their supply this year at normal prices. There will, however, be the difficulty of getting the coal because the supply is very short. The same condition does not apply to eastern coke, for the prices on that commodity are now almost prohibitive. By-product coke, it is understood, will sell at prices somewhat higher than in years previous, but the advance will not be of a sensational kind.

Early Buying Will Pay
Altogether the situation in the coal trade accords quite well with everything else, which is tending to prove that it costs a great deal more to live now than it did a year or two since. The experience of the past year and the warnings which are being issued by the operators give point to the advice that the consumer who has his own best interest in mind will buy his fuel early, both for the summer and winter months.

Looking Ahead for Necessities

The matter of early buying in its relation to economy is seen not alone in fuel, for the fall prices of many necessities of life are almost certain to be higher than those which prevail now. Local clothing merchants have had a good many instances of frugal people coming into their stores and purchasing heavy underclothing and other woolen goods intended for wear next fall and winter. These customers have been reading the trade journals and are convinced that the prices for raw materials of wool and cotton are absolutely certain to make higher prices a few months later. The same condition applies to the shoe business, and many people in this city and county are purchasing shoes now, although they do not expect to wear them this season.

Any person who studies business and trade conditions here and elsewhere will have no difficulty in deciding that this is the year for the early buying of all necessities if economy and saving are any object.

MEREDOSIA WILL BID
FOR STATE AID ROAD

Citizens Will Work to Promote Jacksonville-Quincy Highway—Brown County People Will Co-operate in Planning Bridge.

The movement for the planking of the Illinois River bridge at Meredosia and for promotion of an improved highway thru that locality received strong impetus Thursday evening at a large and enthusiastic meeting of the Meredosia Booster Goods Roads and Bridge club. Addresses were made by County Commissioners W. F. Roeger and David Wilson and by Henry Frisch and H. H. Baneroff, of Jacksonville. A number of Meredosia citizens expressed the opinion that the attempt should be made to secure state money for a thoroughfare between Jacksonville and Quincy and to co-operate with communities to the east and west in improving such a route thru Meredosia.

A delegation of Chambersburg citizens were present at the meeting and expressed with Meredosians the hope of co-operation of all towns along the route in the plan for an improved roadway, to touch at Versailles, Clayton and Mt. Sterling. When the matter of planking the Wabash river bridge was discussed, assurance was given that the residents of the Brown county side would do their full share toward making that proposal a success.

The club was launched with a large membership, all committed to the project of improving a seven-mile stretch between Meredosia and Chapin as a link in the Quincy-Jacksonville highway. The hope was expressed that other localities along the route proposed will give the matter their early attention and that before many months have passed the new road may be a reality.

As mentioned already, the planking of the bridge for wagon traffic has long been needed and the spirit with which the club received the proposals of Thursday evening would indicate that the funds necessary will soon be forthcoming and that work will be continued until a good east and west highway thru Meredosia is assured.

WAR NEWS SUMMARIZED

The Germans and French have met in a sanguinary engagement northwest of Rheims, where the Germans with picked forces attacked on a front of about a mile and a half between Saigneville and the Gadat farm. The exact result of the battle is beclouded by conflicting statements from the Berlin and French war offices.

The Paris war office admits that the Germans occupied portions of the French first line trenches but says the attack failed completely over the greater part of the front, that French troops are engaged in counter-attacks.

A Berlin official communication received by the way of London said the Germans inflicted a sanguinary reverse on French troops in this region and 853 men were made prisoners.

In the region of St. Quentin there have been only artillery duels between the French and German forces. On their part of the line, the British have captured the villages of Basse-Boulogne and Ronsoy, northeast of Peronne. Here the Germans suffered heavy casualties by being caught in their own wire entanglements and raked by the fire of the British machine guns.

Additional gains for the British east and northwest of Meuse are chronicled by the British war office.

The most momentous operation has been that of the Russians driving from Persia have captured the Mesopotamian frontier towns of Khanikan and Kasrichin and joined hands with the advance forces of the British coming up from Bagdad. The Turks however, are making a stand against the Russians in this region to prevent them from crossing the Dilla river northwest of Khanikan.

On the eastern front according to Petrograd, the Russians have reached the right bank of the Middle Stokhod river on the left bank of which the Germans defeated them in a sanguinary encounter Wednesday.

On the other fronts no actions of great moment have taken place. The Belgian Steamer Trever, with a cargo of Belgian relief supplies, has been torpedoed without warning off the coast of Holland. The crew was saved, although eight of the men were wounded by the fire of the submarine as they were leaving the steamer in the small boats. Another Belgian relief vessel, the Norwegian Steamer Feistina, has been sunk in the North Sea on the way to Rotterdam. It is believed the Feistina struck a mine.

DISCLOSE PLANS
FOR RAISING ARMY

(Continued from Page 1)

By that time the machinery that had been built up would provide enough trained officers and non-commissioned officers to train a million or more men, at a time if that were necessary.

The war department bill, however, proposes to authorize now only the first two classes of the new army, making a total of more than 2,000,000 trained troops to be available within a year and a half, or in two years at most.

Ask Nearly \$3,000,000,000.
The sum of nearly \$3,000,000,000 asked of congress to carry out this program deals only with the first year of preparation. Behind it stands the need of an equal sum for reserve supplies of ammunition, cannon and other war material if the army is to be employed in actual war.

In the present estimates are the cost of cantonments to house the troops.

Presumably the previous plans of the general staff for sixteen military districts will be carried out. This would provide for sixteen complete and fully equipped army divisions.

Staff officers regard the plan proposed as the most effective that could be worked out to meet the present emergency. They regard the expansion of the regular army and

the bringing of both that force and the present remnants of the guard to full war strength as vital, since for five months they expect to employ these agencies as a huge school from which trained officers and non-commissioned officers can be turned out.

ILLINOIS COLLEGE MEN
ANSWER WAR QUESTIONS

Students and Alumni are Filling Out Blanks Sent to Them by the Faculty and Trustees.

In addition to the action already taken by the trustees and students of Illinois College the faculty is sending out to former students, both alumni and others, a series of questions which may be used in case the services of the recipients are needed. Information is sought regarding age, physical condition, size, nativity, all manner of qualifications, experience in military affairs, how long it would take to arrange business affairs if enlisting, what education or experience possessed which might be useful in the army; what articles of property possessed which could be of use in case of war.

When replies to these questions are received the officials of the college will have something valuable to say to the authorities regarding soldiers for the war.

(Continued from Page 1)

May Amend Income Tax
Representative Rainey of Illinois, ranking majority member of the ways and means committee which will have the final say in drafting the war revenue bill before its presentation to the house, declared tonight that the income tax bill probably would be amended so as to furnish the government with greatly increased revenues during the war.

"My view is," he said, "that while the war lasts no man should enjoy an income of more than \$75,000 or \$100,000 a year and that the government should take all over this amount. We could obtain also \$200,000,000 additional annually by the raising of taxes on beer and whiskey.

The excess profits tax now in force must be graduated, making its heaviest on largest profits. The tariff is impossible as a source of revenue during the war."

Could Double Revenue
The internal revenue bureau of the treasury department is collecting revenue under peace taxes, at the rate of \$750,000,000 annually. This sum could be doubled or increased by \$1,000,000,000 by moderate increases in tax rates on whiskey, beer and tobacco, the lowering of the income tax exemption to \$2,000, a graduated excess profits tax, increased taxes on estimates and greatly increased taxation on large incomes. Thru this channel alone, it was thought approximately \$1,000,000,000 annually might be raised for carrying on the war.

Plans for the forthcoming bond issue were said to be purely in a speculative position at present. The country's finances were never before so strongly entrenched as at present, Mr. McAdoo.

AMERICAN GUNNER MISSING

MISS KILLAM IS BRIDE OF CHAS. H. MARTIN

Two Well Known Families of Morgan County United in Pretty Home Wedding—Matrimonial Record.

A very pretty home wedding took place Thursday evening at the home of Mr. and Mrs. Albert G. Killam, 1330 West Lafayette avenue, when Miss Helen Margaret Killam, their daughter, became the bride of Mr. Charles Howard Martin. The ceremony was said at 7 o'clock by the Rev. J. O. Kirkpatrick, the pastor making use of the ring ceremony as he said the words of the wedding service. The couple were unattended. Mrs. J. Edgar Martin played the wedding march from Lohengrin as the young people took their place before a bank of ferns in the parlor of the Killam home.

After the ceremony a delightful two-course luncheon was served. Carnations were used in the securing of a color effect of pink and white. A number of handsome presents gave evidence of the high esteem in which the bride is held by her many friends.

The groom is the son of Mr. and Mrs. Charles Martin northwest of the city, and was born and reared in that community. He was for some time engaged in farming, but of late has made his home in the city where he has employment with F. J. Blackburn. He has a host of friends who will wish him well.

The bride was formerly a resident of the Liberty neighborhood, west of Jacksonville, removing to this city several years ago after her graduation from Whipple academy. In the Markham community and in Jacksonville she enjoys the friendship and respect of all who know her winning ways and demeanor of womanly grace.

Mr. and Mrs. Martin will make their home at 1010 South East street, going to housekeeping there at once.

Reside-Connor.

John L. Reside of Bluff Springs and Miss Sarah Margaret Connor of Pleasant Plains were married Thursday afternoon at the county court house by Judge William E. Thomson. The groom, a carpenter by trade, is the son of Mr. and Mrs. John Reside, of Cass county, and the bride is the daughter of Mr. and Mrs. James Connor. The couple will make Bluff Springs their home.

Wharton-Withier.

The Rev. W. Wharton of this city and Miss Laura K. Withier of Pike county were married March 30 in Ft. Smith, Ark., according to word received by friends in Roodhouse, where he was formerly pastor of the Christian church. For several weeks Rev. Mr. Wharton had been in the south, conducting a series of meetings in Oklahoma. For a number of years Rev. Mr. Wharton has been well known to Jacksonville people and the news of his marriage, coming as a general surprise will be the occasion of many congratulatory words.

CRUDE OIL TO THE RESCUE
Periodically the world of motor-doll is thrown into spasms of apprehension in regard to its fuel supply. It sees the gasoline supply stationing and the demand constantly increasing until there shall not be enough to go around.

A motorist out in Salt Lake City recently undertook to prove that part of this apprehension was needless. He traveled from that city of luxurious reputation east to New York by way of the Lincoln Highway feeding his motor nothing on the way but distillate, a type of crude oil costing ten cents a gallon. Moreover the car averaged nineteen miles to the hour of distillate as against the ten hours it gave when burning gasoline. A simple attachment incorporated with the carburetor made possible the use of distillate. The meat of the story lies in the fact that California alone produces 350,000,000 gallons of this distillate annually, so that if the worst comes to the worst, we could make shift to drive all our 3,300,000 motors on this cheap and plentiful fuel.—(Country Life.)

PREDICTS STILL HIGHER PRICES FOR CATTLE

J. T. Alexander Believes Shortness of Supply will Result in Higher Levels in Future—Sharp Decrease in Receipts.

J. T. Alexander of the firm of Alexander, Warr & Conover, Chicago livestock commission merchants, in a letter commenting upon the present livestock situation, expresses the belief that the supply of cattle to be marketed within the next few months will be the shortest ever known; and is of the opinion that notwithstanding the exceedingly high prices which now prevail, that a still higher level will be reached within the near future. The letter says:

Estimate 12,000 today, receipts for three days 32,750, showing a decrease from the same time last week of 10,000. The sharp decrease in receipts has given us an unevenly higher market, anywhere from 40 @ 60c higher than the low point last week. The sharp advance in corn and the high prices cattle are now bringing will probably cause feeders to market their cattle freely in the near future, but we are undoubtedly up against the shortest supply to be marketed during the next few months that we have ever known. While they are selling exceedingly high now, we are strongly of the opinion that they will sell quite a little higher later on.

Butcher market:—Good to choice cows and heifers 25 @ 35c higher, selling at record prices, medium to common cows 25c higher, canners and cutters 35 @ 40c higher. Bulls 10 @ 15c higher. Calves have had another break bulk of the vealers selling from \$13.00 @ \$13.25. We look for a good butcher market right along on all grades.

Hogs:—The first two days of this week, receipts were liberal, and prices declined 15 @ 20c. Today with only 20,000 the market was fully 10c higher than yesterday's average, with a \$14.45 top. We look for continued light receipts and while some of the packers are not so keen to buy hogs as they were when they were lower, we can see nothing to cause much or any reaction from these prices. We still expect to see 16c hogs this month.

Sheep and lambs:—Sheep and lambs mostly 25c lower and a slow dull market, good to choice lambs \$14.75 @ \$15.15, ewes \$11.75 @ \$12.25, wethers \$12.00 @ \$12.50, yearlings \$12.50 @ \$13.75. Some shearing lambs selling 50c lower at \$14.75, choice springers up to \$19.75.

RESIDENT OF PRENTICE HAS 88TH BIRTHDAY

Mrs. Elizabeth Robinson has for 67 years lived on Homestead Where She Went as Bride—Pleasant Family Gathering Thursday.

Mrs. Elizabeth Robinson celebrated her 88th birthday Thursday at her home two miles south of Prentice and the occasion was a happy one for "Grandma Robinson" as well as for the children and grandchildren who assembled. Mrs. Robinson has been for sixty nine years a resident of Morgan county coming from Jacksonville was young and for the past sixty seven years has resided in the house where she went as a bride in 1849. Mrs. Robinson, whose maiden name was Elizabeth Thompson, was born in Ireland and came with her parents to Pennsylvania at the age of six years. From there the family removed to Illinois settling near Manchester and there it was that Mrs. Robinson lived until two years before her marriage. The marriage of Miss Elizabeth Thompson to Harrison Robinson, Sr., took place Nov. 1, 1849, the latter passing away in 1904.

Mrs. Robinson is well preserved for one of her years and seemed to enjoy the birthday dinner Thursday equally as well as any of the younger people present. Mrs. Ella M. Robertson, who makes her home on the homestead with her mother, had supervised the preparation of bountiful turkey dinner and with it were served all manner of good things. The afternoon hours were spent in social conversation and all were interested in the stories of earlier days which Mrs. Robinson can so easily recall.

The children of Mrs. Robinson, all of whom were present at this notable anniversary gathering, are Mrs. Letitia M. Salvers, Monticello, Ill.; Martin L. Robinson, Prentice; Elizabeth J. Robinson, wife of J. W. Martin, Liberty; Harrison Robinson, Prentice; Mrs. Christina Foster, Sinclair; and Ella M., the wife of W. W. Robertson, Prentice.

JUST GOT OVER A COLO?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Jacksonville man says:

Fred I. Gibson, 309 Woodland Place, Jacksonville, says: "I had a spell of the grip and it seemed to settle in my kidneys. When I got the least cold, after that, I had a dull pain in the small of my back. I felt all played out and had but little energy. I used Doan's Kidney Pills, procured at Armstrong's Drug Store, and they gave me great relief. Since then when I have felt the least return of the trouble I have taken a few doses of Doan's Kidney Pills and they have soon made me feel all right again."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gibson uses. Foster-Milburn Co., Props., Buffalo, N. Y.

EXPULSED—every poison and impurity of your blood, by Dr. Pierce's Golden Medical Discovery.

Then there's a clear skin and a clean system. Tetter, Salter, Rheum, Eczema, Erysipelas, Swellings, and all Blood and Skin Diseases, from a common blotch or eruption to scrofula, are benefited by it.

In building up needed flesh and strength of pale, puny, scrofulous children, nothing can equal it. In liquid or tablet form.

FOR GOOD HEALTH AND LONG LIFE

Do not eat meat more than once a day. Drink plenty of pure water, exercise outdoors, and take a pleasant laxative at least once a week. Such a one is made of May-apple, root of jalap, juice of aloe, sugar-coated, and first made up and sold as Dr. Pierce's Pleasant Pellets—nearly fifty years ago.

Old Looks?

(BY DR. L. H. SMITH)

Persons suffering from too much uric acid in the system frequently look older than they should. They age faster and the appearance of gray hair or baldhead in early years is, indeed, often a sign of uric acid. The face appears lean and haggard, lines and wrinkles appearing in young men or women.

The best way to combat this premature age and the obstruction to the arteries and faulty circulation is of the simplest: Drink copiously of pure water between meals. This will not make you fat, as it is only the water taken with the meals that fattens. Obtain at any drug store a small package of Anuric, which is to be taken before meals, in order to expel the uric acid from the system. The painful effects of backache, lumbago, rheumatism, gout, due to uric acid in the blood should quickly disappear after treatment with Anuric.

MANY CLUB WOMEN GOING TO NEW ORLEANS

Illinois Will Be Represented at Mid-Biennial Council Which Convenes Next Week—Excellent Program Prepared

The mid-biennial council of the General Federation of Women's Clubs will be held in New Orleans April 9 to 13.

A special train will leave Chicago at 12:30 p. m. Friday, April 6th, arriving in New Orleans the following morning at 11:30, thus giving the women an opportunity of spending Easter Sunday in the southern city as guests of its entertaining clubs.

The council meeting is held every two years, alternating its dates with that of the General Federation of Women's Clubs, which is also a biennial meeting and the smaller as to numbers, it is equally important in the business accomplished as compared with that of the latter. While there is no delegate body attending the council meeting, yet all club women are invited and will be welcome, but no speaking or voting privileges will be granted them unless the privilege is provided in the constitution.

On Monday, the day following Easter, the city federation will entertain at the Country Club. In the evening, Mrs. Josiah Evans Cowles, will give the formal opening address after which a reception and pageant will be held at Hotel Grunwald, which will be headquarters for the daily meetings. The other evening meetings will be held in the French opera house. Tuesday will be given over to reports of officers and a general discussion of the "Greatest Need in Federation Work."

On Wednesday, Mrs. Ella Flagg Young will speak on "What are the Educational Needs of the Country." Other speakers will discuss the topics "Clives," "Home Economics," and "Public Health." In the latter afternoon a tour of New Orleans' historic spots will be made and the pilgrimage will close at the H. Sophie Newcomb college, where a pageant "The Birth of Summer," will be given by the college girls.

Thursday, Mrs. John D. Sherman of Chicago will speak on "The Greatest Problems of Conservation." The three phases of art, as seen in art, literature and music, will be the subjects of talks by the chairmen of these departments.

Civil service reforms will also be discussed. The closing session will be given over to a talk "Our Pan-American Relations," and on Friday a thirty-five mile trip down the Mississippi River will complete the program.

Among the Council members are who are planning to go and who are known to Jacksonville women are Mesdames Charles Zimmerman, George W. Plummer, John D. Sherman and Frances D. Everett. The Danish leaders of the American Revolution would doubtless find in such a structure much to interest them and if fireproof, as it should be, it would be a desirable place for the preservation of priceless relics and souvenirs.

This plan seems feasible and worthy of consideration as one which would meet the views approximately well of all concerned in the matter.

SOLDIERS' MONUMENT. PLANS ARE DISCUSSED

Suggestion Made That Central Park Structure Be Erected and Devoted Solely to Patriotic Uses.

It is unfortunate that a diversity of opinion exists regarding the form of the memorial or monument to be erected to the memory and in honor of the men who fought for the country. Some are anxious for a building in central park, a building which might be used as a rest room and also a memorial for the relief and various purposes connected with the defenders of the nation. It is suggested that Jacksonville has no rest room for persons having a few hours to spend in the city and such a place should be provided.

As a compromise another plan has been offered and certainly it merits consideration. Let there be a structure in central park and let it be dedicated sacredly and solely to the veterans of Morgan county and all that pertains to them. Let it be a place in which the Grand Army and Women's Relief Corps may have as their meetings as long as they have use for such purposes and let it be a club room for the veterans where they may put in their spare hours as they desire. Let it be sacred to this purpose and no other.

In that building should be collected everything possible of interest to the old soldiers. There are some flags probably available; some arms of various kinds and a thousand and one things that should find a place for safe keeping in such a structure.

Then in some way let the name of every man who enlisted from Morgan county find a place there. It may hardly be practicable to have bronze tablets after the plan of the Illinois Memorial building at Vicksburg but in some way the name of each man who enlisted in that county should be enrolled in that building. A fine plan would be to have a large album with a half page or a page devoted to each man. Have a place for his picture if possible to secure it, and a space for a brief record. An album could be devoted to the famous 101st or one to each company; then one to the Morgan county members of the far famed Co. G First Missouri Cavalry; others to any special body of men of Morgan county who enlisted together and then a miscellaneous one for others. Relatives and friends would doubtless aid in securing pictures and data and in this manner the album would be very valuable.

It would also be well to induce surviving veterans to prepare reminiscences for publication and have them preserved in a scrap book. The city should heat and light such a structure for it could be done at a small expense and the care taking, except scrubbing and the like, would doubtless be supplied. The Daughters of the American Revolution would doubtless find in such a structure much to interest them and if fireproof, as it should be, it would be a desirable place for the preservation of priceless relics and souvenirs.

This plan seems feasible and worthy of consideration as one which would meet the views approximately well of all concerned in the matter.

REHEARSALS FOR THE "RUNAWAYS" BEGIN

The rehearsals for the "Runaways" the big home talent play, began yesterday at the K. of P. hall. The show will be staged here on April 16th at the Grand Opera House by the Dramatic Order of Knights of Khorassan. Mr. Geo. E. Shaw of Chicago, began rehearsal yesterday, meeting the people in some of the choruses in the afternoon and the ones who are to take the principal speaking parts last night.

The director was pleased with the talent submitted and from the enthusiasm thus far displayed, the Dokays are predicting one of the greatest home talent plays ever attempted in Jacksonville. The play is staged by the same company that produced "The Toy Shop" so successfully for the Woman's Civic League last year.

SPECIAL TAX NOTICE
Notice is hereby Given to All Persons interested:

UNCLE SAM'S HOLDINGS INCREASE WITH YEARS

Comparing Present With Fifty Years Ago Shows Great Growth in U. S. Possessions.

Washington, D. C., April 5.—When a few days ago Rear Admiral James H. Oliver hoisted the American flag over the group of islands heretofore known as the Danish West Indies he added another stone to the great structural fabric that rightly may be called the American empire.

It is just an even fifty years since the United States first reached out for possessions beyond the territory comprised within the republic proper. Now, our possessions encircle more than half of the globe. It takes a daring eagle and a big flag to cover possessions like these. But our bird and banner are already high on the breeze. During the past few years the hand of destiny has been rapidly rounding the galaxy into a symbol of national power.

The first of America's foreign possessions is Alaska, which was acquired by purchase from Russia in 1867. When Secretary Seward closed his negotiations for paying \$7,200,000 for Alaska, great was the howl of Americans. In those days the anti-extension patriots little dreamed that the great white elephant of the north would some day develop into one of the richest mining countries in the world.

When good old Capt. Cook discovered the Hawaiian archipelago which he named the Sandwich Islands, he little thought he was preparing the way to enlarge the boundaries of the United States possessions. Situated on the route from San Francisco and Vancouver to China and Japan, about 2,100 miles from the American coast, they are important possessions for our government. The islands possess additional interest just now because of Germany's connection with them in days gone by. In 1888 martial law was declared by Germany seeking control of the islands. In 1898 Hawaii was annexed to the United States by joint resolution of congress.

The war with Spain added to the island possession of the United States the Philippines, with an area 114,958 square miles; Porto Rico, with an area of 3,435 square miles, and the Pacific Island of Guam, having an area of 219 square miles.

Tutula, with several attendant islets of the Samoan group, became a possession of the United States by virtue of the tripartite treaty with Great Britain and Germany in 1899. Commercially Tutula is of little importance, but it possesses the most valuable island harbor, Pago Pago, in the South Pacific, and perhaps in the entire Pacific Ocean.

Far out in the Pacific the American flag is flying over a number of scattered small islands, some hardly more than rocks or coral reefs. One of the most important is Wako Is-

land, over which the United States flag was hoisted on July 4, 1898. It is a small island in the direct route from Hawaii to Hong Kong. Among the other Pacific islands in possession of the United States are Christmas, Starbuck, Penrhyn, Gallego, Howland, Baker, Gardner, Johnston, Midway, Palmyra, Morel and Marcus islands.

To Alaska and the insular possessions of the United States should be added the Panama Canal Zone, with an area of 435 square miles, which was delivered into the perpetual control of this country under treaty stipulations with the Republic of Panama.

Acquirement of the Danish West Indies has made no great addition to the territorial possessions of the United States so far as mere area is concerned, but the islands are possessed of rich natural resources and are even more important from the viewpoint of naval strategy, particularly since the opening of the Panama Canal. The largest of the group is St. Croix, with an area of a little more than 100 square miles. Next in size and importance are St. Thomas and St. John.

The area of the thirteen original states comprised 892,135 square miles. This area was almost doubled by the Louisiana Purchase in 1803. Further enormous accessions of territory resulted from the acquisition of Florida, Texas, Oregon, the Mexican cession of 1848, and the Gadsden purchase in 1853. The additions of the last half century, including Alaska, Hawaii, the Philippines, Porto Rico, Samoa and the lesser islands, together with the Panama Canal Zone, have increased the total area of the United States to 3,743,500 square miles, or more than four times the area of the thirteen original states.

**Food Habits of
Some Common Birds**

From reports of the examination of over 50,000 bird stomachs made by the United States Biological Survey.

It is estimated that insects cause a yearly loss of over seven hundred million dollars to the agricultural interests of the United States. Insects and weeds are the great foes of the farmer. It is estimated that the native sparrows alone by their destruction of weed seeds save the farmers of the United States ninety million dollars annually. A careful survey indicates that these sparrows eat each year in Iowa 875 tons of weed seeds. 72,000 seeds were found in a single duck stomach. One flicker's stomach contained 3,000 ants. The stomach of a dove held 9200 weed seeds. The stomach of an Illinois quail was filled with chinch bugs. The pellets disgorged by a barn owl contained the skulls of 3004 small mammals, 32 birds and 4 frogs. The stomach of a yellow-billed cuckoo (rain-crow) contained 250 tent caterpillars. One-tenth of the contents of stomach of rose-breasted grosbeaks were potato bugs. Fifty grasshoppers were found in the stomach of one screech owl. Stomachs of 420 kingbirds or bee-martins which are commonly believed to destroy honey bees, disclosed only 4 worker bees.

FARM NOTES**Hard to Get Farm Workers.**

Morgan county farmers are already somewhat disturbed over the outlook for labor during the spring and summer months and they realize that the difficulty of securing farm workers will be much greater if the U. S. army is recruited to a million men or more. "We farmers believe," said Charles A. Rowe yesterday, "that since food stuffs play such an important part in all war preparations, that the government should make such regulations that farm workers will not be interfered with. Our idea is that the recruiting should be limited to certain lines of industry and that soldiers should not be taken from trades or industries where their loss will cut down the supply of products or foodstuffs, which the government will need."

Mr. Rowe was in conversation with H. E. Kitcher and he expressed views somewhat along the same line. The difficulty of farmers in securing workers is by no means limited to this locality and during 1916 from all parts of the country came complaints of the scarcity of farm workers, as they were able to obtain

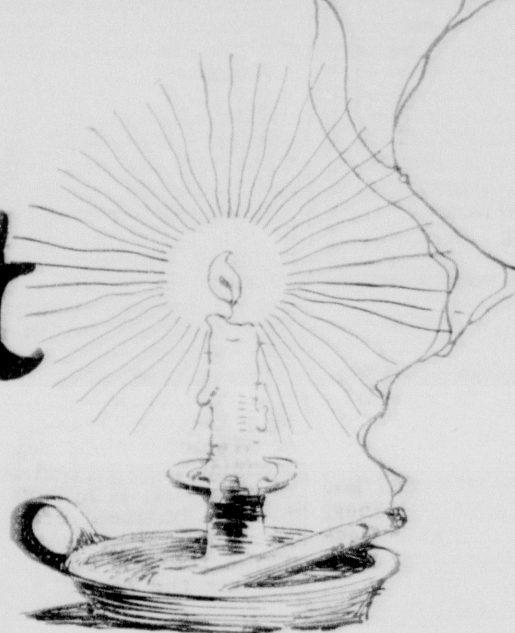

high wages in the various manufacturing plants.

Good Prospect for Fall Pigs.

The tendency toward high prices for hogs just about ready for the market, and they will probably go in the latter part of this month. As a feeder Mr. Kitcher has been especially successful with alfalfa and said yesterday that from eight acres he had harvested enough hay or fifty head of calves and yearlings in addition to selling \$200 worth. He purchased the calves in this county and then brought in a lot of yearlings from the Kansas City market. These purchases were made in November, when the calves weighed about 600 pounds and the yearlings \$50. The purchase prices were about \$6 per pound and the cattle have had all the alfalfa they could eat together with silage and some corn. Mr. Kitcher expects to put them on the market the latter part of this month or in May as baby beef and with prevailing market conditions they should bring about 13c a pound. The hogs have been running with them eating up all the wastage and have had some feed besides. Unless there is some outlook for change Mr. Kitcher believes that both hogs and cattle will show a good profit altho he says that to make a clear profit after feeding alfalfa worth \$16 a ton and corn worth from \$1 to \$1.25 per bushel it is necessary to get a good figure on the market.

These Cattle Will Show Profit

Mr. Kitcher has between forty and fifty hogs just about ready for the market, and they will probably go in the latter part of this month. As a feeder Mr. Kitcher has been especially successful with alfalfa and said yesterday that from eight acres he had harvested enough hay or fifty head of calves and yearlings in addition to selling \$200 worth. He purchased the calves in this county and then brought in a lot of yearlings from the Kansas City market. These purchases were made in November, when the calves weighed about 600 pounds and the yearlings \$50. Tonight

BETWEEN supper-time and bed-time the men of this country will light 1,080,000 Fatimas. This is Fatima's nightly average.

In every village and city, from cross-roads to metropolis, the glowing ends of Fatima Cigarettes will signal "Comfort" to smokers all over the land.

Fatimas are comfortable to the throat and tongue; and they leave you feeling "fit" and clear-headed at the end of a long Fatima day that leads into a fragrant Fatima evening.

It's the common-sense "Comfort" of their delicate Turkish blend that has made Fatimas known as a sensible cigarette. Tonight—try them!

**WOOL GROWERS' HEAD
LEAVES FOR WASHINGTON**

SALT LAKE CITY, Utah, April 4.—Frank J. Halenburgh, president of the National Wool Growers association, recently appointed a member of the committee of raw materials of the national defense council leaves for Washington Saturday night to be present Tuesday at a special meeting of the board.

Wool men and sheep men in the inter-mountain district have been advised thru the Boston Wool Trade association not to buy or sell any wool until an inventory has been taken of all the wool in the United States. It is estimated that this will add up about \$2,000,000 pounds of wool.

Farm laborers are deserting the rural districts for the high wages being paid in the cities, according to Mr. Mason, and there is no way of bringing them back to the farm except by conscription.

A plan will be outlined at the congressional district conferences of the Farmers' Institute which are being held in each district in the state to remedy the labor evils now confronting the farmer. Operating farms on an intensified co-operative basis is one of the plans submitted. It is suggested that a pool of farmers could purchase and operate power tractors and machinery and reduce the number of laborers now required to operate the small farms independently.

Horses Will be in Demand.
In equipping U. S. Cavalry there will be immediate demand for a large number of horses. This demand will be sure to raise prices on all horses for general purposes.

Dealers in horses and mules at the National Stock Yards, East St. Louis, expect large orders from the United States army within a few days.
One of the largest contractors says an officer of the army is not permitted to contract for supplies until the money to pay for them is on hand. As soon as Congress makes the necessary appropriation, the buying will begin.

Mrs. H. J. Devine and son Eugene of Aurora are visiting Mrs. Devine's parents, Mr. and Mrs. J. J. Cully of 224 South East Street.

**AN EASTER THOUGHT**

EASTER means the advent of Spring—the time when all nature takes on newness. The budding trees and sprouting grass instill new life into all, and a desire to throw off the old raiment and substitute apparel in keeping with nature's demand.

You can save considerable money just at this time by gathering up your last spring's garments and sending them to us for renewing.

We can clean and press them perfectly—renew them, so that it will be unnecessary for you to expend so much for new clothing.

WOMAN ENABLED TO DO HER WORK

Feels Like New Person
Since Trying Tanlac,
She Says

THINKS IT SAVED LIFE

Declares the Master Medicine
Was Worth Weight in Gold
To Her

WANTS OTHERS TO TRY IT

Alton, Ill., April 5.—"I've improved so much since taking Tanlac that I can do all my housework now, even my washing," Mrs. Ada Deaton, 550 Broadway this city, said on March 28th.

"For more than a year my stomach has been all out of order," Mrs. Deaton continued. "My appetite was so poor that I just had to force myself to eat. I couldn't eat any meat, onions or anything greasy because of the bad after effects. I was so nervous and restless at night that I couldn't sleep and as a result my system became run down all over. My liver was in bad condition, too. I had to take a pill every night to keep my liver working properly. Rheumatism in my arms was so severe that I could hardly use them."

"I read so much about Tanlac in the papers that I decided to give it a trial. Tanlac has placed my stomach in such good condition that I'm hungry all the time and can eat meat, onions or anything else I care for and digest it. The rheumatic pains in my arms have disappeared and I can do all my own work now without a bit of trouble. It's my certain belief that Tanlac has saved my life. I know I feel like an altogether new person since taking it. Tanlac has been worth its weight in gold to me and I can't praise it too highly. I want to recommend it for others and I hope someone will be benefited by my statement and will give it a trial."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at Coover & Shreve's East Side Drug Store where a special Tanlac representative is explaining the new medicine to the public daily.

Tanlac also may be obtained in Jacksonville at Coover & Shreve's West Side Drug Store and is sold in New Berlin by the New Berlin Drug Co., and in Waverly by the Wyle Drug Co.—Adv.

MOTHER; GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious,
Clean Little Liver and Bowels

Children love this "Fruit Laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach - ache of diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs." and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other with contempt.—Adv.

DISTRICT METHODISTS PLAN FOR MEETING

The Ministerial association of the Jacksonville district, Methodist Episcopal church, will hold the annual meeting in Palmyra April 24 and 25, according to announcement of the Rev. F. A. McCarty, district superintendent, who Thursday forenoon presided at a meeting called to consider convention plans. The complete program has not been prepared, but it is known that most of the ministers of the district will have part either for addresses or discussion. There were present at the meeting Thursday, in addition to the superintendent, the Rev. W. W. Theobald, the Rev. J. O. Kirkpatrick, the Rev. F. B. Madden and the Rev. E. L. Fletcher. The meeting was held at the Y. M. C. A. building.

MANCHESTER

George Heaton of Gilman, Ill., is visiting friends here. Mr. Heaton was a former resident of Manchester where he has a host of friends and relatives. Mrs. Laura Blackburn and Mrs. Carrie Simmons were Roodhouse visitors Wednesday. Dr. W. T. Knox of White Hall attended to professional business here Tuesday. Mrs. Helen Coultas and daughter, Betty, are visiting relatives in Winchester. Norman Jasper has returned to his home for the summer. He attended a business college in Springfield this winter. Mrs. Gollier of White Hall visited at the home of her daughter, Mrs. Frank Dawdy and family, the first of this week. The Domestic Science club met at the home of Mrs. Herbert McConnell, Wednesday afternoon.

NORTH PRAIRIE

Harry Barber, wife and daughter, Marguerite were Arenzville visitors Saturday afternoon. Robert Boatman and family called on Hex Long and family Sunday. W. H. Barber called on his daughter, Mrs. Chas. Loughary of White Oak Grove Sunday. Miss Lena Hale of White Oak Grove came Sunday to stay with W. H. Barber and wife. Mrs. Lee Beard and daughter Mildred spent Monday with her parents John Kircher and wife. Mrs. Frank Kircher was in Arenzville Monday afternoon.

LAWTON MOORE RETURNS FROM CHICAGO

Lawton Moore who was bitten some weeks ago by dogs and was subsequently taken to Chicago to undergo the Pasteur treatment for the prevention of hydrophobia, returned to Jacksonville yesterday accompanied by his brother, J. E. Moore. The young man is making steady progress toward recovery but will be under the care of Dr. W. P. Duncan for some time.

A PAINFUL ACCIDENT

Oris Taylor on rural route number four was handling an unruly horse yesterday when the animal turned on him and before he could defend himself the creature savagely bit the right side of his face taking out a piece of flesh. The wounded man hastened to the city and had his face dressed and he will have to carry it a sling for some time.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes. If your stomach is in a continuous revolt—if you can't get it regulated, please for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that give it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

Have You Seen These Before?

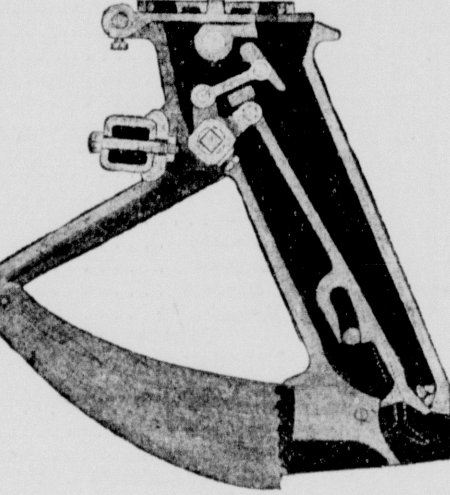

How many times have you gone into the field and noticed one hill of corn up and doing nicely while others are just breaking through? Here is the reason. Lack of uniformity in placing the seed in the ground, regardless of soil conditions, the seed used, or weather. The Blue Star four-wheel planter insures a proper start. The seed is planted uniformly, perfectly, due to the perfect mechanical principles involved in the construction of the planter.

The runners are set back between the wheels, and corn is dropped within seven inches of the covering point between the wheels. Their close coupled arrangement insures that every kernel of corn is planted exactly the same depth. The seed cannot be scattered on top of the ground or plant-

ed so deep it will not germinate. The shoe floats through the ground accommodating its depth to any variation of the wheel as it travels over the ground. By this close coupled arrangement the soil is packed back into the furrow at once. No clogging in the wheel possible.

LIGHT DRAFT—SIMPLE, SURE—POSITIVE IN OPERATION Direct Gravity Force Drop Valve—Cannot Scatter or Clog

You will find by obtaining one of our planter booklets that we are showing you a winner, one that merits your consideration, and from the fact that we are handling these in carload lots we will and do save you money.

For strength of construction this Planter cannot be beaten. For convenience of operation it has never been equaled. For lasting qualities we know it is above the standard. Please come in and look it over and remember you can obtain this perfect tool at wholesale prices, \$43.00, LESS 5% FOR CASH.

A New Model Typewriter

BUY NOW

Yes, the crowning typewriter triumph is here!

It is just out—and comes years before experts expected it. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing. There is truly no other typewriter on earth like this new Oliver "9". Think of touch so light that the tread of a kitten will run the keys.

CAUTION! WARNING!

The new-day advances that come alone on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

17 CENTS A DAY! Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions—visible writing, automatic spacer, 6 1/2-ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all these other new-day features

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTER, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

WORK AT CENTENARY IN EXCELLENT CONDITION

Rev. E. L. Fletcher Recently Made Report of Six Months of His Pastorate—Advancement Shown

At the recent quarterly conference of Centenary church Rev. E. L. Fletcher gave an account of the first six months of his pastorate and from his report a few items are taken.

The revival services in which the assistance of S. Graham Fraser of Chicago were used were followed with good results in the way of new members and the great quickening of the religious life of the present members while the pastor was enabled the better to become acquainted with the membership of the church.

The Sunday school has an average attendance of 235 while the bible class for the study of the life of Christ meets after prayer meeting with a membership of 19 and has been found very beneficial. The prayer meeting has an attendance of 45 and is a means of grace. The pastor has done much calling systematically calling on members and by so doing has made many happy friendships and ascertained facts of value to the church. A goodly number of church publications is taken and while the number should be a great deal larger it still is large enough to show that the people are in touch with the activities of the church in general.

The finances of the church are in an especially gratifying condition. When the pastor began his work he found a debt of \$4,000 hanging over the church and one which has been impending for several years. Efforts were at once undertaken not only to extinguish that obligation but to meet all current obligations promptly and have no more debts in the future. As a result all current obligations were paid to date and a small balance was left in the treasury. Of the standing debt of \$4,000, the church has paid \$3,000 and has subscriptions which will amply take care of the rest.

The condition of the church in general is encouraging. There is a good feeling between pastor and people; harmony and a desire to work together and a good spiritual state is apparent. The worthy pastor, Rev. E. L. Fletcher, has reason for encouragement when he reviews the results of his first six months of service here.

LOYALTY DAY IN KANSAS

Topeka, Kan., April 5.—Pursuant to a proclamation by Governor Capen the people throughout the length and breadth of Kansas are to join tomorrow in a celebration of "Loyalty Day," to give testimony to their patriotism and the support of the Government in the present national crisis. In his proclamation setting aside the day the Governor has asked that the national colors be displayed on every home and business house in the state, that patriotic exercises be held in all the schools, that public meetings be held in all the cities and towns and messages of support and encouragement be sent to the President and Congress.

PARENT-TEACHER MEETING

The Parent-Teacher association of the First Ward will meet in the Jefferson school building this afternoon at 3:30 o'clock. Supt. Perrin will address the members. All parents and friends are invited.

Use "Gets-It," Lift
Corn Right Off

Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your foot after it has been treated with this wonderful discovery, 'Gets-It'! Just rub the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who

have wringed your toes in agony to look like bundles, who have used knives and razors and have made them bleed—just quit these old and painful ways and try 'Gets-It' just once. You put 2 or 3 drops on, and it dries at once. Then the corn dies a painless, shriveling death. It loosens from your foot and off it comes. 'Gets-It' is the biggest selling corn remedy in the world today. There's none other as good.

'Gets-It' is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

MURRAYVILLE S. S. CLASS MEETS WITH PRESIDENT

Enjoyable Meeting at Home of Mrs. Mary Gunn—Walter Patterson Meets with Painful Accident—Murrayville News Notes.

Murrayville, Ill., April 4.—Class No. 11 of the M. E. Sunday school and some invited guests were entertained Monday evening at the home of their president, Mrs. Mary Gunn, assisted by the teacher, Miss Hannah Atkinson. After the regular routine of business, a social hour was enjoyed and light refreshments were served. The officers of the class are: Mrs. Mary Gunn, president; Mrs. J. T. Warcup, secretary; and Mrs. H. E. Millon, treasurer. Those present were Miss Hannah Atkinson, Miss Pearl Story, Mrs. J. T. Warcup, Mrs. W. H. McGhee, Mrs. M. E. Layton, Mrs. J. A. Carlson, Mrs. W. B. Wright, Mrs. H. U. Osborne, Mrs. Bert Millard, Mrs. Harry Cade, Mrs. Arthur Seymour, Mrs. J. T. Berry, Mrs. Roy Clark, Mrs. O. N. Angelo, Mrs. H. E. Millon and Mrs. P. M. Blakeman.

E. J. Harney spent Saturday and Sunday with friends at Pekin.

O. P. Brewaker of Hopedale visited relatives here Monday.

Miss Maude Blakeman returned home Tuesday from a visit with relatives at Knapp.

Mrs. Charles Smith of Manchester spent Wednesday with relatives here.

Miss Malinda McCarty closed a very successful term of school at Clayton Point Wednesday.

Mrs. Margaret Soxy is reported on the sick list this week.

Mr. and Mrs. George Mellor and daughter, Miss Ruth, expect to leave the last of this month for North Dakota where they will make their home in the future.

Walter Patterson met with quite a painful accident Monday while chopping wood on the farm of John Blimbing, cutting his left foot badly which caused some of the toes to be amputated. Mr. Patterson will be laid up for some time.

White Hall Young People are married.

Miss Davidson becomes bride of Lloyd R. Winn—Kept wedding a secret for several days.

White Hall, April 4.—The marriage of Lloyd C. Winn and Miss Myrtle Davidson took place Saturday afternoon in the Baptist parsonage at Carrollton and the event has just been made known to the local public. The ceremony was performed by Rev. W. E. Mundell.

The groom comes from an old and well known White Hall family, being the son of Mrs. Cora Winn. For a time he was engaged in the jewelry business here which he relinquished on account of poor eyesight and has since been doing on auto livery business. The bride resides four miles southwest of Carrollton with her parents being dead. Mrs. Thomas witnessed the ceremony. The couple will reside in White Hall for the present.

EFFICIENT SUNDAY SCHOOL WORK

Sunday school missionary J. R. Hastings of this city, has been busy as ever recently organizing new schools and looking after needy districts. In Spaulding, a small town in Sangamon county, northeast of Springfield, he found a community with no religious privileges whatever but one saloon. He gathered some people together and started a school and at the election the one saloon was voted out. He feels prospects are encouraging there for a successful school and in time the hope is for a church.

In Maple Grove neighborhood, Scott county, east of Valley City, he found a peculiarly needy community, that is, needy for the good news of the gospel. They had no religious services in that neighborhood for fifteen years and a number were ready to hear the good news. A devoted young lady, a Bluffs school teacher, Miss Vida Mueller, was ready and glad to take charge of the school remarking that she felt it to be a duty and a pleasure to do the work. After the school was started all those who had never attended Sunday school were asked to raise their hands and nine did so and among the number were two girls aged respectively sixteen and seventeen years.

Mr. Hastings has great hopes of good in that vicinity and the people adjacent should see that the work is not permitted to die.

FOUNDER'S DAY AT TUSKEGEE

Tuskegee, Ala., April 5.—Founder's Day was observed at the Tuskegee Institute today in honor of the late Booker T. Washington, who founded the school and served as its active head until his death in 1915. The institute chapel was filled with a large number of guests from New York, Boston, Philadelphia, and other places, in addition to the students of the school. The exercises were presided over by William G. Wilcox, president of the board of education of New York City, and who recently was chosen to succeed the late Seth Low as president of the Tuskegee board of trustees.

TEXAS LEAGUE BEGINS SEASON

Waco, Texas, April 5.—With every club reckoned as a contender for championship honors, the season of the Texas baseball league opening today is expected to develop a hot race for the pennant before the arbiters call their last "out" on Labor Day. Since the close of last season the managers have been actively at work strengthening their teams, and a spirit of optimism prevails throughout the entire circuit. In the initial contests today the Dallas team is scheduled to play at Fort Worth, Houston plays at Galveston, San Antonio at Beaumont, and Shreveport at Waco.

PROPOSE EXTENSION OF SHERIDAN ROAD

Good Roads Enthusiasts of Three States Seek to Further Project—Plan First Advanced Thirty Years Ago.

Milwaukee, Wis., April 5.—Good roads enthusiasts in three states are seeking extension of the present Sheridan Road between Chicago and Milwaukee so that at least two and possibly three automobile boulevards hard surfaced and improved would afford ready access to Wisconsin cities and thru the upper Michigan peninsula, extending to Duluth and ultimately taking in the circuit the east shore of Lake Michigan. This it is pointed out would open up the lake and woods resorts of Northern Wisconsin and Upper Michigan to automobile tourists from all sections of the country. Access to the system would be had from Chicago connections with the Dixie and Lincoln highways.

The plan first advanced thirty years ago in a less ambitious form—that of a boulevard from Chicago to Green Bay, Wis.—has grown with the years and the advent of automobiles until its ultimate achievement is now believed possible.

Impetus to the project has been given by the approaching completion of Sheridan Road from Chicago to Milwaukee much of the distance now being surfaced with concrete with a width of forty feet. Most of the road on the Illinois end has been finished under the supervision of the commissioners of Lincoln park added by the activities of the Sheridan Road Improvement association. The Wisconsin portion extending to the southern limit of Milwaukee county has been finished and considerable stretches in Racine and Kenosha counties, Wis., are completed.

The proposal for the Sheridan Drive generally is credited to Gen. Phil Sheridan, when he was stationed at Fort Sheridan as department commander in the late eighties. For a time the enterprise was pushed. Then it languished and has been revived by various organizations and individuals at intervals. The then Green Bay (Wis.) Gazette—now the Press-Gazette—in its issue of March 30, 1897, said:

"It is proposed to make Green Bay the northern terminus of the magnificent driveway, the Sheridan drive now partially completed between Chicago and Milwaukee. A meeting of those interested in the scheme was held at Racine Saturday and a committee appointed to secure the passage of a bill now before the legislature providing that the expense of constructing and maintaining the drive is to be met by the counties thru which it passes.

"The construction of a boulevard along the lake shore from Chicago to Milwaukee was undertaken about ten years ago. Since then 80 miles of driveway have been completed extending north from Chicago to the state line, and two miles have been built south from Milwaukee.

"Now it is proposed to continue the road north from Milwaukee to Port Washington, Sheboygan and Manitowish and then strike across country to Green Bay."

Formal openings of various completed sections have been held from time to time. The latest ceremony is planned for April 14 when citizens of Wilmette, Kenilworth and New Trier township in Illinois will celebrate the opening of a new stretch thru those towns.

Two organizations of business men, one in Illinois and the other in Wisconsin are trying to further the work. Ray Smith, president of the Wisconsin Association, says:

"Sheridan road in Wisconsin and Illinois in recent years has been one of our most neglected drives. Since the automobile came into general use most of the roads have deteriorated rapidly and have not been maintained properly by local authorities. This latter fact has been due partly to lack of knowledge of how to build roads which would stand up under heavy automobile traffic and partly by inefficiency of the local authorities. Partly thru the efforts of these associations these conditions in the districts immediately north of Chicago are changing rapidly for the better.

In the present United States army bill is included an appropriation to boulevard that section of Sheridan Road leading thru Fort Sheridan.

"Centering road work on trunk lines will aid the project materially in 1917 and federal aid will likewise hasten the consummation of the project."

Recent suggestions whereby the thoroughfare may be continued to the upper peninsula contemplate that from Milwaukee the famous concrete highway of Milwaukee county would bring the driveway to Menominee Falls. From there to Lamira, and in good condition. From that point to Fond du Lac it is suggested, would be a state aid road. The route would lead to Oshkosh where again an improved gravel road is found. Between Oshkosh and Green Bay the roads are generally good, being of improved gravel and concrete. From Green Bay to Marinette good roads obtain. This would complete the highway in Wisconsin.

From Marinette the route would lead across to Menominee, Mich., and thence north to Powers, where it would split into two routes north to old Ft. Wilkins on Keweenaw peninsula.

One branch of the road could extend east to Escanaba, thence north thru Marquette, Negaunee, Ishpeming, around Keweenaw Bay, to Houghton and lastly to Wilkins.

The second route suggested would lead west from Powers to Iron Mountain, thence north to Champion and over the first route from Champion to Houghton and Ft. Wilkins.

The roads of upper Michigan already are greatly improved thru the efforts of the Michigan State Good Roads Association.

BURLINGTON EMPLOYEE DIES AT BEARDSTOWN

Death of Robert Alexander Due to Injuries Sustained While at Work in Railroad Shops

Funeral services were held at Beardstown Thursday for the late Robert Alexander, Sr., whose death came as the result of injuries sustained while at work in the car repair department of the Burlington shops at Beardstown.

Mr. Alexander was engaged with a number of other railroad employees on a work car standing on the tracks. Preparations were being made to move one of the heavy steel sides of the car and a number of the bolts had been removed, leaving what was thought to be a sufficient number to hold the side of the car in place. The weight of the huge iron, probably 1250 pounds, was such that the remaining bolts were torn loose and the beam dropped to the ground. Mr. Alexander was working underneath the car and was caught and badly crushed beneath the mass of iron, receiving injuries which caused his death soon afterward.

NORTHERN MICHIGAN ROAD BUILDERS

Houghton, Mich., April 5.—The seventh annual convention of the Northern Michigan Road Builders' association brought to Houghton today a large number of county commissioners, highway engineers, contractors and road material men. The proceedings were opened this afternoon with an address by John J. Cox, head of the highway department of the University of Michigan. The convention will conclude its sessions tomorrow.

A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I kept it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

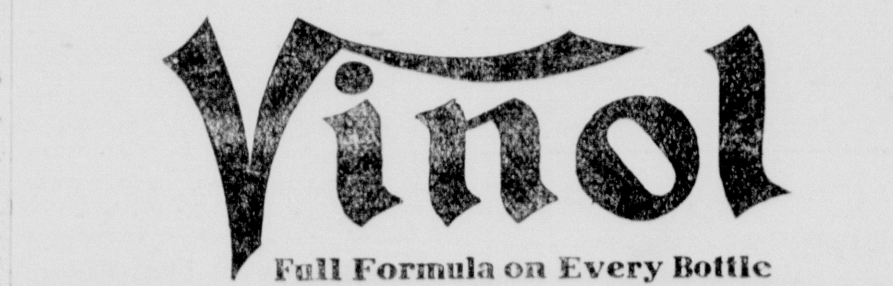

Sleeplessness, nervousness, irritability, headache, dizziness, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

FARM PROPERTY
Home buyers are just about all located for this season, but we are now selling farm lands to investors subject to present lease.

(A) Farm of 107 acres 3 1/2 miles from good railroad town and an elevator and station on the farm. This is fine farming land, tiled, with barn and other out buildings and because the house was recently burned we are permitted to offer this at the special bargain price of \$125 per acre. Rent one-half crop.

(B) Have 44 acres 1 1/2 miles from good R. R. town, rolling pasture land, all in blue grass—fair improvements, for \$125.

(C) Have a fine 40 acre tract of prairie land, all in wheat, and well fenced, and 1/2 mile from town with barn, and the entire property land and all only, \$6600.

For the investor these are real bargains; and while we are on the subject, there are some people that are just waking up to the fact that "Story's Exchange" is a real "Bargain Finder." Sure—the cheaper we can list them, the easier and faster we can sell them. See?

CITY PROPERTY

(D) House of 4 rooms, good sized lot and close in for \$1000. This is a cozy little home.

(E) Two acres, with 10 room house, furnace, barn, chicken house, fruit, etc. Ready made home for \$4500.

(F) On popular paved street, not too far out, a six room cottage with barn for \$2500. Let us show you.
